5:80-2.3 Temporary appointment of Agency representative to perform functions on behalf of housing sponsors

(a) The Agency will exercise its remedies and powers under N.J.S.A. 55:14K-7b(6) only with regard to material violations and only after reasonable notice and reasonable opportunity to correct the violation has been provided to the housing sponsor in accordance with the procedures set forth below.

(b) General areas in which material violations could result in Agency action include:

1. A material violation by the housing sponsor of the terms of any mortgage, mortgage note or regulatory agreement between the Agency and the housing sponsor;
2. A material violation by the housing sponsor of an agreement with the municipality under which it has been granted tax exemption;
3. A material violation by the housing sponsor of the Act or any rules and regulations of the Agency;

4. A determination by the Agency that any loan or advance from the Housing Development Fund pursuant to N.J.S.A. 55:14K-30 is in jeopardy of not being repaid.

(c) Specific material violations of the Act shall include, but are not limited to, the following events, which shall generally be sufficient to give rise to the exercise of remedies under N.J.S.A. 55:14K-7b(6) in accordance with the procedure noted in (e) below. The time periods specified here relate solely to initiating action under N.J.S.A. 55:14K-7b(6) and are in no way intended to waive or supersede any time period specified in any other contract, policy or procedure and all obligations of the housing sponsor and any rights and remedies of the Agency with regard thereto remain unchanged.

1. Violation of a subsidy contract as declared by HUD which is not corrected to HUD's satisfaction within the time frame as established by HUD;

2. Failure to submit final cost certification within seven months of substantial completion of construction;

3. Failure to submit a rent determination and annual operating budget at least 30 days prior to the end of the fiscal year;

4. Failure to submit the name of a qualified management firm at least 30 days prior to the end of an existing contract or 120 days prior to initial occupancy of the project;

5. Failure to submit an accountant engagement agreement at least 30 days prior to the end of the fiscal year and/or failure to submit the certified annual audit within five months after the close of the fiscal year;

6. Three months arrears of debt service;

7. Failure to maintain at required levels any reserve account required by the Agency in conjunction with the operation of the project;

8. Failure to correct a physical condition that jeopardizes the safety of tenants or the public or the integrity of any primary building system;

9. Failure to pay any utility bill after the receipt of written notice indicating that service would be terminated;

10. Failure to pay any lien or judgment, including municipal liens, which could jeopardize the financial viability of the project.

(d) It is the obligation of the Agency to give written notice to a sponsor that a condition exists which is of sufficient gravity to warrant the exercise of remedies under N.J.S.A. 55:14K-7b(6). The Agency will provide written notice of the specific material violation(s) to the sponsor, and may suggest courses of action to correct the violation(s).

(e) The housing sponsor shall take the following corrective actions:

1. Within 15 days of the receipt of the notice described in (d) above, the sponsor shall submit a statement to the Director of Property Management of the Agency setting forth its proposal for curing the violations indicated and a definite time schedule for the corrective actions.
 2. If the sponsor is unable to develop a statement within 15 days, it shall submit a written request for an extension of time to prepare the plan to the Director of Property Management within the 15-day period.
 3. The Director of Property Management may grant extensions of time for up to an additional 30 days for submission of the statement outlining the actions that the sponsor intends to take.
 4. During the time allowed for submission of the statement, the Agency staff shall be available to meet with the sponsor in order to assist in the development of a program of corrective actions. If the sponsor does not submit a proposal, then the Director of Property Management shall propose a corrective plan to the sponsor.
 5. Upon receipt of a proposal from the sponsor, the Director of Property Management may either accept the plan or suggest alternatives or modifications to the plan in writing to the sponsor.
 6. If the sponsor is unwilling to accept the modifications or plan suggested by the Director of Property Management, then the sponsor may request in writing within 10 days that the matter be referred to the Executive Director, or his or her designee, for decision on the plan.
 7. Once the commitments by the sponsor are accepted by the Agency, or an agreement is reached between the Agency and the sponsor, or a decision is made by the Executive Director, the sponsor shall implement the corrective actions within the time period specified in the plan.
- (f) Any violations of or failure to implement the corrective plan shall be subject to the following:
1. The Executive Director shall bring the matter of such failures and a recommendation of remedy to the members of the Agency Board at the next regularly scheduled public meeting that will allow sufficient time for seven days written notice to be provided to the sponsor. The written notice shall advise that the failure to implement or abide by the recommended corrective actions is being brought to the attention of the Agency Board and that suspension of the sponsor may be requested.
 2. The Agency Board shall hear the information provided by the Executive Director along with any information presented by the housing sponsor at a public meeting prior to taking any action pursuant to N.J.S.A. 55:14K-7b(6). The Agency Board may, however, discuss the matter at a session closed to the public if permitted by N.J.S.A. 10:4-1 et seq.
 3. The decision by the Agency Board shall be final, subject only to review by a court of competent jurisdiction.
- (g) Pursuant to the Act, persons appointed to administer the affairs of the project after suspension of the housing sponsor shall only serve for a period coextensive with the duration of the original violation giving rise to the need for the corrections or until the Agency is assured in a manner satisfactory to it that the violation, or violations of a similar nature, will not recur. Upon correction of the violation in a reasonable and satisfactory manner, the housing sponsor may submit a request to the Agency for restoration of control back to the sponsor. The Agency will respond to such request within 30 days. During that period in which the Agency is considering the housing sponsor's request, the term of the persons appointed to administer the affairs of the project will continue.
- (h) The regulations in this subchapter are intended to be in addition to other powers and remedies which the Agency may have at law or by agreement and shall not be deemed to abridge any other rights or remedies of the Agency or the sponsor.
- (i) Upon a vote by the Agency Board that there is an immediate need to take action and a finding that failure to take immediate action could jeopardize the health and safety of tenants at the housing project or cause substantial harm to the financial viability or physical structure of the project, the Agency may waive the regulations set forth above and immediately implement appropriate action.

SUBCHAPTER 3. RETURN ON EQUITY

5:80-3.1 Authority

This subchapter is promulgated pursuant to authority of N.J.S.A. 55:14K-5g and N.J.S.A. 55:14K-7a(6).

5:80-3.2 Housing projects' rate of return

(a) For all eligible loans for housing projects made by the Agency, the rate of return on its investment in the housing project, as determined by the Agency (stated equity), which can be paid or earned by the housing sponsor or its principals or stockholders, shall be determined pursuant to N.J.A.C. 5:80-3.3 and be paid on a cumulative but not compounded basis. This restriction shall apply for the full term of the Agency's loan and shall apply to return on investment earned or received upon construction and rehabilitation of the housing or from the operations of the housing or upon the sale, assignment, or lease of the housing, subject only to the applicable provisions, if any, of the Agency's rules concerning the sale of projects owned by nonprofit sponsors and transfer of ownership interests.

(b) Housing sponsors who have agreed to an annual rate of return of less than eight percent pursuant to the Agency's former governing statute, N.J.S.A. 55:14J-1 et seq. (repealed by P.L. 1983, c. 530), may request a one-time increase in the rate that shall be calculated pursuant to N.J.A.C. 5:80-3.3(f) upon meeting the following criteria:

1. The housing project has funds, including development cost escrows (DCE) or community development escrows (CDE), operating, savings and investment accounts, and all other funds, accounts, and escrows of the project, of an amount equal to three months of operating expenses (for senior citizens projects) or six months of operating expenses (for family projects), which includes debt service and reserve payments of the Agency-approved annual budget in effect at the time of the request and after deducting the following from the amount of available funds:
 - i. Debt service arrearages;
 - ii. Current unpaid invoices;
 - iii. Fully-funded tax, insurance, reserve for repair and replacement and all other escrow accounts except the DCE and CDE;
 - iv. The amount of anticipated or proposed repairs or capital improvements; and
 - v. Any other current obligation of the project.

2. The housing project has been current in all escrow and debt service payments for the three fiscal years prior to the request.
3. The requirements at (b)1 and 2 above need only be met at the time the sponsor seeks approval of the increased rate of return. Once the sponsor qualifies and receives approval of the increased rate of return, future distributions of return on equity shall be governed by the rules at N.J.A.C. 5:80-3.4.

(c) Housing sponsors who meet the criteria in (b) above shall be granted an increase in the annual rate of return subject to the following conditions:

1. The increased rate of return shall be prospective only, which includes the year in which the sponsor applies;
2. Payment of a \$3,500 processing fee;
3. Payments of the increased return on equity shall be subject to this subchapter; and
4. Amendments will be made to the appropriate mortgage documents to reflect the conditions in (c)1 and 3 above.

5:80-3.3 Investment calculation for housing projects

(a) For each eligible loan made by the Agency for a housing project, the Agency shall determine, at the time of initial mortgage closing, the investment made by the housing sponsor. Investment shall include:

1. Actual cash or cash equivalent as determined by the Agency;
2. Professional fees pledged toward approved project cost; and
3. Any grants and/or loans procured by the Sponsor to the extent they are applied to Agency approved project costs and to the extent they are not repayable from project funds.

(b) Any additional cash contributions made by the housing sponsor subsequent to initial closing shall also be considered investment, if such contributions were used for project costs approved by the Agency.

(c) Increases in project value, as determined by an Agency approved appraisal, may also be recognized as part of the housing sponsor's investment; however, no request for a determination of increase in project value or rate of return shall be made or recognized for a HUD Section 8 project with a valid Housing Assistance Payment contract or if another superseding program or restriction is in effect that prohibits such an increase.

1. The following conditions must be met before an increase in project value may be recognized by the Agency, and the sponsor must satisfy the conditions required for distribution of return on investment as described in N.J.A.C. 5:80-3.4:
 - i. The housing sponsor shall submit to the Agency a written request for a determination of increased project value, and shall submit with its request payment for the new appraisal; and
 - ii. The project must not be in default in any of its obligations under the Agency's mortgage loan documents, must have fully funded escrows, and an operating reserve of three months of operating expenses (for senior citizen projects) or six months of operating expenses (for family projects), as applicable, which includes debt service and reserve payments, and shall post the reserve prior to taking any increased return on equity. The operating expenses shall be calculated based on the most recent Agency-approved annual budget. The reserve shall remain at the Agency until the expiration of the original

mortgage term. If the operating reserve is used, the value of the equity base prior to the recognized increase in value shall be reinstated until the operating reserve is again fully funded. The determination of a fully-funded operating account after its initial establishment shall be based on the Agency-approved budget in effect at the then-current time.

2. Upon satisfaction of (c)1i and ii above, the Agency will order the appraisal. Upon receipt and approval of the new appraisal, the Agency may recognize an increase in project value and determine the new equity base as the new appraised value minus all existing debt on the project.

3. Any determination of an increase in investment shall be prospective only, which includes the year in which the housing sponsor applies.

(d) The housing sponsor shall be entitled to return on its investment at rates established in accordance with (e) or (f) below. It shall earn a return on any cash portion of its investment from the date it is actually contributed and on the non-cash portion of its investment from the date it is used toward approved project costs.

(e) For housing projects that receive a loan from the Agency under the New Jersey Urban Multi-family Production Program, the rate of return on investment may not exceed 12 percent.

(f) The Agency shall fix, at the time of the closing of the loan, the rate of return that may be earned or received by the housing sponsor on its investment on a cumulative but not compounded annual basis from the development, operation, sale, assignment or lease of the housing project according to the following schedule:

1. The Base Rate to be used in calculating the return on investment pursuant to (c)2 through 6 below shall be equal to the rate being paid on 30-year treasury bonds at the time of the mortgage closing. This Base Rate will be determined by the Agency in its sole discretion using any reasonable source of information;

2. For units occupied by individuals or families who at the time of occupancy have a household income that is less than 50 percent of the median income for the area in which the project is located, the annual rate of return on investment may not exceed the then applicable Base Rate plus six percent;

3. For units occupied by families or individuals who at the time of occupancy had a total household income of less than 80 percent of the median income for the area, the annual rate of return on investment may not exceed the Base Rate plus four percent;

4. For all other units financed by the Agency, the annual rate of return on investment may not exceed the Base Rate plus two percent;

5. For developments that have a mix of units serving populations with an assortment of income ranges, the Agency shall determine the limit on the rate of return that may be earned by the housing sponsor by pro-rating the rate of return based upon the number of units devoted to the various income levels;

6. If the Agency determines that as a result of restrictions on development costs, rents or other factors, that the actual amount of return on equity which can be paid in any year will be significantly below that allowed by the Agency pursuant to 2 through 5 above, the Agency may set a return on equity limit which may be paid or earned on an annual, cumulative but not compounded basis, not to exceed the base rate plus 10 percent.

(g) For assisted living residences (ALRs) that receive a loan from the Agency, the housing sponsor may receive a return on investment annually as follows:

1. The first 20 percent annual return on investment;

2. When an ALR realizes a greater than 20 percent annual return on investment in any given year, a special service subsidy fund shall be established and held by the Agency in which the next 10 percent or any part thereof above the first 20 percent return on investment shall be placed for the sole purpose of subsidizing rent and services to the low and/or moderate income residents of the ALR who may need assistance;

3. The housing sponsor may receive any and all annual return on investment that is greater than 30 percent for that calendar year in which it is earned.

5:80-3.4 Conditions required for distribution

(a) The following conditions must be met before a return on investment will be authorized by the Agency:

1. A final mortgage closing must be held, unless a waiver is granted in accordance with (b) below;

2. The project must be current in all financial obligations, including debt service, repair and replacement reserve and tax and insurance escrows. For purposes of this paragraph, project reserve accounts shall be considered current if they are funded to an acceptable level, as determined by the Agency, in accordance with the Agency's funding schedule;

3. Compliance with all repairs required by the Agency based upon the Agency's most recent physical inspection report;

4. All required reports and statements must be submitted by the housing sponsor;

5. Surplus cash must be available at the time of the request; and

6. The housing sponsor must use forms as required by the Agency when requesting a return on investment.

(b) The requirement of a final mortgage closing prior to receiving a return on investment may be waived by the Executive Director if it is determined that the closing is being delayed due to circumstances beyond the control of the housing sponsor (for example, construction litigation). In addition to the need for such a determination, in order to have such requirement waived, the housing sponsor must complete the following to the satisfaction of the Executive Director:

1. Submission of Development Cost Certification.
2. Submission of Bank Statements on the Construction Loan Account.
3. Execution of a Memorandum of Understanding setting forth agreement as to the final mortgage amount including any funds necessary for final construction payment and any additional development costs that are approved by the Agency; and agreement, if applicable, regarding a reduction in the original mortgage loan amount.

(c) In addition to the conditions listed in (a) above, the following conditions shall be met by assisted living residences (ALRs) before return on investment shall be approved by the Agency and disbursed to the housing sponsor:

1. The ALR shall have a sustaining occupancy for two full consecutive years; and
2. The ALR shall have an operating reserve fund with 75 days' worth of operating expenses, including expenses of tenants' meals and basic services.

5:80-5.2 General policy

(a) To be effective, all proposed changes in ownership interests of an Agency-financed housing project must receive the prior review and written approval of the Executive Director.

(b) The prior specific review and approval of the Agency members is required if a proposed change involves a general partner, or shareholder with more than a 10 percent interest, or where the change involves a transfer of control of the housing sponsor.

(c) Changes in ownership processed under these rules shall not result in a modification of the statutory, regulatory or contractual requirements governing the housing sponsor and housing project except as may be provided in cases of prepayment pursuant to N.J.A.C. 5:80-5.10.

(d) The Agency is under no obligation to approve the transfer or resale, unless the proposed buyer has the financial sufficiency, organizational capabilities, background and previous housing experience that will help ensure that the buyer will be capable of operating the project.

1. Changes or transfers that are fully encompassed by the separate regulations involving nonprofit conversions (N.J.A.C. 5:80-6). The conversion regulation shall be applicable to transfers involving conversions unless the Agency determines that such treatment would jeopardize the viability of the housing project, in which case the Agency, in its discretion, may apply these regulations to such conversion. In the event, however, of any conflict or inconsistency between the provisions of these regulations and N.J.A.C. 5:80-6 as it applies to such conversion, the provisions of N.J.A.C. 5:80-6 shall control;

2. Changes or transfers that represent the first sale of partnership or shareholder interests in order to provide syndication proceeds on nonprofit conversions, provided

such sale occurs within nine months of the conversion closing;

3. Changes or transfers for projects that had profit motivated ownership status at initial mortgage closing and where such changes or transfers occur within three months of the Agency's recognition of completion of construction or rehabilitation of the project for projects receiving both construction and permanent financing or within three months following the mortgage closing for projects receiving permanent financing only;

4. In the case of proposed changes or transfers of ownership of assisted living residences (ALRs), if any provision(s) of this chapter are in conflict with any provision(s) of N.J.A.C. 8:36 the provision(s) of N.J.A.C. 8:36 shall govern.

5:80-5.4 Procedure

(a) The seller must initially submit to the Executive Director a written request for approval of any proposed change in ownership. The request must contain a detailed description of the terms of sale or other ownership changes and a statement of the reasons for the proposed sale. The seller must also identify in detail and in a written report, the present physical, financial, management and tenant needs of the housing project. The Agency will review this report for completeness and accuracy, may require additional information or revisions to the report and may conduct its own review of the housing project's condition and operation.

(b) All essential parties within the seller's organization documents must approve the transfer or sale. An affidavit and opinion of the seller's legal counsel must be submitted to the Agency as proof of the legality of the transfer pursuant to the seller's Partnership Agreement or any other document and all applicable laws and regulations. An opinion of the buyer's legal counsel may also be requested by the Agency.

(c) In selecting the prospective buyer, the seller may solicit as many proposals as it deems necessary. Bidding is not required. The seller may negotiate among prospective buyers to obtain the best financial package/offer. Full and complete disclosure as to the nature and amount of the transaction must be made in writing to the Agency.

(d) As a condition of approving the transfer, the Agency will require that the housing project be restored to sound physical condition in accordance with the report submitted by the seller and the independent review by the Agency. Deferred maintenance must be corrected at the time of transfer unless otherwise approved by the Agency. Necessary repairs and capital improvements must be completed within a time frame acceptable to the Agency. A schedule for performing the work and a letter of credit or bond in the amount needed to complete the work must be provided to the Agency at closing.

(e) Cash contributions must be sufficient to fund both immediate and anticipated reserve needs. The mortgage and all fees and charges due the Agency must be current at the time of closing. All housing project reserve accounts must be funded to an acceptable level, as determined by the Agency, within 12 months from the date of transfer in accordance with the Agency's repair and replacement funding schedule.

(f) Contributions toward the purchase price from any sources other than cash proceeds must be identified.

(g) Upon assignment and assumption of the Agency's mortgage, modifications shall be made to the mortgage clearly specifying the Agency's right to enforce these regulations.

Amended by R.2005 d.219, effective July 5, 2005.

5:80-5.5 Scope of review

(a) The scope of the Agency's review of transfer depends on the nature of the interest to be transferred. A transfer of 90 percent or more of the ownership interest requires full review. Full review is also required in the following instances.

2. Any conveyance or attempted conveyance by land contract;
3. Transfer of 90 percent or more of the interest in the partnership/owner within a five year period;
4. A change in general partners or management control of the owner.

(a) Secondary financing, representing a portion of the purchase price may be permitted by the Agency. However, the following limitations exist where secondary financing is an element of the transaction:

1. The Agency will review and may restrict all secondary financing particularly where the secondary financing is secured by a lien on the project;
2. Repayment of secondary financing cannot be taken into consideration in determining the rents to be charged tenants;
3. The second mortgage, security agreement, or any other debt instrument must be subordinate to any existing mortgage of the Agency;

(b) The seller shall be limited to a cumulative, but not compounded, return on its equity, from project operations or sale, at the rate of return as determined by N.J.A.C. 5:80-3 and set forth in the mortgage and other contractual documents between the seller and Agency.

1. Upon sale or other disposition of the project or any interest therein, the seller shall be entitled to a return of its equity in the project and any accrued but undistributed return on its equity. Such return shall be conditioned upon the Agency's mortgage and any other supplemental project financing from the Agency or other governmental agency or department being assumed by the buyer, and further conditioned upon the making of any required project repairs or improvements, pursuant to N.J.A.C. 5:80-5.4(d), and the payment of all amounts due the Agency and the funding of reserves pursuant to N.J.A.C. 5:80-5.4(e). The seller shall not be entitled to or paid any return until such conditions have been met. The seller's equity in the project shall be determined in accordance with N.J.A.C. 5:80-3.3(a).

2. Upon sale or other disposition of the project or any interest therein, the seller is not entitled to and may not retain or be paid any more than its equity in the project plus any accrued but undistributed return on its equity. Any amounts realized in excess of the aforementioned amounts less the total of the amounts listed below shall be paid into the Multi-family Rental Investment Program:

The funds deposited into this program shall be used for the purpose of providing loans to rental projects meeting low and moderate income needs.

4. In cases where the sale or other disposition of the project includes a permitted prepayment of the Agency mortgage, return on equity shall be governed by the provisions of N.J.A.C. 5:80-5.10(b).

2. The seller shall pay to the Agency, as a processing fee, an amount as determined by the Agency, to reimburse the Agency for its administrative cost in processing the seller's request to transfer ownership of the project or any interest therein.

3. Any outstanding supplemental financing must be paid at closing, unless the Agency determines the financial viability of the project is not jeopardized by the continuation of such supplemental financing and the buyer assumes all supplemental financing.

(b) The Portfolio Reserve Account is a fund previously established by the Agency to provide support for any project financed by the Agency that is in need of financial assistance. The source of such fund was previously codified at (a)1 above, which was deleted effective July 2, 2018. The Portfolio Reserve Account, and any interest or investment income earned thereon, may be used, at the Agency's discretion, to fund debt service arrears and other operating deficits, capital improvements, and repairs of any project that cannot fund these items from normal project income. The Portfolio Reserve Account enables the Agency to assist projects in maintaining physical and fiscal viability, so as to preserve the housing units at rents that are affordable to low- and moderate-income families. Eligibility for assistance from the Portfolio Reserve Account shall be subject to the terms and conditions as determined by the Agency.

Case Notes

Regulation limiting profits on project financed by state Housing and Mortgage Finance Agency was invalid. *Lower Main Street Associates v. New Jersey Housing and Mortg. Finance Agency*, 114 N.J. 226, 553 A.2d 798 (1989).

Regulation imposing fees on sellers was invalid. *Lower Main Street Associates v. New Jersey Housing and Mortg. Finance Agency*, 114 N.J. 226, 553 A.2d 798 (1989).

Prepayment regulations do not violate the terms of the N.J. Housing and Mortgage Finance Agency, are statutorily authorized, and do not violate plaintiff's constitutional rights; regulation imposing closing fees is unreasonable and thus invalid. *Lower Main Street Assoc. v. N.J. Housing and Mortgage Finance Agency*, 219 N.J. Super. 263, 530 A.2d 324 (App.Div. 1987) affirmed in part, reversed in part 114 N.J. 226, 553 A.2d 798.

5:80-5.10 Prepayment

(a) Prepayment of the mortgage loan made by the Agency is prohibited, except as permitted in (b) below.

(b) Prepayment of the Agency mortgage loan will be permitted, with the prior written approval of the Agency's Executive Director, Deputy Executive Director, Chief Financial Officer, or Chief of Legal and Regulatory Affairs, provided all of the following conditions are met:

1. Sponsors of projects may prepay the mortgage at any time following the 15-year period following the date of the mortgage closing. However, any such prepayment shall be conditioned upon the housing sponsor's agreement that: the Agency policies on tax, insurance, and repair and replacement reserves; the provisions of N.J.S.A. 55:14K-7b; and the statutory provisions at N.J.S.A. 55:14K-1 et seq., and the corresponding rules under this chapter regarding tenant income eligibility, tenant selection, rent increases, certification/recertification of income, affirmative fair housing marketing, transfer of ownership interests, and return on equity (except as modified by (b)7 below) shall continue to be applicable in their entirety to the sponsor, project and tenants residing therein until the original expiration date of the original mortgage loan. Such prepayment shall also be conditioned upon the agreement of the sponsor to pay the servicing fees and charges currently being paid by the sponsor under the mortgage documents, through the remainder of the original mortgage term, in order to cover the administrative costs of the Agency in monitoring the statutory and regulatory controls that will continue to apply to the project. The Agency may require housing sponsors to execute a deed restriction or other appropriate agreement upon prepayment whereby the sponsor acknowledges the continuing statutory and regulatory control of the Agency and its obligation to pay fees and charges determined by the Agency.

2. Any repairs or improvements pursuant to N.J.A.C. 5:80-5.4(d) must be made prior to prepayment or an amount sufficient to fund such repairs or improvements must be paid into an Agency-controlled escrow account or

Agency-approved construction funding account upon prepayment.

3. All fees and charges due the Agency must be paid prior to prepayment.

4. All supplemental financing on the project provided by the Agency or other State agency must be prepaid, unless prohibited by the terms of that supplemental financing or by (c) below or any other applicable law or regulation.

5. After prepayment, in implementing the provisions of N.J.S.A. 55:14K-7.b, the Agency will require the following:

- i. Submission of an annual budget;
- ii. Submission of annual audited financial statements;
- iii. Annual physical inspections conducted by the Agency.

6. The Agency reserves the right to implement any of the additional provisions of N.J.S.A. 55:14K-7b, if determined by the Agency to be needed to preserve the financial viability of the project or its status as a low-and moderate-income project, to maintain the physical condition of the project or to help ensure the safety and well-being of the tenants residing at the project.

7. After prepayment, return on equity rules at N.J.A.C. 5:80-3 shall continue until the expiration of the original mortgage term or until the owner funds an operating reserve account, whichever is sooner. Upon funding of an operating reserve account, return on equity rules shall terminate. The operating reserve shall be equal to three months of operating expenses (for senior citizen projects) or six months of operating expenses (for family projects), which includes debt service and reserve payments. The three/six months of operating expenses shall be calculated based on the Agency-approved annual budget. Once established, interest earned on a fully-funded operating reserve account may be withdrawn by the owner upon written request to and verification by the Agency that the account is fully-funded. If the operating reserve is thereafter used, return on equity rules shall be reinstated until the operating reserve is again fully-funded. The determination of a fully-funded operating account after its initial establishment shall be based on the Agency-approved budget in effect at the time the project first established the operating reserve account.

8. Additional mortgage financing placed on the project upon prepayment, or otherwise during the Agency's continued statutory and regulatory oversight period pursuant to (b)1 above, shall be subject to Agency staff's prior determination of continued project financial feasibility throughout the remainder of such period.

(c) Notwithstanding (b) above, prepayment shall not be approved or permitted in cases that would:

1. Cause the Agency to be in default under its obligations to the bondholders of the bonds issued to finance the project;

2. Jeopardize the continuing tax exempt status of the bonds; or

3. Reduce or terminate subsidies to the project such as HUD Section 8 or Section 236, unless a reduction or termination is imposed by HUD or other issuing authority and results in a renewal of the subsidy or in a new subsidy to the project that will be sufficient to maintain the financial viability of the project through the end of the original mortgage term.

(d) Upon prepayment of the Agency mortgage as provided in (b) above, the Agency will endorse the mortgage for cancellation so the Sponsor may cancel it of record. In addition, upon prepayment, the statutory and regulatory controls of the Agency at N.J.S.A. 55:14K-1 et seq. and this chapter shall terminate for the Housing Sponsor and project, except for those preserved by (b)1 above. The termination of the Agency's statutory and regulatory controls shall not affect the requirements, restrictions and obligations of Housing Sponsors as mandated by N.J.S.A. 55:16-1 et seq. or any other applicable statute under which the corporate entity of the Housing Sponsor was created.

(e) The provisions of this section regarding prepayment shall not apply to projects financed under the Agency's New Jersey Urban Multi-Family Production Program (JUMPP).

(f) The provisions of this section that impose conditions on prepayment regarding Agency policies on the insurance and repair and replacement reserves, the provisions of N.J.S.A. 55:14K-7b, and the regulations on transfer of ownership interests and return on equity shall not be applicable to projects financed between October 15, 1990 and January 17, 1995.

(g) All prepayment requests shall be accompanied by a non-refundable processing fee of \$5,000 payable to the Agency, except that such prepayment processing fee shall not be applicable where the prepayment is to occur simultaneously with a transfer of ownership necessitating a full review as set forth in this subchapter.

5:80-6.5 Use of funds with regard to projects subsidized under Section 236 Interest Reduction Program

(a) This section is promulgated to recognize the essential difference between the Section 236 and Section 8 Programs. In projects subsidized through interest reductions, tenants must bear the full responsibility for all other operating costs. Accordingly, after certain required payments, all proceeds of the sales of Section 236 projects were primarily pledged to easing the burden on the tenants by subsidizing repair and maintenance or operating costs. If, however, the housing sponsor of a Section 236 project can demonstrate that the project is in sound physical and financial condition and will likely remain so for the foreseeable future, a portion of the proceeds or investment income on the proceeds may be deposited into a CDE.

(b) The income and principal of a Project Subsidy Reserve may be utilized in the following manner:

1. First to pay any existing operating deficits, including debt service arrearages, of the project;

2. To fund any capital improvements or repairs that are required for the viable operation of the project and cannot be funded out of other reserves at the project;

3. To provide an additional source of operating revenue to assist in financing the normal operations of the project, including debt service, so that future rent increases can be moderated or so that rents may be maintained, to the extent feasible, at a level that is appropriate to the tenant population for which the development is intended;

4. After the project sponsor has demonstrated to the satisfaction of the Agency, based on information required under (b)4i through iv below, that the funds in the PSR are not required for any of the purposes listed in (b)1, 2, or 3 above and will not be so required for the foreseeable future and after payment of the annual administrative fee to the Agency has been funded, a portion of these funds or the investment income thereon may, at the request of the sponsor, be deposited into a CDE. If such a request is made, the

project sponsor shall submit, and the Agency shall consider, the following information:

i. Operating revenue and expense projections for the project for the next five years;

ii. The rents expected to be charged at the project assuming reasonable annual increases for five years;

iii. The rents charged and expected to be charged at comparable projects; and

iv. The effect of the requested action on (b)4i and ii above.

5:80-6.6 Investment income earned on the PSR, DCE, and CDE

(a) After payment of the annual administrative fee specified in N.J.A.C. 5:80-6.3 has been funded, the investment income earned on the DCE and CDE may be used:

1. To fund current operating deficits and/or arrearages, including debt service arrearages, of the project;

2. To pay the partners a return on equity to the extent allowed by law and to the extent not paid from operating revenues of the project, but only if there are no operating deficits or arrearages at the project; and

3. In accordance with the designated uses of the accounts or for other purposes requested by the project sponsor and approved by the Agency.

(b) After funding the uses described in N.J.A.C. 5:80-6.5(b)1, 2, and 3 and the annual administrative fee specified in N.J.A.C. 5:80-6.3, the investment income on the PSR may be utilized in the manner set forth in (a) above.

5:80-6.7 Use of DCE and CDE for development of housing

(a) In addition to the uses permitted under N.J.A.C. 5:80-6.4, 6.5, and 6.6, housing sponsors, or the authorized entity within the housing sponsor's organizational structure with financial control over the DCE and/or CDE accounts, may, with Agency approval, use DCE and CDE funds, and interest thereon, for the development, operation, maintenance, construction, rehabilitation, or improvement of or investment in additional housing within the State. DCE and CDE funds may only be used for such purposes if the Agency determines that DCE and CDE funds are not needed to ensure the financial viability or physical structure of the project. This includes, but is not limited to, a finding by the Agency that the project has surplus cash and that DCE and CDE funds are not needed for providing an additional source of operating revenue to assist in financing any other aspect of the current or future operations of the project.

(b) Housing sponsors, or the authorized entity within the housing sponsor's organizational structure with financial control over the DCE and/or CDE accounts, may use DCE and CDE funds as specified in (a) above or may deposit DCE and CDE funds with the Agency to be used by the Agency itself or by the Agency in conjunction with other developers for the purposes and under the conditions outlined in (a) above.

5:80-7.2 General policy

(a) It is the policy of the Agency that housing sponsors, owners, and managing agents adhere to all Federal, State, and local fair housing laws in selecting responsible tenants, while minimizing unit vacancies to maintain adequate cash flow. Additionally, it is the policy of the Agency that housing sponsors, owners, and managing agents endeavor to promote fair and equal treatment in housing and take into account historic disparities in housing based on race, national origin, disability, and other protected characteristics when screening applicants and selecting future residents.

(b) Failure to exercise due care in the selection process can have costly consequences. Each owner is responsible for selecting responsible, eligible tenants, while taking particular care to avoid any practices that may directly or indirectly perpetuate discrimination or reduce housing opportunities for underserved, low-income, or minority populations. To avoid such problems, each owner must develop and maintain reasonable, non-discriminatory tenant selection procedures.

(c) The procedures should be designed to select applicants who will not only meet the tenant eligibility requirements for HUD or other subsidy programs but will also be responsible tenants. Project personnel shall be instructed in the procedures, which shall include, but not be limited to:

1. How to screen tenants;
2. Fair Housing and Equal Opportunity laws, in particular which criteria are not permitted pursuant to the New Jersey Law Against Discrimination and the State and Federal Fair Housing Acts. Such instruction should include anti-bias or implicit bias training.
3. Required preferences and economic mixes;
4. Limitations on admission of single persons and over-income applicants; and
5. How to select tenants from among multiple eligible applicants.

(d) All assisted living residences (ALRs) are subject to the New Jersey Department of Health screening requirements as set forth in N.J.A.C. 8:36 and the requirements of the New Jersey Department of Health, Division of Health Facilities Evaluation and Licensing and/or the New Jersey Department of Human Services, Division of Medical Assistance and Health Services.

Rewrote (a), (b), the introductory paragraph of (c), and (c)2; and in (c)5, inserted “multiple”.

5:80-7.3 Screening criteria

(a) Owners are expected to exercise sound judgment in the tenant selection process.

(b) Owners may consider the following factors when screening applicants. These factors are not all inclusive and the absence of any of these factors is not sufficient reason to reject an applicant. Costs of credit checks may be charged as a project expense.

1. Demonstrated ability to pay rent and make timely payment.

2. Comments from prior landlords: Tenants with histories of damaging units may present high risks. The endorsement of a prior landlord is preferable to the judgment of a present landlord. A responsible tenant may receive a bad recommendation just as a disruptive tenant might receive a good recommendation from the present landlord. The present landlord's interests are not always the same as the owner's interests. Prior to a decision on admission being made, applicants shall be given an opportunity to respond to any comments as to their prior or current tenancy, made by prior or current landlords, and produce any documentation bearing on the comments or their responses to them.

3. Credit references: Preference should be made for demonstrated ability to pay rent based on prior rental history, but credit checks may be useful when no rent-paying history is available. However, the lack of a rent-paying or credit history shall not automatically disqualify an applicant. That part of any credit history arising from unpaid medical bills or from student loans incurred in connection with educational institutions that have ceased operations shall not be considered in determining tenant eligibility.

4. Prior exposure to the legal system: Owners often seek information regarding prospective tenants' contacts with the legal system. Tenants may not be rejected solely due to contact with the legal system. Particular care must be taken to avoid rejecting tenants in a manner that results in, or may have the effect of, discriminating against any person because of factors described in the NJLAD or other State or Federal fair housing or civil rights laws.

i. Prior or current involvement in civil actions: Prospective tenants may be involved in civil litigation for any number of reasons that would not affect their desirability as tenants, or which might justify rejection. A tenant may not be rejected solely because he or she has sued or been sued by a prior landlord or has participated in a class action lawsuit against a landlord. An owner may nevertheless inquire about the circumstances and outcome of such a suit. A judgment or verdict in favor of a tenant shall not be grounds to reject a prospective tenant.

ii. Involvement with the criminal justice system: HUD and the New Jersey Division on Civil Rights have

determined that some tenant selection practices that include criminal background checks may have the result of unlawful discrimination because they have a disparate impact based on race or national origin or because they are often used as a pretext for treating prospective tenants differently based on race or national origin. Accordingly, an owner may not reject a tenant's application solely on the grounds that the tenant has had prior contact with the criminal justice system. Owners may nevertheless reject a prospective tenant who has been convicted of serious crimes or felonies, including, but not limited to, crimes of violence, domestic abuse, or the manufacture or distribution of illicit substances, when the rejection of such prospective tenant is necessary to serve a substantial, legitimate, nondiscriminatory interest of the housing provider, such as the protection of any person or property. Owners may also consider the number of prior convictions of other offenses, but shall discount those which are remote in time or may not reasonably represent the prospective tenant's current behavior. For example, an owner may generally reject a tenant who has been convicted of a serious offense or a series of lesser offenses but may not do so if such offenses occurred in the prospective tenant's youth or more than 10 years ago. Owners should conduct an individualized assessment when determining if a prospective tenant is to be rejected based on criminal history and such assessment should take into account the nature and severity of the individual's conviction or convictions; the amount of time that has elapsed since the criminal conduct occurred; the age of the individual at the time of the conduct; the individual's tenant history before and after the conviction or conduct; and any rehabilitation efforts undertaken by the prospective tenant. Convictions for minor offenses, such as disorderly persons or traffic offenses or misdemeanors, particularly if occurring in the prospective tenant's youth or more than 10 years ago, shall not be grounds to reject an otherwise qualified prospective tenant. Arrests not resulting in conviction shall not be considered.

See: 53 N.J.R. 1187(a), 54 N.J.R. 354(a).

5:80-7.4 Non-discrimination

(a) Owners must comply with all Federal, State, or local fair housing and civil rights laws and regulations and with all equal opportunity requirements set forth at N.J.S.A. 55:14K-1 et seq., Agency regulations, and HUD's administrative procedures.

(b) No person shall be discriminated against and no action shall be taken that has the purpose or effect of discriminating against a person because of race, creed, color, national origin, nationality, ancestry, age, sex, familial status (including pregnancy), marital status, domestic partnership or civil union status, affectional or sexual orientation, gender identity or

expression, atypical hereditary cellular or blood trait, genetic characteristic, liability for service in the Armed Forces of the United States, mental or physical disability or perceived disability, AIDS and HIV infection status, source of lawful income or rent subsidy, or any other grounds provided by the NJLAD, including, but not limited to, subsections g. and h. thereof. Additionally, nor shall any person be discriminated against or be subjected to conduct that has the purpose or effect of discriminating because of age in admission to, or continuance of occupancy in, any housing project receiving Agency assistance except for a housing project constructed under a governmental program restricting occupancy to persons 62 years of age or older, or of at least 80 percent of the dwelling units to persons 55 years of age or older and any members of their immediate households or their occupant surviving spouses, or which is designated as Housing for Older Persons as defined at N.J.S.A. 10:5-5(mm), or constructed as a retirement subdivision or retirement community, as defined in the "Retirement Community Full Disclosure Act," N.J.S.A. 45:22A-1 et seq.

(c) Any complaints, whether made by tenants, applicants for tenancy, or received by housing sponsors or managing agents that allege violations of civil rights or fair housing laws, rules, or regulations in the tenant selection process shall be referred to the Agency, to the New Jersey Division on Civil Rights, and to HUD's Regional Offices of Fair Housing and Equal Opportunity for possible compliance actions.

(d) Owners must also comply with requirements imposed in Agency and HUD program statutes, regulations, and administrative procedures.

(e) Owners are subject to all State and Federal civil rights laws and Agency and HUD administrative requirements on non-discrimination. These civil rights laws and administrative requirements apply to the process of accepting applications and selecting tenants from among eligible applicants, as well as to the process of assigning units. Owners shall not place minority tenants in one part of the project and non-minority tenants in another part.

(f) In partially assisted Section 8 projects (that is, those with less than 100 percent of the units under a Section 8 contract), HUD administratively requires that assisted tenants must be dispersed throughout the project. Note: In projects designed for both elderly and non-elderly families, owners may place elderly and non-elderly families in separate areas of the project.

5:80-7.5 Priorities and preferences

(a) Priorities or preferences for admission to otherwise eligible applicants are governed by (b) and (c) below, so long as such priorities and preferences are consistent with State and Federal fair housing and civil rights laws and rules, the own-

er's Affirmative Fair Housing Marketing Plan, and with all the formation and financing documents and regulatory agreements governing the project to the extent that they do not conflict with any applicable fair housing or civil rights laws.

(b) The following applies to applicants who are persons with a disability, displaced persons, and to applicants residing in substandard housing:

1. For all units, owners must give preference to applicants who are either living in substandard housing or who are displaced persons.

2. For all units designed specifically for the elderly, owners must give priority to elderly applicants and to applicants who are persons with a disability on an equal basis.

3. For all barrier-free or partially barrier-free units designed specifically for persons with a disability, owners must give first priority to persons with a disability who need the modified design to permit them to operate independently with comparative ease under normal circumstances. All other persons with a disability, will be given second priority. The elderly will be given third priority.

(c) The following apply to local residency preferences:

1. While owners may not require local residency as a pre-requisite for admission, they may, with Agency and HUD approval, give priority to residents of the municipality in which the project is located.

2. The Agency will approve the use of local residency preferences only if such preferences will not be inconsistent with State and Federal equal opportunity requirements and will not frustrate achievement of the goals of the Affirmative Fair Housing Marketing Plan. For example, if the Agency determines that affirmative marketing goals and objectives cannot reasonably be achieved with a residency preference for all units, the Agency may deny a request for use of residency preferences or approve it for only a portion of the units. Residency preferences may be used during initial rent-up and to fill vacancies occurring subsequent to the rent-up period. Residency preferences shall not be permitted if the application of such preferences will be inconsistent with, or may result in outcomes inconsistent with, the NJLAD or other State or Federal fair housing or civil rights laws, rules, or regulations.

i. When applying residency preferences, persons expected to reside in the municipality as a result of current or planned employment must be counted as residents. "Planned employment" means that an individual has a bona fide offer to work in the municipality.

ii. If there are applicants on the chronological waiting list, the owner may select a resident over a non-resident even if the non-resident is higher on the waiting list or exhibits greater need. However, if there are no eli-

gible residents on the waiting list, an owner cannot hold a unit open until an eligible resident is found.

iii. If certain categories of applicants are targeted on the Affirmative Fair Housing Marketing Plan and if there are insufficient numbers of such applicants who are residents of the municipality, then the owner must solicit those applicants from outside the municipality.

(d) In the case of assisted living residences (ALRs), preferences and priorities may be set according to the New Jersey Medicaid procedures and guidelines or the guidelines of any other insurer that may be paying for the costs of services to the applicant.

(e) A priority or preference shall be given to persons entitled to a priority or preference by any governing law or regulation applicable to projects financed by the Agency.

5:80-7.6 Limitations on admission of over-income tenants

(a) When applicants who are income-eligible and otherwise qualified are available, the owner may not lease any unit to an applicant whose income exceeds the applicable income limit.

(b) The owner may lease such units to over-income applicants only after he or she has exerted a good faith effort to attract income-eligible applicants and such applicants are not available in sufficient numbers to attain full occupancy.

(c) Under no circumstances may an owner lease more than 10 percent of the units to over-income applicants without the prior written approval of the Agency.

(d) At Below Market Interest Rate, rent supplement, or Section 236 projects, an owner must also obtain the prior written approval of HUD or the Contract Administrator.

(e) At Section 8 projects, an owner must also obtain prior written HUD approval, except in projects where the Section 8 Contract allows up to 20 percent over-income tenancies.

(f) Before admitting any over-income applicant in accordance with these regulations, the owner must certify in writing that:

1. He or she has made all assisted units available for occupancy by eligible families;
2. He or she has taken all reasonable steps to attract income-eligible applicants;
3. No qualified income-eligible applicant was available or, as applicable, an insufficient number of qualified income-eligible applicants was available to attain full occu-

pancy when the over-income applicant was selected for admission.

(g) The owner must retain this certification in the over-income tenant's file.

(h) If an owner fails to comply with the provisions of this section, the Agency may invoke any remedies available pursuant to N.J.S.A. 55:14K-1 et seq., or Agency regulations. In addition, the Housing Assistance Payments (HAP) contract and/or Section 8 regulations provide that HUD may reduce the number of units under the HAP contract, invoke other remedies available under the contract, or consider such failure as grounds for suspension or debarment from HUD programs.

(i) In the case of assisted living residences (ALRs), where the owner has made a good faith effort to attract income-eligible applicants as provided at (b) above but there is no qualified income-eligible applicant available, an ALR owner may be permitted to rent an income-restricted unit to an over-income applicant, provided that:

1. The ALR adheres to the provisions of (a), (c), (f) and (g) above; and
2. The ALR rents the next available non-restricted ALR unit to the next qualified income-eligible applicant who applies.

(j) Notwithstanding (a) through (i) above, owners shall not lease units to over-income tenants if doing so will, or may, result in a violation of any laws, rules, regulations, governing documents, or regulatory agreements applicable to the project, including those associated with any funding or financing sources or with any agreement providing for an abatement of taxes. Further, no unit shall be leased to an over-income tenant if doing so will or may result in discrimination or differential treatment inconsistent with the NJLAD or other applicable State or Federal laws, rules, or regulations relating to civil rights or fair housing.

5:80-7.7 Nonimmigrant alien students

(a) Section 214 of the Housing and Community Development Act of 1980, 42 U.S.C. § 1436a, prohibits HUD from making housing assistance available to nonimmigrant alien students.

(b) A nonimmigrant alien student is a person who:

1. Has a foreign residence which he or she has no intention of abandoning;
2. Is a bona fide student qualified to pursue a full course of study; and
3. Is admitted to the United States temporarily and solely for purposes of pursuing such a course of study at an established institution of learning or other recognized place of study in the United States, particularly designated by him or her and approved by the Attorney General of the United States after consultation with the Department of Education of the United States.

(c) Nonimmigrant alien student also includes the alien spouse and minor children of such alien, if accompanying such alien or following to join him or her.

(d) If an applicant identifies himself or herself or his or her spouse as a student, the owner must request proof of United States citizenship or ask the applicant to sign a statement certifying that he or she is not a nonimmigrant alien student as a condition of acceptance for residency. An example certification form is appended as Exhibit A; the precise terms of such certification may vary in accordance with changes or amendments in applicable laws, rules, or regulations.

5:80-7.8 Prohibited conditions for admission

(a) In screening applicants for admission, owners may not impose irrelevant admissions criteria to screen out otherwise eligible applicants.

(b) Physical examinations: Owners may not routinely require that all elderly applicants undergo physical examinations as a condition of admission. However, if the owner has reason to believe that the applicant's physical condition is such that his or her admission might have an adverse impact on the rights of other tenants to enjoy their units, or that he or she might not be able to care for the unit and carry out his or her obligations under the lease, the owner may require the applicant to furnish evidence of his or her ability to live independently (with or without attendant care). In the case of assisted living residences, screening of applicants' physical or medical conditions shall be conducted in accordance with N.J.A.C. 8:36.

(c) Donations or contributions: Owners of rental projects may not require a donation, contribution, or membership fee as a condition of admission. However, owners of cooperative housing projects may charge membership fees.

Annual rental or carrying charges shall include the value or cost of heat, light, water, sewerage, parking facilities and cooking fuel that are provided to or incurred by the family in connection with its occupancy of a dwelling. 5:80-8.3 Occupancy requirements for housing projects

(a) For housing projects financed by the Agency with the proceeds of bonds where the interest is exempt from Federal taxation, and where the project must contain a certain number of units to be occupied by individuals of specified income levels pursuant to section 142(d)(1) of the Internal Revenue Code (Code), at all times during the qualified project period as defined in section 142(d)(2)(A) of the Code, at least 20 percent of the residential units shall be occupied by individuals whose income is 50 percent or less of area median gross income or at least 40 percent of the residential units shall be occupied by individuals whose income is 60 percent or less of area median gross income (the "income-restricted units"). In allocating the units in a project which is to contain income-restricted units, the Agency may require the distribution of such units among the different sized units to reflect the same percentage distribution as the number of different sized units bears to the total number of units. A greater percentage of the income-restricted units may, however, be allocated to the larger units. Additionally, income-restricted units shall be distributed throughout the project such that the tenants of such units will have equal access to and enjoyment of all common facilities of the project. If there are changes in Federal law or in the Code or regulations with regard to the above-referenced matter, the Agency may adjust the above requirements accordingly.

(b) In assisted living residences financed by the Agency with the proceeds of Agency bonds where the interest on the bonds is exempt from Federal taxation, either not less than 20 percent of the units shall be occupied by individuals whose income is 50 percent or less of area median gross income, or not less than 40 percent of the units shall be occupied by persons whose income is 60 percent or less of area median gross income, at all times during the qualified project period as defined in section 142(d)(2)(A) of the Code (the "income-restricted units"). All ALRs shall reserve 10 percent of the income-restricted units for occupancy by persons whose monthly income does not exceed 300 percent of the monthly Federal Supplemental Security Income (SSI) benefit amount

(which amount is determined and published annually by the Social Security Administration), unless such 10-percent utilization requirement is waived or reduced for the applicable region of the State or Statewide by the New Jersey Commissioner of Health (Commissioner) pursuant to N.J.S.A. 26:2H-12.17 or any successor statute. Income-restricted units shall be distributed throughout the project such that the residents of such units shall have equal access to and enjoyment of all common areas of the project.

(c) For assisted living residences financed by the Agency with the proceeds of bonds where the interest is not exempt from Federal taxation, 20 percent of the units shall be set aside for persons whose incomes are 80 percent or less of the area median income. Ten percent of the 20 percent of the units set aside shall be reserved for persons whose monthly income does not exceed 300 percent of the monthly Federal Supplemental Security Income (SSI) benefit amount (which amount is determined and published annually by the Social Security Administration) unless such 10-percent utilization requirement is waived or reduced for the applicable region of the State or Statewide by the Commissioner pursuant to N.J.S.A. 26:2H-12.17 or any successor statute.

5:80-8.4 Special Multiple Family Units within housing projects located in municipalities affected by casino gaming

(a) Special Multiple Family Units may be approved and designated by the Agency in accordance with this Section on application by the Housing Sponsor where the Agency determines the municipality wherein the project is located is experiencing housing shortages as a result of the authorization of casino gaming.

(b) A Special Multiple Family Unit is a dwelling unit specifically designed to accommodate two or more families as defined in N.J.A.C. 5:80-8.1(c), and which has been so certified by the Agency after adequately meeting the following minimum criteria:

1. The dwelling unit has separate sleeping areas, each with adequate privacy, for each family; and

2. The dwelling unit has separate full bathrooms, each with adequate privacy, for each family; and

3. The rental of the dwelling unit complies with all relevant State and local occupancy laws.

(c) For purposes of determining income eligibility for admission into a Special Multiple Family Unit, the gross aggregate family income of each family is to be considered separate and apart from the gross aggregate family income of the other family or families occupying the unit. The full rental and carrying charges of the unit are to be used in determining each family's eligibility for admission, notwithstanding each family's planned or actual percentage contribution toward those charges, provided there is a written consent in the lease holding each family jointly and severally liable for these charges.

(d) A single family is deemed to exist among two or more individuals if those individuals have a joint personal economic relationship, other than their mutual interest in renting the same dwelling unit. Joint ownership of personal assets, commingling of personal accounts, economic dependency among the individuals, and/or the joint filing of income tax returns shall be evidence of a joint personal economic relationship.

(e) The rental of units to families must be consistent with Federal housing and tax laws and/or regulations, where such laws or regulations apply to government-financed developments or Agency tax-exempt bond financing of such developments.

(f) The rental of Special Multiple Family Units, irrespective of the income levels of tenants therein, shall not be considered the rental of units to low and moderate income families for purposes of meeting Federal and State requirements to provide a certain percentage of units for those of low and moderate income, pursuant to N.J.A.C. 5:80-8.3.

SUBCHAPTER 9. RENTS

5:80-9.1 Purpose

It is the express purpose of the following regulations to promote the statutory functions and obligations of the Agency by ensuring that the rents and/or carrying charges applied in housing projects are sufficient to pay normal operating, maintenance and utility costs; provide an adequate rate of return to individuals or corporations that provide capital to assist in the development of housing projects; provide debt service payments adequate to protect the financial interest of the Agency and its bondholders; provide reserves for repair and replacement; and ensure adequate, safe and sanitary housing for the low and moderate income families that the Agency was created to serve.

Case Notes

5:80-9.2 Applicability

The rules within this subchapter shall apply to all housing projects. In the event the housing project is assisted, directly or indirectly, by HUD or is financed by a loan from the Agency that is insured or guaranteed by the United States, or any agency thereof, the Agency may utilize the rent regulations, requirements, or criteria for such project prescribed, utilized, or required by HUD or such guarantor or insurer. In the event there are any inconsistencies between these rules and the regulations, requirements, or criteria of HUD or other United States agency insuring or guaranteeing the Agency loan, the latter shall prevail. If a housing project contains units that are rent-restricted pursuant to 26 U.S.C. § 42(g), rents with respect to such units are subject to, and may not under any circumstance exceed, any limitations imposed pursuant to the Internal Revenue Code, as well as any limitations imposed pursuant to this subchapter.

Case Notes

Although a multi-family market rental project sought a rent increase of 158%, the ALJ concluded that the project was entitled to a 3% rent increase due to the increase in the consumer price index (CPI) and a 22.4% rent increase to offset operating losses for a total rental increase of 25.4%. The agency's 2% rent increase was lower than the amount needed to offset the CPI increase, which was 2.6%, and the project was entitled to a return on equity for 2017. *Jasontown II Assoc. LP v. N.J. Hous. & Mortg. Fin. Agency*, OAL Docket. No. HFA 10831-18, N.J. AGEN LEXIS 507, Initial Decision (August 23, 2018).

5:80-9.3 Rent determination

(a) At least once each year, each housing sponsor shall make a determination of the rents and/or carrying charges to be applied in the housing project. Hereinafter, the term "rent" shall be construed to include carrying charges and the term "housing sponsor" shall be construed to include a properly authorized representative of the housing sponsor. An annual rent determination shall be made regardless of whether or not a rent increase is being requested.

(b) The rent determination shall be in the form of a resolution or letter from the sponsor.

(a) Housing sponsors desiring to implement a rent increase of an amount greater than three percent of the current rent, or the increase which would be derived by multiplying the current rent by the increase, if any, in the overall Consumer Price Index for New York-Northeastern New Jersey as published by the United States Department of Labor, Bureau of Labor Statistics as of September 30 of the year preceding the year in which the increase is sought to be implemented, whichever is less, or for a project receiving subsidy, assistance, insurance or guarantee by HUD shall submit a rent increase application to the Agency's Director of Property Management. Rents will be adjusted in accordance with the contract without resort to the rules within this subchapter, except that the sponsor shall still be obligated to make the rent determination as required by N.J.A.C. 5:80-9.3.

(c) In housing projects where there is no Housing Assistance Payments contract or other subsidy, assistance, insurance or guarantee from HUD, the sponsor is not required to submit a rent increase application for an annual rent increase for an amount not greater than the lesser of:

(b) Upon verification of the completeness, accuracy and validity of the rent increase application pursuant to its review under N.J.A.C. 5:80-9.7, the Agency will forward the rent increase application to HUD for final action. The Agency will notify the housing sponsor of HUD's final decision.

5:80-9.9 Increases approved by Agency

(a) If the rents are not subject to review and approval by HUD nor subject to automatic annual adjustments pursuant to a valid Housing Assistance Payments contract, then the Executive Director may make or approve a rent increase without a hearing as long as the resulting rents do not exceed the rents in effect for the same units in the housing project at any time in the previous 12 months by more than the combined percentage of paragraphs 1 and 2 below:

1. The percentage increase in the Consumer Price Index for rent and utilities for the most recently preceding 12 month period for which information has been published by the United States Department of Labor; plus

2. Either of:

i. The percentage, up to a maximum of 12 percent annually, needed to fund operating deficits, debt service arrears or reserves for repair and replacement incurred at the housing project during the preceding 12 months, provided that no part of the rent increase includes an amount allocated toward providing a return on equity to the sponsor; or

ii. The percentage, up to a maximum of six percent annually, needed to offset an inability to provide a return on equity and to offset operating deficits, debt service arrears or reserves for repair and replacement delinquencies incurred during the preceding 12 months, if all or a portion of the requested increase is intended to pay return on equity.

(b) For housing projects receiving subsidies under the New Jersey Urban Multi-Family Production Program (JUMPP), the Agency shall consider the amount by which the JUMPP subsidy decreases annually, as well as any operating deficits existing after distribution of the annual JUMPP subsidy, in determining the amount of rent increase needed pursuant to (a) above.

(c) The Agency shall provide the housing sponsor with a copy of its calculations done pursuant to (a) above.

5:80-9.10 Resetting of rent upon unit vacancy

(a) Notwithstanding the provisions of this subchapter, and subject to any more restrictive Federal or State laws or monthly fee limits for ALR units under N.J.A.C. 5:80-9.14, the rent for an individual affordability-restricted unit may be reset up to the maximum amount for such unit upon the vacancy thereof where the tenant has died or voluntarily vacated, abandoned, or been legally evicted from the unit.

1. In determining the maximum rent, the calculation shall be based upon the applicable maximum allowable income assuming residence by 1.5 persons per bedroom and the payment of no more than 30 percent of the maximum allowable income for rent.

2. The maximum rent for any affordability-restricted unit shall be determined in accordance with (a)1 above pursuant to the most recent year's figures as shown on that chart of the maximum allowable rents, which is available on the Agency's website at <http://njhousing.gov/dca/hmfa/developers/credits/compliance/limits.shtml>.

5:80-9.11 Increase subject to hearing

(a) In projects not subject to HUD approval nor subject to automatic annual adjustments, if the Executive Director of the Agency approves a rent increase which exceeds the amounts specified in N.J.A.C. 5:80-9.9(a), in order to cover any purpose including but not limited to operating deficits, debt service arrears, reserves for repair and replacement delinquencies incurred during the preceding 12 months, inability to pay return on equity, increases in permitted return on equity and accelerated amortization of any supplemental financing, then any person, association or corporation aggrieved by such determination may file for a hearing by submitting a written request to the Executive Director. Housing sponsors shall give written notice to all tenants and cooperators affected by such rent increase approved by the Executive Director and of their opportunity to request a hearing. Persons, associations or corporations aggrieved by the increase must file their request for a hearing within 21 days of said notice.

(b) Upon receipt of a request for a hearing or upon his or her own initiative, the Executive Director shall request that the Office of Administrative Law conduct same. All hearings shall be conducted according to the procedures established by the Office of Administrative Law pursuant to N.J.S.A. 52:14B-10. When the date of the hearing has been established, housing sponsors shall provide notices, in a manner approved by the Agency, of the date, time, place and nature of said hearing to all tenants, cooperators and other persons requesting notice of said hearing. The scope of the hearing shall be limited to consideration of the amount in excess of the increases approvable by the Executive Director under N.J.A.C. 5:80-9.9(a). Upon review of the record submitted by the administrative law judge, the Agency members shall adopt, reject or modify the recommended decision and issue a final written order.

(c) The request for a hearing, or the hearing itself, shall in no way affect or delay the authority of the Executive Director to approve increases up to the amounts specified pursuant to N.J.A.C. 5:80-9.9(a). If the Executive Director approves an amount equal to or less than the amount calculated in accordance with N.J.A.C. 5:80-9.9(a), then no hearing is required.

5:80-9.14 Resident monthly fee increases for low- and/or moderate income-restricted units in assisted living residences (ALRs)

(a) For the purposes of this section, the term "monthly fee" includes charges for rent, meals, and basic services. The Agency shall regulate the monthly fees for all low and moderate income-restricted ALR units. Monthly fees for income-restricted ALR units may not exceed 80 percent of the HUD median income level applicable to that ALR as set forth in the Financing, Deed Restriction, and Regulatory Agreement executed by the housing sponsor and the Agency (applicable HUD median income level). The foregoing shall not apply to units occupied by persons who have insurance and/or another contracted third-party payor.

(b) Sponsors of ALRs may implement increases of monthly fees for the income-restricted ALR units with Agency approval by submitting a written request to the Director of Property Management of the Agency, accompanied by the current tenant income certifications for the income-restricted ALR units, the most recent HUD area median income figures, and the maximum rents corresponding to the area median income figures. The Director of Property Management will review and verify the information contained therein and, if accurate, approve the requested monthly fee increase, up to a maximum of 10 percent for low-income units and 20 percent for moderate-income units, but not to exceed 80 percent of the applicable HUD median income level. Monthly fee increases for non-income restricted ALR units do not require Agency approval.

(c) When calculating the maximum monthly fees for low and/or moderate income-restricted ALR units, housing sponsors shall use the HUD median income level for the area where the ALR is located, adjusted for family size following the formula below:

1. For efficiency or studio units, monthly fees shall be based on a one person household; and
2. For a one bedroom unit, monthly fees shall be based on a one and one-half person household.

(d) Upon approval from the Agency, the housing sponsor shall notify each tenant and/or designated family member, guardian or community agency of the monthly fee increase by mail or hand delivery to each tenant's unit or by personal service. The notice shall include a calculation of how the increase was determined based upon the applicable HUD median income level.

(e) The new monthly fees shall be effective on the first day of the month following one calendar month's notice to the tenants and/or their designated representatives.

5:80-9.15 Rent increases for low and/or moderate income projects without Federal project-based rent subsidies

(a) Sponsors of housing projects without project-based Federal rent subsidies may elect to implement rent increases in accordance with the rules in this section rather than those in N.J.A.C. 5:80-9.1 through 9.12. The rules within this section may be used only after the owner demonstrates through an Agency approved annual tenant income certification process that at least 10 percent of the units are rented to low income families and the balance rented to moderate income families. For the purposes of this section, a low income family is a family that earns 50 percent or less of the HUD area median income and a moderate income family is one that earns greater than 50 percent but no more than 80 percent of the HUD area median income. The foregoing provision defining a low income family and a moderate income family in effect as of March 20, 2006 shall be retroactive and considered effective as of June 20, 1994.

1. Sponsors shall submit a written request to the Agency, accompanied by the current tenant income certifications, the most recent HUD median income figures and the maximum rents corresponding to the median income figures. The Agency will review and verify the information contained therein and, if accurate, approve the rent increase, up to a maximum of 10 percent for low income units and 20 percent for moderate income units, not to exceed the maximum rents corresponding to the median income figures. The Agency will provide written notice of the approval to the Sponsor.

2. Upon approval from the Agency, the Sponsor shall notify tenants in writing. Notice shall be by mail or hand delivery to each tenant's unit or by personal service. The notice shall include the calculation of how the increase was determined pursuant to HUD's increase in median income.

3. The new rents shall be effective on the first day of the month following one calendar month's written notice to the tenants.

(b) Sponsors of projects without project-based Federal rent subsidies, which do not meet the low and moderate income unit distribution set forth in (a) above, may elect to convert

their project to that unit distribution. Following a successful conversion to a project with at least 10 percent of the units reserved for or rented by low income families and the remainder reserved for or rented by moderate income families, rent increases may be implemented via (a)1 through 3 above.

1. Sponsors who elect to convert shall get credit toward the 10 percent or greater low income and 90 percent or less moderate income family unit distribution for any existing tenants meeting such standard following an Agency approved tenant income certification process. As vacancies occur, the units shall first be rented to low income families to fulfill the 10 percent or greater low income requirement and then the remainder to moderate income families to fulfill the moderate income requirement.

2. In the event that any of the moderate income units have current rents at less than the maximum moderate income rent provided under (a)1 above, rent increases shall be phased in over the first five years following election to convert until the maximum rent is reached for a moderate income family. The maximum allowable annual rent increase is determined by taking the dollar difference between the current rent of a unit and the maximum moderate income rent provided herein at the time of election to convert, and dividing the difference by five. The resulting number will be the maximum allowable annual increase for moderate income units under this section. However, in no event may the rent increase in a given year be greater than 20 percent of the then current rent for a unit. Thereafter, rents for moderate income units shall be implemented pursuant to (a)1 through 3 above.

(c) Low income units may revert to moderate income units 15 years after the conversion. At such time, rent increases shall be phased in over the next five years until the maximum rent is reached for a moderate income family. The maximum allowable annual rent increase is determined by taking the dollar difference between the current rent of a unit and the maximum moderate income rent provided herein at the time of the reversion of the low income units, and dividing the difference by five. The resulting number will be the maximum allowable annual increase for moderate income units under this section. However, in no event may the rent increase in a given year be greater than 10 percent of the then current rent for a unit. Thereafter, rents shall be implemented pursuant to (a)1 through (3) above.

(d) If a project currently has more than 10 percent low income residents, such units must be maintained as low income units until vacancies occur.

(e) When calculating the maximum rent for low and moderate income units, sponsors shall use the following formula for determining family size:

1. For efficiency units, family size shall be based on a one person household.

2. For all other units, family size shall be based on one and one-half persons per number of bedrooms in the unit.

(f) Sponsors who wish to implement rent increases in excess of those permitted in (a) and (b) above may request such increase in writing. The excess rent increase amount shall be subject to the procedures at N.J.A.C. 5:80-9.4 through 9.12. The entire rent increase amount shall be considered for determining whether or not a hearing is required pursuant to N.J.A.C. 5:80-9.10.

(g) No rent increase may be approved which would increase rents in excess of those permitted by other applicable rent restrictions, for example, low income tax credit restrictions, tax exempt bond financing restrictions.

SUBCHAPTERS 10 THROUGH 12. (RESERVED)

SUBCHAPTER 13. MAKING OR PURCHASING ELIGIBLE LOANS FOR SINGLE FAMILY MORTGAGES

5:80-13.1 Authority

This subchapter is promulgated pursuant to the authority of N.J.S.A. 55:14K-12c, whereby the Agency may make, pur-

chase or participate in the purchase of eligible loans in order to encourage the development, operation, construction, improvement and rehabilitation of affordable housing.

5:80-13.2 Commitment applications

(a) The Agency shall make available to all mortgage sellers who request it, a form of commitment application for each proposed program to purchase single family mortgage loans at least 14 days in advance of the date all such applications must be submitted to the Agency. The commitment application shall be in the form prescribed by the Agency and shall contain, among other things:

1. Provision for the mortgage seller to state the maximum principal amount of single family mortgage loans which the mortgage seller offers to the Agency;
2. The date by which the commitment application must be submitted to the Agency in order to be considered for an allocation of funds and the date by which commitments will be accepted by the Agency;
3. Form of the proposed mortgage purchase agreement and mortgage servicing agreement;
4. Provision for the mortgage seller to furnish information regarding its mortgage loan origination and servicing activities during a time period to be prescribed by the Agency;
5. Provision for liquidated damages to be paid or other penalties to be incurred by the mortgage seller in the event that it fails to execute or perform under the mortgage purchase agreement for the commitment accepted by the Agency; and

6. Provision for payment by the mortgage seller of a commitment fee in an amount prescribed by the Agency as consideration for the Agency's acceptance of the commitment application and agreement to purchase mortgage loans from the mortgage seller.

Notice of readoption with technical change, effective October 16, 2017.
Sec: 49 N.J.R. 3423(c).

5:80-13.3 Allocation of commitments

In allocating funds available to meet the commitments requested by mortgage seller, the Agency shall consider, among other things, the amounts of the commitments requested by the various mortgage sellers, the adequacy of supply of single family mortgage loans in the areas in which the mortgage sellers propose to originate mortgage loans, the financial strength and stability of the mortgage seller, the mortgage loan originating and servicing activity reported in the commitment application and the ability of the mortgage sellers to originate and/or service single family mortgage loans under the terms and conditions of the mortgage purchase agreement and the mortgage servicing agreement.

5:80-13.4 Execution of mortgage purchase agreement, mortgage servicing agreement; Term Sheet; Notice of Acceptance

The Agency and each mortgage seller will enter in a Mortgage Purchase Agreement and Mortgage Servicing Agreement stating the conditions under which sellers will originate and the Agency will purchase mortgage loans financed under this Section. The Agency will provide a Term Sheet for each mortgage program which shall set forth the terms of all loans, mortgage delivery period and other requirements. All loans originated under a commitment allocation must conform to the requirements of the Term Sheet which shall be incorporated into the Mortgage Purchase Agreement by reference. The amount of the allocation provided to each mortgage seller for each program shall be set forth in a Notice of Acceptance.

5:80-13.5 Eligible neighborhoods

The Agency may designate special areas of the State in which the purchase of mortgage loans by the Agency will best effectuate the general purposes of the Act and the objectives of expansion of supply of funds in the State available for single family mortgage loans, provision of additional housing needs to remedy the shortage of adequate housing in the State and elimination of substandard dwellings. If the Agency makes such a designation, special allocations and conditions may be imposed or waived for single family mortgage loans in these areas.

5:80-13.6 Limitations on loans

The Agency may set limitations on the principal amounts of a mortgage loan or upon the incomes of homebuyers in any area to effectuate the purposes of the Act.

5:80-13.7 Regulation of points charged by mortgage sellers

The Agency may regulate, limit, restrict or prohibit the charge or collection of any commitment fee, premium, bonus, points or other fees in connection with the origination of mortgage loans by mortgage sellers to be purchased by the Agency.

5:80-13.8 Refinancing of pre-existing single family mortgage loans

(a) The Agency shall not acquire any single family mortgage loans made for the purpose of refinancing pre-existing single family mortgage loans. However, a mortgage loan made by a mortgage seller to finance the substantial rehabilitation of property upon which there is a pre-existing mortgage loan may include the refinancing of the pre-existing mortgage loan and still qualify as a single family mortgage loan under the following conditions:

1. At least 50 percent of the proceeds of the single family mortgage loans made by the mortgage seller shall be used to pay for labor and materials used to rehabilitate the property;
2. The single family mortgage loan shall be made only to a person determined in advance by the Agency to be a person of low or moderate income;
3. The economic facts and circumstances of the mortgagor and the property are such that the rehabilitation could not have been financed by other means;
4. The mortgage seller delivers to the Agency a certificate executed by the mortgage seller certifying that it reasonably believes, based upon prior investigation, that the conditions above have been met and that the refinancing of the pre-existing mortgage loan is incidental and necessary to the purpose of accomplishing the rehabilitation of the property and stating the facts and circumstances upon which the determination in (a)3 above was made; and
5. The executive director of the Agency determines and certifies that the facts and circumstances in the mortgage seller's certificate support the conclusion that the refinancing of the pre-existing mortgage loan is incidental and necessary to the purpose of accomplishing the rehabilitation of the property.

5:80-13.9 Purchase of Agency bonds

No mortgage seller (including any related person thereof, as defined in Section 103(b)(6)(C) of the Internal Revenue Code) shall, pursuant to any arrangement, formal or informal, purchase the bonds of the Agency in an amount related to the amount of the mortgage loans to be purchased from such mortgage seller (or related person, as aforesaid) by the Agency.

5:80-13.10 Return on equity for eligible loans

For each eligible loan made for owner-occupied structures of four dwelling units or less, there is no general restriction on the rate of return which the owner may receive on its investment whether from rental of the other units in the structure or on sale of the property. However, the Agency may establish limitations on the rate of return on investment for owner-occupied, one to four family units, either at the time of the making of the original loan or upon the sale, of all or a portion of the property and improvement, upon a finding that such restrictions are necessary to assure the continued use of the property for individuals of low to moderate income.

SUBCHAPTER 14. MAKING OR PURCHASING ELIGIBLE LOANS FOR SINGLE FAMILY HOME IMPROVEMENT

The single family home improvement loan application shall contain, among other things:

1. Provision for the mortgage seller to state the maximum principal amount of single family home improvement loans which the mortgage seller offers to the Agency;
2. The date by which the commitment application must be submitted to the Agency in order to be considered for an allocation of funds and the date by which program commitments will be accepted by the Agency;

(a) In allocating funds available to meet the commitments requested by mortgage sellers, the Agency shall consider, among other things:

1. The amounts of the program commitments requested by the various mortgage sellers;
2. The adequacy of supply of affordable single family home improvement loans in the areas in which the mortgage seller proposes to originate single family home improvement loans;

3. The financial strength and stability of the mortgage seller; and

4. The residential loan originating activity reported in the commitment application and the ability of the mortgage seller to originate single family home improvement loans under the terms and conditions of the note purchase agreement.

Amended by R.2000 d.132, effective March 20, 2000.
See: 32 N.J.R. 191(a), 32 N.J.R. 1065(a).

5:80-14.4 Unsecured single family home improvement loans

Single family home improvement loans which are not secured by a mortgage on the property being improved or rehabilitated shall be limited to loans specified in the Term Sheet for each single family Home Improvement Loan Program fully insured under the Federal Housing Administration Title I Property Improvement Loan Program.

5:80-14.5 Eligibility requirements

The Agency may designate income and other limitations with respect to persons eligible to receive single family home improvement loans and with respect to the use of proceeds of single family home improvement loans by such persons, which limitations may vary according to geographical area, in order that the purchase of single family home improvement loans by the Agency shall best effectuate the general purpose of the Act and the objectives of expansion of the supply of funds in the State available for single family home improvement loans, provision of additional housing needed to remedy the shortage of adequate housing in the State and elimination of substandard and energy inefficient dwellings. The Agency may set limitations on the principal amounts of single family home improvement loans to effectuate the aforesaid purposes of the Act.

Amended by R.2000 d.132, effective March 20, 2000.
See: 32 N.J.R. 191(a), 32 N.J.R. 1065(a).

See: 32 N.J.R. 191(a), 32 N.J.R. 1065(a).

5:80-18.3 Conditions affecting the debarment of a person(s)

(a) The following conditions shall apply concerning debarment:

1. Debarment shall be made only upon approval of the members of the Agency, upon their own action or upon recommendation by the Executive Director of the Agency, except as otherwise provided by law.

2. The existence of any of the causes set forth in N.J.A.C. 5:80-18.2 shall not necessarily require that a person be debarred. In each instance, the decision to debar shall be made within the discretion of the members of the Agency, upon their own action or upon recommendation by the Executive Director of the Agency, unless otherwise required by law, and shall be rendered in the best interests of the State.

3. All mitigating factors shall be considered in determining the seriousness of the offense, failure or inadequacy of performance, in deciding whether debarment is warranted.

4. The existence of a cause set forth in N.J.A.C. 5:80-18.2(a)1-8 shall be established upon the rendering of a final judgment or conviction, including a guilty plea or a plea of nolo contendere by a court of competent jurisdiction or by an administrative agency empowered to render such judgment. In the event an appeal taken from such judgment or conviction results in reversal thereof, the debarment shall be removed upon the request of the debarred person unless other cause for debarment exists.

5. The existence of a cause set forth in N.J.A.C. 5:80-18.2(a)9-12 and 15 shall be established by evidence which the Agency determines to be clear and convincing in nature.

6. Debarment for the cause set forth in N.J.A.C. 5:80-18.2(a)13 and 14 shall be proper, provided that one of the causes set forth in N.J.A.C. 5:80-18.2(a)1-12 was the basis for debarment by the original debarring agency. Such debarment may be based entirely on the record of facts obtained by the original debarring agency, or upon a combination of such facts and additional facts.

5:80-18.4 Procedures; period of debarment; scope of debarment affecting the debarment of a person(s)

(a) The Agency in seeking to debar a person or his affiliates shall furnish such party with a written notice:

1. Stating that debarment is being considered;
2. Setting forth the reasons for the proposed debarment; and
3. Indicating that such party will be afforded an opportunity for a hearing if he so requests within a stated period of time. All such hearings shall be conducted in accordance with the provisions of the Administrative Procedure Act. However, where another department or agency has imposed debarment upon a party, the Agency may also impose a similar debarment without affording an opportunity for a hearing, provided that the Agency furnishes notice of the proposed similar debarment to that party, and affords that party an opportunity to present information in his behalf to explain why the proposed similar debarment should not be imposed in whole or in part.

(b) Debarment shall be for a reasonable, definitely stated period of time which as a general rule shall not exceed five years. Debarment for an additional period shall be permitted provided that notice thereof is furnished and the party is afforded an opportunity to present information in his behalf to explain why the additional period of debarment should not be imposed.

(c) Except as otherwise provided by law, a debarment may be removed or the period thereof may be reduced in the discretion of the members of the Agency upon their own action or upon recommendation by the Executive Director of the Agency upon the submission of a good faith application under oath, supported by documentary evidence, setting forth substantial and appropriate grounds for the granting of relief, such as newly discovered material evidence, reversal of a conviction or judgment, actual change of ownership, management or control, or the elimination of the causes for which the debarment was imposed.

(d) A debarment may include all known affiliates of a person, provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances.

(e) The offense, failure or inadequacy of performance of an individual may be imputed to a person with whom he is affiliated, where such conduct was accomplished within the course of his official duty or was effected by him with the knowledge or approval of such person.

5:80-18.5 Causes for suspension of a person(s)

5:80-18.6 Conditions for suspension of a person(s)

(a) The following conditions concerning suspension are to be adhered to:

1. Suspension shall be imposed only upon approval of the members of Agency, upon their own action or upon recommendation by the Executive Director of the Agency, and upon approval of the Attorney General, except as otherwise provided by law.

2. The existence of any cause for suspension shall not require that a suspension be imposed, and a decision to suspend shall be made at the discretion of the members of the Agency, upon their own action or upon recommendation by the Executive Director of the Agency, and at the discretion of the Attorney General, and shall be rendered in the best interests of the State.

3. Suspension shall not be based upon unsupported accusation, but upon adequate evidence that cause exists or upon evidence adequate to create a reasonable suspicion that cause exists.

4. In assessing whether adequate evidence exists, consideration shall be given to the amount of credible evidence which is available, to the existence or absence of corroboration as to important allegations, and to inferences which may properly be drawn from the existence or absence of affirmative facts.

5. Reasonable suspicion of the existence of a cause described in N.J.A.C. 5:80-18.2(a)1-8 may be established by the rendering of a final judgment or conviction by a court or administrative agency of competent jurisdiction, by grand jury indictment, or by evidence that such violations of civil or criminal law did in fact occur.

6. A suspension invoked by another department or agency for any of the causes described in N.J.A.C. 5:80-18.2(a)1 through 13 may be the basis for the imposition of a concurrent suspension by the Agency, which suspension

may be imposed when found to be in the best interest of the State.

See: 49 N.J.R. 3423(c).

5:80-18.7 Procedures; period of suspension; scope of suspension affecting the suspension of a person(s)

(a) The following provisions regarding procedures, period of suspension and scope of suspension shall be adhered to by the Agency.

1. Upon approval of the Attorney General, the Agency, may suspend a person or his affiliates, provided that within 10 days after the effective date of the suspension, the Agency, provides such party with a written notice:

i. Stating that a suspension has been imposed and its effective date;

ii. Setting forth the reasons for the suspension to the extent that the Attorney General determines that such reasons may be properly disclosed;

iii. Stating that the suspension is for a temporary period pending the completion of an investigation and such legal proceedings as may ensue; and

iv. Indicating that, if such legal proceedings are not commenced or the suspension removed within 60 days of the date of such notice, the party will be given either a statement of the reasons for the suspension and an opportunity for a hearing if he so requests, or a statement declining to give such reasons and setting forth the Agency's position regarding the continuation of the suspension. Where a suspension by another agency has been the basis for suspension by the Agency, the latter shall note that fact as a reason for its suspension.

2. A suspension shall not continue beyond 18 months from its effective date unless civil or criminal action regarding the alleged violation shall have been initiated within that period, or unless debarment action has been commenced. Whenever prosecution or debarment action has been initiated, the suspension may continue until the legal proceedings are completed.

3. A suspension may include all known affiliates of a person, provided that each decision to include an affiliate is made on a case by case basis after giving due regard to all relevant facts and circumstances.

4. The offense, failure or inadequacy of performance of an individual may be imputed to a person with whom he is affiliated, where such conduct was accomplished within the course of his official duty or was effectuated by him with the knowledge or approval of such person.

1. No person shall pay, offer to pay, or agree to pay, either directly or indirectly, any fee, commission, compensation, gift, gratuity, or other thing of value of any kind to any Agency member or employee or to any member of the immediate family, as defined by N.J.S.A. 52:13D-13i, of any such member or employee, or to any partnership, firm, or corporation with which such member, employee or member of their immediate family is employed or associated, or in which such member or employee has an interest within the meaning of N.J.S.A. 52:13D-13g.

2. No person shall, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract or other agreement, express or implied, or sell any interest in such person to, any Agency member or employee having any duties or responsibilities in connection with the purchase, acquisition, or sale of any property or services by or to the Agency. No person shall, directly or indirectly, undertake any private business, commercial or entrepreneurial relationship with, whether or not pursuant to employment, contract, or other agreement, express or implied, or sell any interest in such person to any individual, firm, or entity with which such Agency member or employee is employed or associated or has an interest within the meaning of N.J.S.A. 52:13D-13g. Any relationships subject to this provision shall be reported in writing forthwith to the State Ethics Commission, which may grant a waiver of this restriction upon application of the Agency member or employee upon a finding that the present or proposed relationship does not present a potential or actual conflict of interest or the appearance of a conflict of interest.

3. No person shall influence, or attempt to influence or cause to be influenced, any Agency member or employee in his official capacity in any manner which might tend to impair the objectivity or independence of judgment of said member or employee.

4. No person shall cause or influence, or attempt to cause or influence, any Agency member or employee to use, or attempt to use, his official position to secure unwarranted privileges or advantages for the person or any other individual or entity.

(b) All persons shall report to the Attorney General of New Jersey and the State Ethics Commission the solicitation of such persons of any fee, commission, compensation, gift, gratuity, or other thing of value by an Agency member or employee.

(c) The prohibited activities in (a)1 through 4 above shall not be construed to prohibit a person from offering or giving gifts to or contracting with an Agency member or employee, nor be construed to prohibit an Agency member or employee from receiving gifts from or contracting with a person, and shall not be grounds for debarment pursuant to N.J.A.C. 5:80-18.2(a)15, provided that such activities are offered or made under the same terms and conditions that are available to members of the general public and are consistent with any rules promulgated by the State Ethics Commission.

(d) The Agency shall include the prohibited activities and reporting requirements in (a) and (b) above in requests for proposals by the Agency and in all contracts with every person.

Case Notes

Regulations requiring housing project sponsor to follow specific procedure in notifying tenants about recertifying their income and possibility of eviction upon failing to do so did not apply only to noncertifying tenants whose income made them ineligible to remain tenants. *N.C. Housing Associates, No. 100 v. Hightower-Cooper*, 281 N.J.Super. 317, 657 A.2d 478 (L.1995).

1. For families occupying a unit which is assisted by HUD subsidies, such as Section 8 and 236, such subsidies shall be terminated as needed to comply with applicable Federal regulations.

2. Families occupying market-rate units shall be subject to imposition of surcharges pursuant to N.J.A.C. 5:80-20.8 and may also be subject to eviction pursuant to N.J.A.C. 5:80-20.9.

(b) Families subject to the provisions in (a) above, upon satisfactory completion of recertification, may have subsidies restored, provided said subsidies are available, or may, with Agency approval, have surcharges removed. Surcharges paid to the Agency for failure to recertify, as required by N.J.A.C. 5:80-20.8(d), may be returned, with Agency approval, if satisfactory completion of recertification is made within six months of the notice to recertify. Neither the Agency nor the housing sponsor is responsible for the return of surcharges paid to the municipality.

5:80-20.7 Adjustments in tenancy

(a) For families occupying a unit assisted by HUD subsidies such as Section 8 and 236, upon recertification, families whose income is in excess of the maximum income limit under applicable federal regulations are subject to adjustment or termination of HUD subsidies as needed to comply with applicable Federal regulations.

(b) Where, upon recertification, a family is occupying a market-rate unit, and that family's income is in excess of the maximum income limit under N.J.A.C. 5:80-8.2, the family may be subject to surcharges pursuant to N.J.A.C. 5:80-20.8 and may also be subject to eviction pursuant to N.J.A.C. 5:80-20.9.

5:80-20.8 Surcharges

(a) Upon recertification, if the gross aggregate family income exceeds the maximum income limit pursuant to N.J.A.C. 5:80-8.2 by 25 percent or less, the family shall continue to occupy the unit without the imposition of any surcharges. If the gross aggregate family income exceeds the maximum income limit by more than 25 percent, the family may continue to occupy the unit, subject to payment of a surcharge as outlined in (c) below. Such surcharges may only be imposed with approval of the Agency. When imposing surcharges, housing sponsors shall give families notice that they may be subject to eviction if their income continues to exceed

the maximum income limit for six months from the expiration of the family's lease.

(b) Families subject to surcharges for failing to complete the recertification process (see N.J.A.C. 5:80-20.6) shall be surcharged at the maximum rate outlined in (c) below and may also be subject to eviction in accordance with N.J.A.C. 5:80-20.9. Sponsors shall provide families with notice at least 30 days prior to the expiration of the lease that a surcharge will be imposed for failure to recertify. Such surcharges or eviction actions require Agency approval.

(c) Surcharges imposed shall be based upon a family's unit rent in accordance with the following schedule:

Percentage that Gross Aggregate Income exceeds the Maximum Income Limit	Surcharge on Unit Rent
Up to and including 125%	None
In excess of 125% up to and including 130%	5%
In excess of 130% up to and including 135%	10%
In excess of 135% up to and including 140%	15%
In excess of 140% up to and including 145%	20%
In excess of 145% up to and including 150%	25%
In excess of 150%	30%

(d) Housing sponsors shall pay the surcharge to the municipality granting tax exemption to the project but only up to an amount that, together with payments made to the municipality in lieu of taxes and for any land taxes, equals 25 percent of the total rents or carrying charges of the project for the current and any prior years that the project has been in operation. For projects on which the Agency has made a loan financed with the proceeds of bonds issued prior to January 1, 1973, any remainder of the surcharge or the total surcharge, if tax exemption has not been granted, shall be paid into the Agency's housing finance fund securing the bonds issued to finance the project. For projects financed on or after January 1, 1973, any remainder of the surcharge or the total surcharge, if tax exemption has not been granted, shall be paid to the Agency.

(e) Surcharges shall be imposed upon expiration of the lease provided families have received 30 days notice pursuant to N.J.A.C. 5:80-20.5. Families which have not received 30 days notice prior to lease expiration shall not have surcharges imposed until the 30 day notice has expired.

Amended by R.2000 d.132, effective March 20, 2000.
See: 32 N.J.R. 191(a), 32 N.J.R. 1065(a).

(b) Upon recertification, families whose gross aggregate family income exceeds the maximum income limit pursuant to N.J.A.C. 5:80-8.2 by more than 25 percent and continues to do so for at least six months after expiration of the lease may, with Agency approval, be evicted by the housing sponsor.

(c) Prior to eviction under this section, housing sponsors must provide families with written notice at the end of the six-month period indicating that eviction procedures will begin unless they recertify within 10 days of the notice and show that family income has decreased below the maximum income limit. Families who fail to recertify within the 10 days or who upon recertification are in excess of the maximum income limit may be evicted by following the provisions of N.J.S.A. 2A:18-61.1 et seq.

(d) In the case of tenants of income-restricted ALR units, neither failure to recertify nor income exceeding the maximum income limit shall be cause for eviction. However, the next available nonincome-restricted ALR unit shall be rented to an income-eligible tenant and shall be deemed an income-restricted ALR unit thereafter.

Housing sponsors shall maintain files on the certification and recertification of family income at the project. Such files are to be kept as confidential and shall not be accessible to nor shall information contained therein be disclosed to any person except authorized representatives of the housing sponsor, the Agency and, if applicable, HUD. Housing sponsors shall require identification from each person claiming authority to review such confidential files and maintain a list of individuals who have been provided access to same. If a housing sponsor is not satisfied that a person requesting review has proper authority, review shall be denied and the matter referred to the Agency for final determination. Any copies of family files sent to the Agency pursuant to the certification or recertification process shall be maintained in the same confidential manner. If requested by a family at the time of submission, submitted material shall be returned to a family when it is no longer needed.

(b) If the Agency terminates the servicing agreement with cause, in accordance with the agreement, no compensation adjustment shall be paid unless the Agency permits the servicer to transfer servicing, in which case the rules set forth in N.J.A.C. 5:80-21.1 through 21.4 shall apply.

(c) In the event that the Agency terminates the servicing agreement, the servicer shall compensate and indemnify the Agency for losses to the Agency or for which the Agency becomes responsible, which are attributable to the servicer. In addition, the servicer shall not receive a compensation adjustment as may have otherwise been provided under (a) above, unless the servicer shall have first made the Agency whole. The servicer shall not be permitted to set off any compensation adjustment under (a) above against its obligations to the Agency.

SUBCHAPTER 22. AFFIRMATIVE FAIR HOUSING MARKETING PLAN REQUIREMENTS

5:80-22.1 Requirement to submit an Affirmative Fair Housing Marketing Plan

(a) The purpose of an Affirmative Fair Housing Marketing Plan (Plan) is to ensure that necessary steps are being taken to eliminate discriminatory rental practices and to overcome the effects of past discrimination involving rental housing by informing individuals or groups of persons who would not

normally apply for the housing about the availability thereof and providing them a reasonable opportunity to rent the housing.

(b) Sponsors of housing projects and sponsors of continuing care retirement communities are required to submit a Plan prior to receiving a commitment or funding from the Agency.

(c) The contents of a Plan under (a) above are as follows:

1. The Plan shall consist of a fully completed U.S. Department of Housing and Urban Development (HUD), Office of Fair Housing and Equal Opportunity Affirmative Fair Housing Marketing Plan (AFHMP)-Multifamily Housing (Form HUD-935.2A (12/2011)) or such updated or successor form as may be developed by HUD, available at <http://portal.hud.gov/hudportal/documents/huddoc?id=935-2a.pdf>.

2. In addition to (c)1 above, all sponsors of housing projects and continuing care retirement communities shall register their projects or cause their projects to be registered on the New Jersey Housing Resource Center website at <http://www.nj.gov/njhr/>.

5:80-22.2 Monitoring

(a) The Agency will monitor projects to assess the degree to which the activities undertaken pursuant to an approved Plan conform with the applicable Fair Housing Laws and Regulations. In conducting monitoring, the Agency will determine:

1. Whether the applicant or sponsor has made a good-faith effort to carry out the provisions of the approved Plan and related Affirmative Fair Housing Marketing requirements; and

2. Whether progress has been made toward achievement of the objectives of the Plan.

(b) Agency staff will conduct on-site monitoring which will entail an examination of records, visual inspection of the project and interviews with applicants, rental/sales agent and staff, occupants and community organizations identified in the Plan. Records which may be examined include applications (for both accepted and rejected prospective occupants), and documentation relating to advertising.

(c) Failure to make a "good faith effort" to comply with the Plan could result in the loss of Agency financial assistance. All complaints regarding discrimination will be forwarded to the New Jersey Division on Civil Rights for formal criminal investigation.

SUBCHAPTERS 23 THROUGH 25. (RESERVED)

SUBCHAPTER 26. HOUSING AFFORDABILITY CONTROLS

5:80-26.1 Purpose and applicability

This subchapter is designed to implement the New Jersey Fair Housing Act (N.J.S.A. 52:27D-301 et seq.) by assuring that low- and moderate-income units created under the Fair Housing Act are occupied by low- and moderate-income households for an appropriate period of time. This subchapter provides rules for the establishment and administration of affordability controls on restricted units that receive COAH credit under the Fair Housing Act; that receive funding from the Division under the Neighborhood Preservation Balanced Housing Program; that receive funding from the Agency under its UHORP and MONI programs; or with respect to which a municipality or developer contracts with the Agency, HAS, or other experienced administrative agent approved by DCA, the Agency, or COAH for the administration of affordability controls pursuant to the Fair Housing Act. Unless expressly stated otherwise herein, this subchapter shall apply to all restricted units described in the foregoing sentence, regardless of the date on which the units were created; provided, however, that the rules do not apply to units qualifying for the Federal Low-Income Housing Tax Credit under Section 42 of the Internal Revenue Code, units that receive Balanced Housing funds under the Agency's Home Express program, or units receiving assistance under the Federal HOME Investment Partnerships program, 24 CFR Part 92; the HUD Section 202 Supportive Housing for the Elderly program, 24 CFR Part 891; the HUD Section 811 Supportive Housing for Persons with Disabilities program, 24 CFR Part 891; the HUD HOPE VI program; or the Federal Home Loan Bank Affordable Housing Program, 12 CFR Part 1291.

Amended by R.2004 d.475, effective December 20, 2004.

Case Notes

In a township's declaratory judgment action seeking a declaration addressing its affordable housing obligations, the court imposed a fair share methodology and determined that the township's pre-credited and uncapped fair share of the region's prospective need obligation was 1,533 units. *In re Township of South Brunswick*, 2016 N.J. Super. LEXIS 161 (2016).

N.J.A.C. 5:80-26, which establishes affordability ranges for the provision of housing pursuant to the Mount Laurel doctrine and has been incorporated by the New Jersey Council on Affordable Housing (COAH) into its third-round regulations, is a valid regulation since it is consistent with the legislative mandate and is not arbitrary, capricious, nor unreasonable in light of the deference granted to COAH and the New Jersey Housing and Mortgage Finance Agency. *In re Adoption of Unif. Hous. Affordability Controls*, 390 N.J. Super. 89, 914 A.2d 402, 2007 N.J. Super. LEXIS 19 (App.Div. 2007).

5:80-26.2 Definitions

The following words and terms, as used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Administrative agent" means the entity responsible for administering the affordability controls of this subchapter with respect to specific restricted units, as designated pursuant to N.J.A.C. 5:80-26.14.

"Affordability average" means an average of the percentage of median income at which restricted units in an affordable development are affordable to low- and moderate-income households. For example, if the rents for the five restricted rental units in an affordable housing development were affordable at 46, 48, 50, 52 and 54 percent of median income, respectively, the average affordability for those units would be 50 percent of median income.

"Affordable" means, in the case of an ownership unit, that the sales price for the unit conforms to the standards set forth in N.J.A.C. 5:80-26.6 and, in the case of a rental unit, that the rent for the unit conforms to the standards set forth in N.J.A.C. 5:80-26.12.

"Affordable development" means a housing development all or a portion of which consists of restricted units.

"Agency" means the New Jersey Housing and Mortgage Finance Agency established by P.L. 1983, c.530 (N.J.S.A. 55:14K-1 et seq.) and in, but not of, the DCA.

"Age-restricted unit" means a housing unit designed to meet the needs of, and exclusively for, the residents of an age-restricted segment of the population where the head of the household is a minimum age of either 62 years, or 55 years and meets the provisions of 42 U.S.C. §§ 3601 et seq., except that due to death, a remaining spouse of less than 55

years of age shall be permitted to continue to reside in the unit.

"Assisted living residence" means a facility licensed by the New Jersey Department of Health to provide apartment-style housing and congregate dining and to assure that assisted living services are available when needed for four or more adult persons unrelated to the proprietor. Apartment units offer, at a minimum, one unfurnished room, a private bathroom, a kitchenette, and a lockable door on the unit entrance.

"Balanced Housing" means the Neighborhood Preservation Balanced Housing Program of the DCA as set forth at N.J.S.A. 52:27D-320 and N.J.A.C. 5:43.

"Certified household" means a household that has been certified by an administrative agent as a low-income household or moderate-income household.

"COAH" means the Council on Affordable Housing in, but not of, the DCA, established under the New Jersey Fair Housing Act (N.J.S.A. 52:27D-301 et seq.).

"DCA" means the State of New Jersey Department of Community Affairs.

"Division" means the Division of Housing in the DCA.

"HAS" means the Housing Affordability Service, formerly known as the "Affordable Housing Management Service," in the Agency.

"High-poverty census tract" means a census tract with a census-determined average poverty rate equal to or greater than 25 percent, as determined by the United States Census Bureau.

"HUD" means the United States Department of Housing and Urban Development.

"Low-income household" means a household with a total gross annual household income equal to 50 percent or less of the median income.

"Low-income unit" means a restricted unit that is affordable to a low-income household.

"Median income" means the median income by household size for an applicable county, as adopted annually by COAH.

"Moderate-income household" means a household with a total gross annual household income in excess of 50 percent but less than 80 percent of the median income.

"Moderate-income unit" means a restricted unit that is affordable to a moderate-income household.

"MONI" means the Agency's Market Oriented Neighborhood Investment Program, as it may be authorized from time to time by the Agency.

"95/5 unit" means a restricted ownership unit that is part of a housing element that received substantive certification from COAH pursuant to N.J.A.C. 5:93 before October 1, 2001.

"Non-exempt sale" means any sale or transfer of ownership other than the transfer of ownership between husband and wife; the transfer of ownership between former spouses ordered as a result of a judicial decree of divorce or judicial separation, but not including sales to third parties; the transfer of ownership between family members as a result of inheritance; the transfer of ownership through an executor's deed to a class A beneficiary; and the transfer of ownership by court order.

"Random selection process" means a process by which currently income-eligible households are selected for placement in affordable housing units such that no preference is given to one applicant over another except for purposes of matching household income and size with an appropriately priced and sized affordable unit (for example, by lottery).

"Rent" means the gross monthly cost of a rental unit to the tenant, including the rent paid to the landlord, as well as an allowance for tenant-paid utilities computed in accordance with allowances published by DCA for its Section 8 program. With respect to units in an assisted living residence, rent does not include charges for food and services.

"Restricted unit" means a dwelling unit, whether a rental unit or ownership unit, that is subject to the affordability controls of this subchapter, but does not include a market-rate unit financed under UHORP or MONI.

"UHORP" means the Agency's Urban Homeownership Recovery Program, as it may be authorized from time to time by the Agency Board.

5:80-26.3 Affordability average; bedroom distribution

(a) In each affordable development, at least 50 percent of the restricted units within each bedroom distribution shall be low-income units and the remainder may be moderate-income units.

(b) Affordable developments that are not age-restricted shall be structured in conjunction with realistic market demands such that:

1. The combined number of efficiency and one-bedroom units is no greater than 20 percent of the total low-and moderate-income units;
2. At least 30 percent of all low-and moderate-income units are two bedroom units;

3. At least 20 percent of all low-and moderate-income units are three bedroom units; and

4. The remainder, if any, may be allocated at the discretion of the developer.

(c) Age-restricted low-and moderate-income units may utilize a modified bedroom distribution. At a minimum, the number of bedrooms shall equal the number of age-restricted low-and moderate-income units within the affordable development. The standard may be met by creating all one-bedroom units or by creating a two-bedroom unit for each efficiency unit.

(d) Municipalities shall establish by ordinance that the maximum rent for affordable units within each affordable development shall be affordable to households earning no more than 60 percent of median income. The municipal ordinance shall require that the average rent for low-and moderate-income units be affordable to households earning no more than 52 percent of median income. The developers and/or municipal sponsors of restricted rental units shall establish at least one rent for each bedroom type for both low-income and moderate-income units, provided that at least 10 percent of all low-and moderate-income units shall be affordable to households earning no more than 35 percent of median income.

(e) The maximum sales price of restricted ownership units within each affordable development shall be affordable to households earning no more than 70 percent of median income. Each affordable development must achieve an affordability average of 55 percent for restricted ownership units. In achieving this affordability average, moderate-income ownership units must be available for at least three different prices for each bedroom type, and low-income ownership units must be available for at least two different prices for each bedroom type.

(f) Municipal ordinances regulating owner-occupied and rental units shall require that affordable units utilize the same type of heating source as market units within the affordable development.

(g) The provisions of this section shall not apply to affordable developments financed under UHORP or MONI or to assisted living residences, which shall comply with applicable Agency regulations.

Case Notes

N.J.A.C. 5:80-26, which establishes affordability ranges for the provision of housing pursuant to the Mount Laurel doctrine and has been incorporated by the New Jersey Council on Affordable Housing (COAH) into its third-round regulations, is a valid regulation since it is consistent with the legislative mandate and is not arbitrary, capricious, nor unreasonable in light of the deference granted to COAH and the New Jersey Housing and Mortgage Finance Agency. In re Adoption of Unif. Hous. Affordability Controls, 390 N.J. Super. 89, 914 A.2d 402, 2007 N.J. Super. LEXIS 19 (App.Div. 2007).

5:80-26.4 Occupancy standards

(a) In determining the initial rents and initial sales prices for compliance with the affordability average requirements for restricted units other than assisted living facilities, the following standards shall be used:

1. A studio shall be affordable to a one person household;
2. A one bedroom unit shall be affordable to a one and one-half person household;
3. A two bedroom unit shall be affordable to a three person household;
4. A three bedroom unit shall be affordable to a four and one-half person household; and
5. A four bedroom unit shall be affordable to a six person household.

(b) For assisted living facilities, the following standards shall be used:

1. A studio shall be affordable to a one person household;
2. A one-bedroom unit shall be affordable to a one and one-half person household; and
3. A two-bedroom unit shall be affordable to a two person household or to two one-person households.

(c) In referring certified households to specific restricted units, to the extent feasible, and without causing an undue delay in occupying the unit, the administrative agent shall strive to:

1. Provide an occupant for each unit bedroom;
2. Provide children of different sex with separate bedrooms; and
3. Prevent more than two persons from occupying a single bedroom.

Amended by R.2004 d.475, effective December 20, 2004.
See: 36 N.J.R. 3655(a), 36 N.J.R. 5713(a).

In (a), substituted "affordability average" for "range of affordability" preceding "requirements"; inserted a new (b); recodified former (b) as (c).

5:80-26.5 Control periods for ownership units

(a) Each restricted ownership unit shall remain subject to the requirements of this subchapter until the municipality in which the unit is located elects to release the unit from such requirements pursuant to action taken in compliance with (g) below. Prior to such a municipal election, a restricted ownership unit must remain subject to the requirements of this subchapter for a period of at least 30 years; provided, however, that:

1. Units located in high-poverty census tracts shall remain subject to these affordability requirements for a period of at least 10 years;

2. Any unit that, prior to December 20, 2004, received substantive certification from COAH, was part of a judgment of compliance from a court of competent jurisdiction or became subject to a grant agreement or other contract with either the State or a political subdivision thereof, shall have its control period governed by said grant of substantive certification, judgment or grant agreement or contract; and

3. 95/5 units are subject to the option and price restriction rules set forth at N.J.A.C. 5:80-26.20 through 26.26.

(b) The affordability control period for a restricted ownership unit shall commence on the date the initial certified household takes title to the unit and shall terminate only at such time as the municipality opts to release the unit from the requirements of this subchapter in accordance with (g) below, or at such other time as is applicable under (a) above.

(c) Prior to the issuance of the initial certificate of occupancy for a restricted ownership unit and upon each successive sale during the period of restricted ownership, the administrative agent shall determine the restricted price for the unit and shall also determine the non-restricted, fair market value of the unit based on either an appraisal or the unit's equalized assessed value. At the time of the sale of the unit, the purchaser shall execute and deliver to the administrative agent a recapture note obligating the purchaser (as well as the purchaser's heirs, successors, and assigns) to repay, upon the first non-exempt sale after the unit's release from the requirements of this subchapter, an amount equal to the difference between the unit's non-restricted fair market value and its restricted price. The recapture note shall be secured by a recapture lien evidenced by a duly recorded mortgage on the unit. The recapture note and recapture mortgage lien shall be in favor of the Agency if the unit was financed under UHORP or MONI, in favor of the State if State funds other than UHORP or MONI contributed to the financing of the unit, and, in all other cases, in favor of the municipality in which the unit is located. The recapture note and recapture mortgage lien shall be in the form prescribed in subchapter Appendices L, M, N, O, P, and Q, incorporated herein by reference, as applicable.

1. The recapture lien shall also provide that the recapture amount shall be reduced by the cumulative dollar value of capital expenditures by all owners during the control period for improvements and/or upgrades to the unit, as approved by the administrative agent.

2. Municipalities that exercise the option to purchase restricted ownership units pursuant to (f) below shall not be required to satisfy the recapture lien.

3. Upon termination of the affordability control period pursuant to (g) below, and satisfaction of the recapture of the lien, the unit may be sold at fair market value and the proceeds retained by the seller.

(d) All conveyances of restricted ownership units shall be made by deeds and restrictive covenants substantially in the form prescribed in subchapter Appendices A, B, C, D, L, M, N, O, P and Q, incorporated herein by reference, as applicable. Each purchaser of a 95/5 unit, in addition, shall execute a note and mortgage in the form of Appendices G and H, incorporated herein by reference.

(e) The affordability controls set forth in this subchapter and incorporated in instruments in the forms presented in subchapter Appendices A, D, E, F, G, H, I, J, K, L, M, N, O, P and Q, incorporated herein by reference, shall remain in effect despite the entry and enforcement of any judgment of foreclosure with respect to restricted ownership units.

(f) At the time of the first non-exempt sale following a 30-year interval from the date of the issuance of the initial certificate of occupancy, a municipality shall have the right of first refusal to purchase a restricted ownership unit at the maximum restricted price, with the exceptions noted under (a) above, provided that:

1. The municipality enters into a contract to purchase the unit within 60 days of notification of intent to sell by the owner of the restricted unit; and
2. The recapture lien described in (c) above remains in full force and effect.

(g) Any municipality may elect to release a restricted ownership from the requirements of this subchapter at a time to be set forth in the municipal ordinance required under (g)3 below, but after the expiration of the applicable minimum control period specified under (a) above, provided that:

1. The recapture lien described in (c) above remains in full force and effect;
2. If the lien required under (c) above is in favor of the municipality, the municipality has a COAH-approved spending plan pursuant to N.J.A.C. 5:94-6.5(c) requiring that all proceeds from the satisfaction of a recapture lien on a restricted ownership unit be used to create one new affordable unit for every unit released from affordability controls within the municipality; and
3. The municipal election to release the unit from the requirements of this subchapter is made pursuant to a municipal ordinance authorizing such elections with respect to units located either in areas specifically identified in the Housing Element of the municipal Master Plan or throughout the entire municipality.

(h) A municipality may use development fees to purchase and/or rehabilitate a restricted ownership unit.

(i) In those instances in which control periods expire pursuant to this section, the administrative agent shall, within 60 days of the expiration of the control period, execute a release, substantially in form set forth in Appendix F to this subchapter, incorporated herein by reference, of all restriction instruments with respect to the unit. The owner of the restricted unit is responsible for recording the release instruments and returning the recorded originals promptly to the administrative agent. Upon the expiration of the control period for a restricted ownership unit established in this section, the owner of the unit shall be entitled to sell it to any purchaser at the fair market price.

5:80-26.6 Price restrictions for ownership units

(a) The initial purchase price for a restricted ownership unit shall be approved by the administrative agent and, if the unit is receiving assistance under the Balanced Housing Program, shall be consistent with the Balanced Housing grant agreement.

(b) The initial purchase price for all restricted ownership units except those financed under UHORP or MONI shall be calculated so that the monthly carrying costs of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the Federal Reserve H.15 rate of interest), taxes, homeowner and private mortgage insurance and condominium or homeowner association fees do not exceed 28 percent of the eligible monthly income of an appropriate household size as determined under N.J.A.C. 5:80-26.4; provided, however, that the price shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.3.

(c) The initial purchase price of a restricted ownership unit financed under UHORP or MONI shall be calculated so that the monthly carrying costs of the unit, including principal and interest (based on a mortgage loan equal to 95 percent of the purchase price and the Federal Reserve H.15 rate of interest), taxes, homeowner and private mortgage insurance, and condominium or homeowner association fees, do not exceed 28 percent of the eligible monthly income of a household whose income does not exceed 45 percent of median income, in the case of a low-income unit, or 72 percent of median income, in the case of a moderate-income unit, and that utilizes the appropriate household size as determined under N.J.A.C. 5:80-26.4.

(d) The maximum resale price for a restricted ownership unit, if the resale occurs prior to the one-year anniversary of the date on which title to the unit was first transferred to a certified household, is the initial purchase price. If the resale occurs on or after such anniversary date, the maximum resale price shall be consistent with the regional income limits most

recently published by COAH and calculated pursuant to N.J.A.C. 5:94-7.2(b). The administrative agent shall approve all resale prices, in writing and in advance of the resale, to assure compliance with the foregoing standards.

(e) The master deeds of affordable developments shall provide no distinction between the condominium or homeowner association fees and special assessments paid by low- and moderate-income purchasers and those paid by market purchasers. Notwithstanding the foregoing sentence, condominium units subject to a municipal ordinance adopted before October 1, 2001, which provides for condominium or homeowner association fees and/or assessments different from those provided for in this subsection shall have such fees and assessments governed by said ordinance.

(f) 95/5 units are subject to the option and price restriction rules set forth in N.J.A.C. 5:80-26.20 through 26.26.

5:80-26.7 Buyer income eligibility for ownership units

(a) Low-income ownership units shall be reserved for households with a gross household income less than or equal to 50 percent of median income. Moderate income ownership units shall be reserved for households with a gross household income less than 80 percent of median income. For example, a household earning 48 percent of median income may be placed in any low-income unit; however, a household earning 53 percent does not qualify for a low-income unit. A household earning 67 percent of median may be placed in any moderate income housing unit. A household earning less than 50 percent of median may be placed in a moderate income housing unit. Notwithstanding the foregoing, however, the administrative agent may permit moderate-income purchasers to buy low-income units in housing markets where, as determined by COAH or the Division, as applicable, low-income prices are required but there is an insufficient number of low-income purchasers to permit prompt occupancy of the units. A certified household that purchases a restricted ownership unit must occupy it as the principal residence and not lease the unit; provided, however, the administrative agent may permit the owner of a restricted ownership unit, upon a showing of hardship, to lease the unit to a certified household for a period not to exceed one year.

(b) The administrative agent shall certify a household as eligible for a restricted ownership unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the estimated monthly housing cost for the unit (including principal, interest, taxes, homeowner and private mortgage insurance and condominium or home-

owner association fees as applicable) does not exceed 33 percent of the household's eligible monthly income. The administrative agent, however, may exercise the discretion to certify a low-or moderate-income household as eligible despite the fact that the unit's monthly housing cost would exceed the 33 percent level, if the household obtains a firm mortgage loan commitment at the higher level from a licensed financial institution, under terms consistent with the requirements of the New Jersey Home Ownership Security Act of 2002, N.J.S.A. 46:10B-22 et seq., including certification from a non-profit counselor approved by HUD or the New Jersey Department of Banking and Insurance that the borrower has received counseling on the advisability of the loan transaction.

5:80-26.8 Limitations on indebtedness secured by ownership unit; subordination

(a) Prior to incurring any indebtedness to be secured by an ownership unit, the owner shall submit to the administrative agent a notice of intent to incur such indebtedness, in such form and with such documentary support as determined by the administrative agent, and the owner shall not incur any such indebtedness unless and until the administrative agent has determined in writing that the proposed indebtedness complies with the provisions of this section.

(b) With the exception of original purchase money mortgages, during a control period, neither an owner nor a lender shall at any time cause or permit the total indebtedness secured by an ownership unit to exceed 95 percent of the maximum allowable resale price of that unit, as such price is determined by the administrative agent in accordance with N.J.A.C. 5:80-26.6(c).

Case Notes

That portion of a loan secured by an affordable housing unit that exceeds the permissible limits of N.J.A.C. 5:80-26.8(b)—i.e., 95 percent of the unit's allowable resale price—is void as against public policy under N.J.A.C. 5:80-26.18(e) and is not collectible; however, the remainder of the loan is valid and is secured by the unit. *US Bank, N.A. v. Hough*, 210 N.J. 187, 42 A.3d 870, 2012 N.J. LEXIS 587 (2012).

While a commercial lender which makes a loan secured by a mortgage on an affordable housing unit in excess of the amount permitted by N.J.A.C. 5:80-26.8(b) is prohibited by N.J.A.C. 5:80-26.18(e) from seeking to foreclose upon the mortgage, § 5:80-26.18(e) does not bar the lender from seeking to collect upon the underlying obligation. *US Bank, N.A. v. Hough*, 416 N.J. Super. 286, 3 A.3d 1251, 2010 N.J. Super. LEXIS 189 (2010).

Commercial lender which makes a loan secured by a mortgage on an affordable housing unit in excess of the amount permitted by N.J.A.C. 5:80-26.8(b) is prohibited from seeking to foreclose upon the mortgage, as the mortgage is void pursuant to N.J.A.C. 5:80-26.18(e). *US Bank, N.A. v. Hough*, 416 N.J. Super. 286, 3 A.3d 1251, 2010 N.J. Super. LEXIS 189 (2010).

5:80-26.9 Capital improvements to ownership units

(a) The owners of ownership units may apply to the administrative agent to increase the maximum sales price for the unit on the basis of capital improvements made since the purchase of the unit. Eligible capital improvements shall be those that render the unit suitable for a larger household or that add an additional bathroom. In no event shall the maximum sales price of an improved housing unit exceed the limits for affordability for the larger household.

(b) Upon the resale of a restricted ownership unit, all items of property that are permanently affixed to the unit or were included when the unit was initially restricted (for example, refrigerator, range, washer, dryer, dishwasher, wall-to-wall carpeting) shall be included in the maximum allowable resale price. Other items may be sold to the purchaser at a reasonable price that has been approved by the administrative agent

at the time of signing the agreement to purchase. The purchase of central air conditioning installed subsequent to the initial sale of the unit and not included in the base price may be made a condition of the unit resale provided the price, subject to 10-year, straight-line depreciation, has been approved by the administrative agent. Unless otherwise approved by the administrative agent, the purchase of any property other than central air conditioning shall not be made a condition of the unit resale. The owner and the purchaser must personally certify at the time of closing that no unapproved transfer of funds for the purpose of selling and receiving property has taken place at resale.

Amended by R.2004 d.475, effective December 20, 2004.
Sec: 36 N.J.R. 3655(a), 36 N.J.R. 5713(a).

In (b), deleted "prorated" preceding "price" and inserted ", subject to 10-year, straight-line depreciation," following "price" at the end of the third sentence.

5:80-26.10 Maintenance of restricted ownership units

A restricted ownership unit shall be required to obtain a Continuing Certificate of Occupancy or a certified statement from the municipal building inspector stating that the unit meets all code standards upon the first transfer of title that follows the expiration of the applicable minimum control period provided under N.J.A.C. 5:80-26.5(a).

5:80-26.11 Control periods for rental units

(a) Each restricted rental unit shall remain subject to the requirements of this subchapter until the municipality in which the unit is located elects to release the unit from such requirements pursuant to action taken in compliance with (e) below. Prior to such a municipal election, a restricted rental unit must remain subject to the requirements of this subchapter for a period of at least 30 years; provided, however, that:

1. Units located in high-poverty census tracts shall remain subject to these affordability requirements for a period of at least 10 years;
2. Any unit included in a Neighborhood Rehabilitation Project pursuant to N.J.A.C. 5:43-4.4(b) shall remain subject to these affordability requirements for a period of at least 10 years; and
3. Any unit that, prior to December 20, 2004, received substantive certification from COAH, was part of a judgment of compliance from a court of competent jurisdiction or became subject to a grant agreement or other contract with either the State or a political subdivision thereof, shall have its control period governed by said grant of substantive certification, judgment or grant agreement or contract.

(b) The affordability control period for the restricted rental units in a development shall commence on the first date that a certified household occupies a unit and shall terminate only at such time that the municipality opts to release the unit from the requirements of this subchapter in accordance with (e) below, except that the affordability controls set forth in this subchapter shall remain in effect until the date on which a rental unit shall become vacant, provided that the occupant household continues to earn a gross annual income of less than 80 percent of the applicable median income. If, at that time, a rental household's income is found to exceed 80 percent of the regional median income, the rental rate restriction shall expire at the later of either the next scheduled lease renewal or 60 days.

(c) Deeds of all real property that include restricted rental units shall contain deed restriction language substantially in the form set forth in Appendix E to this subchapter, incorporated herein by reference. The deed restriction shall have priority over all mortgages on the property. The deed

restriction shall be filed by the developer or seller with the records office of the county in which the unit is located, and a copy of the filed document shall be provided to the administrative agent within 30 days of the receipt of a certificate of occupancy. The preparer of the foregoing instrument shall certify to the administrative agent that the deed restriction language in Appendix E has been included therein.

(d) A restricted rental unit shall remain subject to the affordability controls of this subchapter despite the occurrence of any of the following events:

1. A sublease or assignment of the lease of the unit;
2. A sale or other voluntary transfer of the ownership of the unit; or
3. The entry and enforcement of any judgment of foreclosure.

(e) Any municipality may elect to release any or all of the restricted rental units in a development from the requirements of this subchapter at a time to be set forth in the municipal ordinance required below, but after the expiration of the minimum control period specified under (a) above, provided that:

1. The municipal election to release the unit from the requirements of this subchapter is made pursuant to a municipal ordinance authorizing such elections with respect to units located either in areas specifically identified in the Housing Element of the municipal Master Plan or throughout the entire municipality; and
2. The administrative agent shall, within 60 days of the municipal election shall, execute a release, in the form set forth in Appendix F to this subchapter, incorporated herein by reference, of all restriction instruments with respect to the unit(s). The owner of the restricted unit(s) is responsible for recording the release instruments and returning the recorded originals promptly to the administrative agent. Upon the expiration of the control period for a restricted rental unit established in this section, the owner of the unit shall be entitled to lease it to any tenant at the fair market rent.

Amended by R.2004 d.475, effective December 20, 2004.

5:80-26.12 Restrictions on rents

(a) The initial rent for a restricted rental unit shall be approved by the administrative agent and, if the unit is receiving assistance under the Balanced Housing Program, shall be consistent with the Balanced Housing grant agreement. The initial rent shall be calculated so as not to exceed 30 percent of the eligible monthly income of the appropriate household size as determined under N.J.A.C. 5:80-26.4; provided, however, that the rent shall be subject to the affordability average requirement of N.J.A.C. 5:80-26.3.

(b) At the anniversary date of the tenancy of the certified household occupying a restricted rental unit, the rent may be increased, if such increase is consistent with the regional income limits most recently published by COAH, calculated pursuant to N.J.A.C. 5:94-7.2(b), and has been filed with the administrative agent. If the landlord has charged a tenant less than the initial maximum allowable rent for a restricted unit, the landlord may, with the approval of the administrative agent, use the maximum allowable rent instead of the current rent in performing this multiplication to establish the rent for the next tenant under a new lease.

(c) Approved initial rents may not be increased when an announcement of a COAH-adopted increase occurs during initial lease-up activity. Rents may not be increased more than once a year. Rents may not be increased by more than one COAH-approved increment at one time. Rents may not be increased at the time of a new occupancy if the new occupancy occurs within a year of the last occupancy and prior to the next published COAH-adopted increase. No additional fees or charges may be added to the approved rent (except, in the case of units in an assisted living residence, for the customary charges for food and services) without the express written approval of the administrative agent. Application fees (including the charge for any credit check) may not exceed five percent of the monthly rental of the applicable restricted unit and shall be payable to the administrative agent to be applied to the costs of administering the controls in this subchapter as applicable to the unit.

(d) A written lease is required for all restricted rental units, except for units in an assisted living residence. Final lease agreements are the responsibility of the landlord and the prospective tenant. Tenants are responsible for security deposits and the full amount of the rent as stated on the lease. All lease provisions shall comply with applicable law. The landlord shall provide the administrative agent with sufficient information for a preparation of a unit inventory form for entry into the centralized affordable housing unit inventory system. The landlord shall submit a copy of each lease entered into with a certified household to the administrative agent within 10 business days after the execution of each lease.

(e) Those tenant-paid utilities that are included in the utility allowance shall be so stated in the lease. The allowance for utilities shall be consistent with the utility allowance approved by DCA for its Section 8 program.

Amended by R.2004 d.475, effective December 20, 2004.

5:80-26.13 Tenant income eligibility

(a) Low-income rental units shall be reserved for households with a gross household income less than or equal to 50 percent of median income. Moderate income rental units shall be reserved for households with a gross household income less than 80 percent of median income.

(b) The administrative agent shall certify a household as eligible for a restricted rental unit when the household is a low-income household or a moderate-income household, as applicable to the unit, and the rent proposed for the unit does not exceed 35 percent (40 percent for age-restricted units) of the household's eligible monthly income as determined pursuant to N.J.A.C. 5:80-26.16; provided, however, that this limit may be exceeded if one or more of the following circumstances exists:

1. The household currently pays more than 35 percent (40 percent for households eligible for age-restricted units) of its gross household income for rent and the proposed rent will reduce its housing costs;
2. The household has consistently paid more than 35 percent (40 percent for households eligible for age-restricted units) of eligible monthly income for rent in the past and has proven its ability to pay;
3. The household is currently in substandard or overcrowded living conditions;
4. The household documents the existence of assets, with which the household proposes to supplement the rent payments; or
5. The household documents proposed third-party assistance from an outside source such as a family member in a form acceptable to the administrative agent and the owner of the unit.

(c) The applicant shall file documentation sufficient to establish the existence of the circumstances in (b) above with the administrative agent, who shall counsel the household on budgeting.

Amended by R.2004 d.475, effective December 20, 2004.

5:80-26.14 Administrative agent

(a) The affordability controls set forth in this subchapter shall be administered and enforced by the administrative agent. The primary responsibility of the administrative agent shall be to ensure that the restricted units under administration are sold or rented, as applicable, only to low-and moderate-income households. Among the responsibilities of the administrative agent are the following:

1. Conducting an outreach process to insure affirmative marketing of affordable housing units in accordance with the provisions of N.J.A.C. 5:80-26.15;
2. Soliciting, scheduling, conducting and following up on interviews with interested households;
3. Conducting interviews and obtaining sufficient documentation of gross income and assets upon which to base a determination of income eligibility for a low-or moderate-income unit;

4. Providing written notification to each applicant as to the determination of eligibility or non-eligibility;
5. Creating and maintaining a referral list of eligible applicant households living in the COAH region and eligible applicant households with members working in the COAH region where the units are located;
6. Employing a random selection process when referring households for certification to affordable units;
7. Furnishing to attorneys or closing agents forms of deed restrictions and mortgages for recording at the time of conveyance of title of each restricted unit;
8. Creating and maintaining a file on each restricted unit for its control period, including the recorded deed with restrictions, recorded mortgage and note, as appropriate;
9. Instituting and maintaining an effective means of communicating information between owners and the administrative agent regarding the availability of restricted units for resale or rental;
10. Instituting and maintaining an effective means of communicating information to low-and moderate-income households regarding the availability of restricted units for resale or rental;
11. Reviewing and approving requests from owners of restricted units who wish to take out home equity loans or refinance during the term of their ownership;
12. Reviewing and approving requests to increase sales prices from owners of restricted units who wish to make capital improvements to the units that would affect the selling price, such authorizations to be limited to those improvements resulting in additional bedrooms or bathrooms and the cost of central air conditioning systems;
13. Processing requests and making determinations on requests by owners of restricted units for hardship waivers;
14. Communicating with lenders regarding foreclosures;
15. Ensuring the issuance of Continuing Certificates of Occupancy or certifications pursuant to N.J.A.C. 5:80-26.10;
16. Notifying the municipality of an owner's intent to sell a restricted unit;

18. Providing annual reports to COAH as required; and

19. Such other responsibilities as may be necessary to carry out the provisions of this subchapter.

(b) The administrative agent shall create and shall publish in plain English, and in such other languages as may be appropriate to serving its client base, a written operating manual, as approved by COAH, setting forth procedures for administering such affordability controls, including procedures for long-term control of restricted units; for enforcing the covenants set forth in Appendices A, B, C, D and E of this subchapter, consistent with the provisions of N.J.A.C. 5:80-26.18; and for releasing restricted units promptly at the conclusion of applicable control periods. The administrative agent shall have authority to take all actions necessary and appropriate to carrying out its responsibilities hereunder. The operating manual shall have a separate and distinct chapter or section setting forth the process for identifying applicant households seeking certification to restricted units, for reviewing applicant household eligibility, and for certifying applicant households in accordance with the household certification and referral requirements set forth in N.J.A.C. 5:80-26.16.

1. Such process shall require that an applicant household be notified in writing of the results of its application for certification within 20 days of the administrative agent's determination thereof.

2. At the discretion of the administrative agent, such process may include either or both an outreach requirement and a face-to-face applicant interview process.

3. The administrative agent shall establish and maintain a ready database of applicant households as a referral source for certifications to restricted units, and shall establish written procedures to ensure that selection among applicant households be via the database, and in accordance with a uniformly applied random selection process and all applicable State and Federal laws relating to the confidentiality of applicant records.

(c) Except in the case of restricted units receiving UHORP or MONI funding, the municipality in which restricted units are located shall select one or more administrative agents for those units. A municipality itself (through a designated municipal employee, department, board, agency or committee) may elect to serve as the administrative agent for some or all restricted units in the municipality, or the municipality may select HAS or an experienced private entity approved by the Division, the Agency or COAH to serve as administrative agent for some or all restricted units in the municipality. HAS may delegate a portion or portions of its administrative agent duties to third parties, by written contract, provided that in such case HAS shall retain oversight and monitoring responsibilities, including, but not limited to, authority over enforcement policy and actions and confidentiality of tenant/applicant data solicited for rent-up and certification purposes. When a municipality selects an experienced private entity to serve as administrative agent for specific restricted units, the administrative agent must be

approved by the Division, if the restricted units are to receive funding under the Neighborhood Preservation Balanced Housing Program, or by COAH, if the restricted units are not to receive funding under the Neighborhood Preservation Balanced Housing Program but are to receive COAH credit. The foregoing approval by COAH or the Division is to be based on the private entity's demonstration of the ability to provide a continuing administrative responsibility for the length of the control period for the restricted units. The Agency shall select the administrative agents for restricted units receiving UHORP or MONI funding.

(d) In all cases where a municipality has selected HAS as its administrative agent, HAS and the municipality shall enter into a contract for the provision of housing affordability control services substantially in the form set forth in Appendix I.

(e) When reviewing a private entity to determine whether it should be designated as administrative agent, a municipality shall obtain and review the following and submit it to the Division, the Agency or COAH, as applicable, for approval:

1. Documentation which demonstrates that the private entity's purposes include the provision of housing services and housing counseling and the promotion of the principles underlying the Federal Fair Housing laws and that the private entity has knowledge of and familiarity with the New Jersey Fair Housing Act, P.L. 1985, c.222 (N.J.S.A. 52:27D-301 et seq.) and its implementing rules;

2. Evidence of a history of successful management of restricted affordable housing units, particularly those produced as a result of the New Jersey Fair Housing Act or through a *Mount Laurel* court settlement;

3. Representations and warranties from the experienced private entity that, if the entity serves as administrative agent with respect to restricted units in which it has a pecuniary interest, the entity shall not allow the pecuniary interest to compromise in any way its administration of the controls set forth in this subchapter;

4. The draft contract between the municipality and the private entity serving as administrative agent;

5. Documentation of the private entity's capacity to undertake the duties of an administrative agent;

6. A statement of intent to attend continuing education opportunities on affordability controls and compliance monitoring when available; and

7. Such other relevant documents from a specific applicant as required by the municipality to justify approval as an administrative agent.

(f) The administrative agent shall have the authority to discharge and release any or all instruments, as set forth in the Appendices of this subchapter, filed of record to establish affordability controls.

5:80-26.15 Affirmative marketing

(a) The affirmative marketing plan is a regional marketing strategy designed to attract buyers and/or renters of all majority and minority groups, regardless of race, creed, color, national origin, ancestry, marital or familial status, gender, affectional or sexual orientation, disability, age or number of children to housing units which are being marketed by a developer or sponsor of affordable housing. The affirmative marketing plan is also intended to target those potentially eligible persons who are least likely to apply for affordable units in that region. It is a continuing program that directs all marketing activities toward the COAH Housing Region in which the municipality is located and covers the period of deed restriction.

(b) The administrative agent shall assure the affirmative marketing of affordable units. Municipalities may designate an experienced municipal staff person approved by COAH to be the administrative agent responsible for implementing the affirmative marketing plan. The administrative agent shall attend an affirmative marketing training program approved by COAH.

(c) If the municipality does not designate a municipal staff person, it shall contract with other experienced administrative agents approved by COAH to administer the affirmative marketing plan. Where a municipality contracts with another administrative agent to administer the affirmative marketing plan, the municipality shall appoint a housing officer who shall supervise the contracting administrative agent. In addition, where the contracting administrative agent is not responsible for the entire affirmative marketing plan, the municipality shall outline who or what municipal agent is responsible for the remaining portion of the affirmative marketing plan. The municipality shall also ensure that all original applicant and sales records of affordable units are returned to the municipality for reporting purposes and to aid with future resales. The municipality has the ultimate responsibility for the proper administration of the affirmative marketing program, including initial sales and rentals and resales and rereals.

(d) In implementing the affirmative marketing plan, administrative agents shall designate an experienced staff person approved by COAH to provide counseling services to low and moderate income applicants on subjects such as budgeting, credit issues, mortgage qualification, rental lease requirements, and landlord/tenant law. Alternatively, the administrative agent may contract with an experienced agency approved by COAH to provide such counseling services.

(e) The affirmative marketing plan shall provide the following information:

1. The name and address of the project;

2. The number of units, including the number of sales and/or rental units;
3. The price of sales and/or rental units;
4. The name of the sales agent and/or rental manager;
5. A description of the random selection method that will be used to select occupants of affordable housing; and
6. Disclosure of required application fees.

(f) The affirmative marketing plan shall describe the media to be used in advertising and publicizing the availability of housing. In developing the plan, the administrative agent shall consider the use of language translations. The plan shall include the following:

1. The names of specific newspapers of general circulation within the housing region;
2. The names of specific radio and television stations broadcasting throughout the housing region;
3. The names of other publications circulated within the housing region, such as neighborhood oriented weekly newspapers, religious publications and organizational newsletters;
4. The names of employers throughout the housing region that will be contacted to post advertisements and distribute flyers regarding available affordable housing;
5. The names of specific community and regional organizations that will aid in soliciting low and moderate income applicants. Such organizations may include non-profit, religious, governmental, fraternal, civic, and other organizations; and
6. Other advertising and outreach efforts to groups that are least likely to be reached by commercial media efforts.

(g) The affirmative marketing process for available affordable units shall begin at least four months prior to expected occupancy. In implementing the marketing program, the administrative agent shall undertake all of the following strategies:

1. Publication of one advertisement in a newspaper listed under (f)1 above;
2. Broadcast of one advertisement by a radio or television station listed under (f)2 above; and
3. At least one additional regional marketing strategy using one of the sources listed under (f)3 through 6 above.

(h) Such advertising and outreach shall take place during the first week of the marketing program and each month thereafter until all the units have been leased or sold. The advertisement shall include at least the following:

1. The location of the units;
2. Directions to the housing units;

3. A range of prices for the housing units;
4. The size, as measured in bedrooms, of the housing units;
5. The maximum income permitted to qualify for the housing units;
6. The location of applications for the housing units;
7. The business hours when interested households may obtain an application for a housing unit; and
8. Application fees, if any.

(i) Applications for affordable housing shall be available in several locations, including, at a minimum, the county administrative building and/or the county library for each county within the housing region; the municipal administrative building(s) and the municipal library in the municipality in which the units are located; and the developer's sales office. Applications shall be mailed to prospective applicants upon request.

(j) If the costs of advertising affordable units are to be a developer's responsibility, the requirement shall be a condition of the municipal planning board or zoning board approval and required by ordinance.

Former N.J.A.C. 5:80-26.15, Household certification and referral, re-codified to N.J.A.C. 5:80-26.16.

5:80-26.16 Household certification and referral; related project information

(a) The administrative agent shall secure all information from applicant households necessary and appropriate to determine that restricted units are occupied by properly sized households with appropriate low-or moderate-income levels. No household may be referred to a restricted unit, or may receive a commitment with respect to a restricted unit, unless that household has received a signed and dated certification, as set forth in this section, and has executed a certificate in the form set forth in Appendices J or K to this subchapter, as applicable.

(b) The administrative agent shall prepare a standard form of certification and shall sign and date one for each household when certified. An initial certification shall be valid for no more than 180 days unless a valid contract for sale or lease has been executed within that time period. In this event, certifications shall be valid until such time as the contract for sale or lease is ruled invalid and no occupancy has occurred. Certifications may be renewed in writing at the request of a certified household for an additional period of 180 days at the discretion of the administrative agent.

1. When reviewing an applicant household's income to determine eligibility, the administrative agent shall compare the applicant household's total gross annual income to the regional low-and moderate-income limits then in effect,

as adopted by COAH. For the purposes of this subchapter, income includes, but is not limited to, wages, salaries, tips, commissions, alimony, regularly scheduled overtime, pensions, social security, unemployment compensation, TANF, verified regular child support, disability, net income from business or real estate, and income from assets such as savings, certificates of deposit, money market accounts, mutual funds, stocks, bonds and imputed income from non-income producing assets, such as equity in real estate.

2. Except as otherwise specifically provided in this subchapter, the sources of income considered by the administrative agent shall be the types of regular income reported to the Internal Revenue Service and which can be used for mortgage loan approval. Household annual gross income shall be calculated by projecting current gross income over a 12-month period.

3. Assets not earning a verifiable income shall have an annual imputed interest income using a current average annual savings interest rate. Assets not earning income include present real estate equity. Applicants owning real estate must produce documentation of a market value appraisal and outstanding mortgage debt. The difference shall be treated as the monetary value of the asset and the imputed interest added to income. If the applicant household owns a primary residence with no mortgage on the property valued at or above the regional asset limit as published annually by COAH, a certificate of eligibility shall be denied by the administrative agent, unless the applicant's existing monthly housing costs (including principal, interest, taxes, homeowner and private mortgage insurance, and condominium and homeowner association fees as applicable) exceed 38 percent of the household's eligible monthly income.

4. Rent from real estate is considered income, after deduction of any mortgage payments, real estate taxes, property owner's insurance and reasonable property management expenses as reported to the Internal Revenue Service. Other expenses are not deductible. If actual rent is less than fair market rent, the administrative agent shall impute a fair market rent.

5. Income does not include benefits, payments, rebates, or credits received under any of the following: Federal or State low-income energy assistance programs, food stamps, payments received for children placed in resource family care, relocation assistance benefits, income of live-in attendants, scholarships, student loans, personal property such as automobiles, lump-sum additions to assets such as inheritances, lottery winnings, gifts, insurance settlements, and part-time income of persons enrolled as full-time students. Income, however, does include interest and other earnings from the investment of any of the foregoing benefits, payments, rebates, or credits.

(c) The administrative agent shall require each member of an applicant household who is 18 years of age or older to provide documentation to verify the member's income, including income received by adults on behalf of minor children for their benefit. Household members 18 years of age or older who do not receive income must produce documentation of current status.

(d) Income verification documentation may include, but is not limited to, the following for each and every member of a household who is 18 years of age or older:

1. Four consecutive pay stubs, not more than 120 days old, including bonuses, overtime or tips, or a letter from the employer stating the present annual income figure;
2. Copies of Federal and State income tax returns for each of the preceding three tax years;
3. A letter or appropriate reporting form verifying monthly benefits such as Social Security, unemployment, welfare, disability or pension income (monthly or annually);
4. A letter or appropriate reporting form verifying any other sources of income claimed by the applicant, such as alimony or child support;
5. Income reports from banks or other financial institutions holding or managing trust funds, money market accounts, certificates of deposit, stocks or bonds; and
6. Evidence or reports of income from directly held assets such as real estate or businesses.

(e) Court ordered payments for alimony or child support to another household, whether or not it is being paid regularly, shall be excluded from income for purposes of determining income eligibility.

(f) At the discretion of the administrative agent, households may also be required to produce documentation of household composition for determining the correct unit size and applicable median income guide.

(g) A certificate of eligibility may be withheld by the administrative agent as a result of an applicant's inability to demonstrate sufficient present assets for down payment or security deposit purposes, subject to development phasing that may provide opportunity for future savings.

(h) A certificate of eligibility may be withheld by the administrative agent as a result of an applicant's inability to verify funds claimed as assets, household composition or other facts represented.

(i) A certificate of eligibility shall be denied by the administrative agent as a result of any willful and material misstatement of fact made by the applicant in seeking eligibility.

(j) The administrative agent shall screen households that apply for low-and moderate-income housing for preliminary income eligibility, by comparing their total gross annual income to the regional low-and moderate-income limits adopted for that year by COAH.

(k) The following information shall promptly be provided to the administrative agent by the developer or sponsor of any project containing any affordable units subject to the requirements of this subchapter, upon the latter of either final municipal land use approval or issuance of a grant contract by a governmental authority:

1. The total number of units in the project, and number of restricted units, broken down by bedroom size, identifying which are low-and which are moderate-income units, and including street addresses of restricted units;
2. Floor plans of all affordable units, including complete and accurate identification of uses and dimensions of all rooms;
3. A project map identifying the locations of affordable units and market units;
4. A list of project principals or partners, together with a list of all other affordable projects in which they have been involved over the previous five years;
5. Projected construction schedule;
6. Proposed pricing for all units, including any purchaser options and add-on items;
7. A list of all public funding sources, and copies of grant or loan agreements for those sources;
8. Condominium fees or homeowner association and any other maintenance or other fees;
9. Estimated real property taxes for sale units;
10. Sewer, trash disposal and any other utility assessments;
11. Flood insurance requirement, if applicable;
12. A description of all HVAC systems;
13. Location of any common areas and elevators;
14. Proposed form of lease for any rental units;
15. The name of the person who will be responsible for official contact with the administrative agent for the duration of the project; and
16. The State-approved Planned Real Estate Development public offering statement and/or master deed where available.

(l) The administrative agent shall employ a random selection process when referring households for certification to affordable units.

5:80-26.17 Procedures for changing administrative agents

(a) In order to ensure an orderly transfer of control responsibility from a municipality to an administrative agent, from one administrative agent to another administrative agent, or other transfer, the following minimum requirements are necessary before or during the transition:

1. A letter advising of the change shall be sent to all low-and moderate-income homeowners in the case of ownership units, and all landlords or their agents in the case of rental developments;
2. In the case of ownership units, legal assignments to the name of the new administrative agent of all restriction instruments shall be prepared and recorded;
3. Hard copy files on each unit, to contain at a minimum the original deed restriction, repayment mortgage and mortgage note (if applicable), the application materials, verifications and certifications of all present owners, pertinent correspondence, any documentation of home improvement, hardship waiver or other approvals granted by the former administrative agent and other miscellaneous correspondence, shall be physically transferred to the custody of the incoming or new administrative agent; and
4. The new administrative agent must be provided with:
 - i. A written methodology, such as the operating manual required in this subchapter, applied in the past and to be applied in the future for a calculation of maximum resale prices and rents;
 - ii. The base sales price or initial base rent for each unit;
 - iii. Identification for each unit as to whether categorized as low-income or moderate-income;
 - iv. A description of the number of bedrooms and physical layout of each unit;
 - v. Floor plans; and
 - vi. In the case of condominiums and units within a homeowner association, a copy of the master deed and public offering statement.

(b) HAS shall assume the duties of administrative agent by default with respect to any restricted units that are not effectively under the supervision of a competently performing administrative agent as determined by COAH, in the case of

units receiving COAH credit, or by DCA, in the case of units receiving Balanced Housing funding but not receiving COAH credit.

Rewrote the section. Former N.J.A.C. 5:80-26.17, Enforcement, recodified to N.J.A.C. 5:80-26.18.

5:80-26.18 Enforcement

(a) By accepting State funds for affordable housing purposes, or by submitting to the jurisdiction of COAH, a municipality shall be deemed to have delegated to its administrative agent the day-to-day responsibility for implementing practices and procedures designed to ensure effective compliance with the controls set forth in this subchapter. The municipality, however, shall retain the ultimate responsibility for ensuring effective compliance with this subchapter.

(b) The administrative agent's enforcement responsibility for implementing such practices and procedures shall not be delegated or otherwise transferred to any other party, except to a successor administrative agent. Anything in this subchapter to the contrary notwithstanding, the Agency and DCA each may, in their discretion, contract with for-profit and nonprofit organizations to carry out delegated administrative agent functions, provided, however, that in any such case the Agency or DCA shall maintain primary responsibility for the delegated functions.

(c) The municipality shall:

1. Provide to the administrative agent the name, title and telephone number of the municipal official who shall be responsible for liaison with the administrative agent on all matters related to this subchapter;
2. Ensure that applicable local ordinances are not in conflict with, and enable efficient implementation of, this subchapter;
3. Retain or otherwise designate legal counsel for the purposes of representing any municipal entity acting as administrative agent and of enforcing the controls set forth in this subchapter;
4. Ensure that all restricted units are identified as affordable within the tax assessor's office and any municipal utility authority (MUA). The municipality and MUA shall promptly notify the administrative agent of a change in billing address, payment delinquency of two consecutive billing cycles, transfer of title, or institution of a writ of foreclosure on all affordable units; and
5. Provide all reasonable and necessary assistance in support of the administrative agent's efforts to ensure effective compliance with the controls set forth in this subchapter.

(d) Administrative agent practices and procedures shall include, but shall not necessarily be limited to, the following:

1. Securing from all developers and sponsors of restricted units, at the earliest point of contact in the processing of the project or development, written acknowledgement of the requirement that no restricted unit can be offered, or in any other way committed, to any person, other than a household duly certified to the unit by the administrative agent;

2. Requiring that all certified applicants for restricted units execute a certificate substantially in the form, as applicable, of either the ownership or rental certificates set forth in Appendices J and K;

3. The posting annually in all rental properties, including two-family homes, of a notice as to the maximum permitted rent together with the telephone number of the administrative agent where complaints of excess rent can be made;

4. Annual mailings to all owners of affordable dwelling units, reminding them of the following notices and requirements:

- i. If the unit is owner-occupied, that the unit may be resold only to a household that has been approved in advance and in writing by the administrative agent;

- ii. That no sale of the unit shall be lawful, unless approved in advance and in writing by the administrative agent, and that no sale shall be for a consideration greater than regulated maximum permitted resale price, as determined by the administrative agent;

- iii. That no refinancing, equity loan, secured letter of credit, or any other mortgage obligation or other debt secured by the unit may be incurred except as approved in advance and in writing by the administrative agent, and that at no time will the administrative agent approve any debt, if incurring the debt would make the total of all such debt exceed 95 percent of the then applicable maximum permitted resale price;

- iv. That the owner of the unit shall at all times maintain the unit as his or her principal place of residence, which shall be defined as residing at the unit at least 260 days out of each calendar year;

- v. That, except as set forth in N.J.A.C. 5:80-26.18(c)4vii, at no time shall the owner of the unit lease or rent the unit to any person or persons, except on a short-term hardship basis, as approved in advance and in writing by the administrative agent;

- vi. That the maximum permitted rent chargeable to affordable tenants is as stated in the notice required to be posted in accordance with N.J.A.C. 5:80-26.18(d)3, a copy of which shall be enclosed, and that copies of all leases for affordable rental units must be submitted annually to the administrative agent;

vii. If the affordable unit is a two-family home, that the owner shall lease the rental unit only to certified households approved in writing by the administrative agent, shall charge rent no greater than the maximum permitted rent as determined by the administrative agent, and shall submit for written approval of the administrative agent copies of all proposed leases prior to having them signed by any proposed tenant; and

viii. That no improvements may be made to any unit that would affect its bedroom configuration, except as provided in subsection (a) of N.J.A.C. 5:80-26.9(a) and in any event, that no improvement made to the unit will be taken into consideration to increase the maximum permitted resale price, except for improvements approved in advance and in writing by the administrative agent;

5. Securing annually from municipalities lists of all affordable housing units for which tax bills are mailed to absentee owners, and notifying all such owners that they must either move back to their unit or sell it;

6. Establishing a program for diverting unlawful rent payments to the municipality's affordable housing trust fund or other appropriate municipal fund approved by the DCA. For purposes of this subsection, unlawful rent payments shall mean:

i. All rent monies paid by a person who has not been duly certified in accordance with the provisions of N.J.A.C. 5:80-26.16;

ii. All rent paid by a person or persons renting an ownership unit from an owner who has moved out of his or her unit illegally;

iii. Rent paid by a lawful tenant in excess of amounts permitted by law; and

iv. Rent paid to an affordable owner who is claiming a hardship, when the owner has not received prior authorization from the administrative agent as is provided for under the provisions of N.J.A.C. 5:80-26.7(a); and

7. Establishing a rent-to-equity program, to be implemented in situations where an affordable owner has unlawfully rented out his or her unit, and where the tenant has entered into a tenancy without knowledge of its unlawful nature. Under such rent-to-equity program, the tenant, including the immediate family of such tenant, shall be given an opportunity to purchase the unit from the affordable owner, and the affordable owner shall be compelled to sell the unit to the tenant, with the total of all rent paid to the owner being credited to tenant as down payment money paid to the affordable owner. Anything herein to the contrary notwithstanding, any person offered a unit under such a rent to equity program must first be certified as eligible under the provisions of N.J.A.C. 5:80-26.16.

(e) Banks and other lending institutions are prohibited from issuing any loan secured by owner-occupied real property subject to the affordability controls set forth in this subchapter, if such loan would be in excess of amounts permitted

by the restriction documents recorded in the deed or mortgage book in the county in which the property is located. Any loan issued in violation of this subsection shall be void as against public policy.

(f) The Agency, COAH and the DCA hereby reserve, for themselves and for each administrative agent appointed pursuant to this subchapter, all of the rights and remedies available at law and in equity for the enforcement of this subchapter.

5:80-26.19 Appeals

Appeals from all decisions of an administrative agent appointed pursuant to this subchapter shall be filed in writing with the Executive Director of the Agency. When acting in this capacity, the Executive Director may appoint one or more employees of the Agency, COAH and/or the Department of Community Affairs to assist him or her in rendering the final decision, whenever he or she, in his or her sole discretion, determines that committee participation would materially promote a fair and just disposition of the appeal. A written decision of the Executive Director upholding, modifying or reversing an administrative agent's decision shall be a final administrative action.

5:80-26.20 Option to buy 95/5 units

(a) Each 95/5 unit shall be subject to an option permitting purchase of the unit at the maximum allowable restricted sales price at the time of the first non-exempt sale after controls on affordability have been in effect on the unit for the period specified in N.J.A.C. 5:93-9.2. The option to buy shall

be available to the municipality, the DCA, the Agency, or a qualified non-profit entity as defined in this chapter.

(b) The owner of a 95/5 unit shall notify the administrative agent and COAH by certified mail of any intent to sell the unit 90 days prior to entering into an agreement for the first non-exempt sale after controls have been in effect on the housing unit for the period specified in N.J.A.C. 5:93-9.2.

(c) Upon receipt of such notice, the option to buy the unit at the maximum allowable restricted sales price or any mutually agreed upon sales price that does not exceed the maximum allowable restricted sales price shall be available for 90 days. The administrative agent shall notify the municipality, the DCA, the Agency, and COAH that the unit is for sale. The municipality shall have the right of first refusal to purchase the unit. If the municipality exercises this option, it may enter into a contract of sale. If the municipality fails to exercise this option within 90 days, the first of the other entities giving notice to the seller of its intent to purchase during the 90-day period shall be entitled to purchase the unit. If the option to purchase the unit at the maximum allowable restricted sales price is not exercised by one of the above entities by a written offer to purchase the housing unit within 90 days of receipt of the intent to sell, the owner may proceed to sell the housing unit pursuant to N.J.A.C. 5:93-9.8. If the owner does not sell the unit within one year of the date of the delivery of notice of intent to sell, the option to buy the unit shall be restored and the owner shall be required to submit a new notice of intent to sell 90 days prior to any future proposed date of sale.

(d) Any option to buy a housing unit at the maximum allowable restricted sales price shall be exercised by certified mail and shall be deemed exercised upon mailing.

5:80-26.21 Municipal option on 95/5 units

(a) Any municipality that elects to purchase a 95/5 unit pursuant to N.J.A.C. 5:93-9.4 may:

1. Convey or rent the unit to a low-or moderate-income purchaser or tenant at a price or rent not to exceed the maximum allowable restricted sales price or rent provided the unit is controlled by a deed restriction in accordance with Appendix A or an alternative form approved by COAH; or

See: 36 N.J.R. 3655(a), 36 N.J.R. 5713(a).

5:80-26.24 Seller option on 95/5 units

(a) An eligible seller of a 95/5 unit that has been controlled for the period established in N.J.A.C. 5:93-9.2 who has provided the requisite notice of an intent to sell, may proceed with the sale if no eligible entity as outlined in N.J.A.C. 5:80-26.19(c) and 26.22 exercises its option to purchase within 90 days.

(b) Subject to N.J.A.C. 5:93-9.9, the seller may elect to:

1. Sell to a certified household at a price not to exceed the maximum permitted sales price in accordance with existing COAH rules, provided that the unit is regulated by the deed restriction and lien adopted by COAH, appended to this subchapter as Appendix B for a period of at least 30 years; or

2. Exercise the repayment option and sell to any purchaser at market price, providing that 95 percent of the price differential is paid to the administrative agent, as an instrument of the municipality, at closing.

(c) If the sale will be to a qualified low-or moderate-income household, the administrative agent shall certify the income qualifications of the purchaser and shall ensure the housing unit is regulated by the deed restriction and lien required by COAH, which has been appended to this subchapter as Appendix B.

(d) The administrative agent shall examine any contract of sale containing a repayment option to determine if the proposed sales price bears a reasonable relationship to the housing unit's fair market value. In making this determination, the administrative agent may rely on comparable sales data or an appraisal. The administrative agent shall not approve any contract of sale where there is a determination that the sales price does not bear a reasonable relationship to fair market value. The administrative agent shall make a determination within 20 days of receipt of the contract of sale and shall calculate the repayment option payment.

(e) The administrative agent shall adopt an appeal procedure by which a seller may submit written documentation requesting the administrative agent to recompute the repayment obligation if the seller believes an error has been made, or to reconsider a determination that a sales price does not bear a reasonable relationship to fair market value. (f) The repayment shall occur at the date of closing and transfer of title for the first non-exempt transaction after the expiration of controls on affordability.

5:80-26.25 Municipal rejection of repayment option on 95/5 units

(a) A municipality shall have the right to determine that the most desirable means of promoting an adequate supply of low-and moderate-income housing is to prohibit the

exercise of the repayment option and maintain controls on lower income housing units sold within the municipality beyond the period required by N.J.A.C. 5:93-9.2. Such determination shall be made by resolution of the municipal governing body and shall be effective upon filing with COAH. The resolution shall specify the time period for which the repayment option shall not be applicable. During such period, no seller in the municipality may utilize the repayment option permitted by N.J.A.C. 5:93-9.8.

(b) Municipalities that exercise the option outlined in (a) above shall:

1. Provide public notice in a newspaper of general circulation; and

2. Notify the administrative agent and COAH of its governing body's action.

(c) The administrative agent shall ensure that the deed restriction on all affected housing units reflects the extended period of controls.

New Rule, R.2004 d.475, effective December 20, 2004.
See: 36 N.J.R. 3655(a), 36 N.J.R. 5713(a).

(j) Once the Agency has approved a project's initial repair and replacement reserve funding schedule, the housing sponsor may submit a written request to the Director to invest escrow funds in investments specified in (b)1 through 6 and 10 above, as permitted by this subchapter. The project's escrow funds must be invested with the Agency's designated investment services firm, not in the New Jersey Cash Management Fund, at the time of such request in order for the request to be considered by the Agency. Agency staff shall determine, pursuant to the standards set forth in (b) through (h) above, the amounts of escrow funds which are the subject of the request that shall be limited to the investments set forth in (b)7 through 9 above, and shall determine whether the investments selected by the housing sponsor are permitted pursuant to (b) above.

“Eligible LD sponsor” means a for-profit corporation or partnership organized under, and remaining subject to, the Limited Dividend Law, P.L. 1949, c. 184, § 1 et seq., as amended (N.J.S.A. 55:16-1 et seq.) (repealed by P.L. 1991, c. 431, § 20 (N.J.S.A. 40A:20.1 et seq.)), that owns and operates an Agency-financed, multifamily, rental housing project that, in each of the three fiscal years preceding the housing investment sale, had:

1. Produced a positive cash flow from operations; and
2. Been current in all debt service and escrow payments required by the Agency.

“Housing investment sale” means a previously completed transaction that promotes the provision or maintenance of low and moderate income housing, as defined pursuant to the Fair Housing Act, N.J.S.A. 52:27D-301 et seq., through the sale by an eligible LD sponsor of an Agency-financed, multifamily, rental housing project to a qualified housing sponsor upon the following terms:

1. The buyer executed a deed restriction (and such other instruments reasonably required by the Agency) at the closing of the housing investment sale to ensure that the project will remain affordable to low and/or moderate income tenants as provided in the original mortgages; and subject to Agency restrictions regarding tenant income eligibility, tenant selection, project reserves, return on equity, rent increases, and the provisions at N.J.S.A. 55:14K-7b for 35 years after the expiration of the term of the project mortgage. The foregoing documents shall also have provided for the payment of a servicing fee to the Agency through the end of the additional 35 years for monitoring the restrictions that apply to the project, such fee not being less than the servicing fee being paid by the eligible LD sponsor seller at the time of the housing investment sale; and

2. The eligible LD sponsor invested an amount equal to 50 percent of the maximum additional return in the Housing Investment Sale.

“Housing Investment Sales Account” means an account established under the Agency’s administrative fund. “Maximum additional return” means the additional return that was payable to the owners of an eligible LD sponsor under the Limited Dividend Law but not under the Housing and Mortgage Finance Agency (HMFA) Law, N.J.S.A. 55:14K-1 et seq.

5:80-32.4 Return on equity

(a) Buyers are eligible to earn a return on equity based upon any equity investment in the project, including the developer's fee that is being pledged as equity. The rate of return shall be established pursuant to N.J.A.C. 5:80-3.3(e), unless the buyer elects to qualify for enhanced return on equity under (b) below. During the regulatory period, after expiration of the term of the Agency mortgage, the return on equity restrictions shall continue as provided in this section until the owner funds an operating reserve account in the amount provided in N.J.A.C. 5:80-5.10(b)7. The operating reserve account shall be maintained until the expiration of the deed restriction and administered as provided in N.J.A.C. 5:80-5.10(b)7. If the operating reserve account is used, the return on equity restrictions hereunder shall be reinstated until the operating reserve account is again fully funded.

(b) Buyers who agreed to fund a capital improvement account, and agree to preserve the low-income status of the project for an additional 15 years, as provided below, may receive enhanced return on equity during the term of the Agency's mortgage through a split of the project's residual receipts on a 50/50 basis with the Agency.

1. The capital improvement account would be in addition to the reserve for repair and replacement account, the operating reserve account, and any rehabilitation expenditures escrow funded in connection with secondary financing. The capital improvement account shall be used for capital improvements, repairs, maintenance and any other expense of the project which will help ensure that the project is maintained as safe and sanitary rental housing during the mortgage term and thereafter. Ten percent of the annual residual receipts must be deposited into the capital improvement account prior to distribution of the residual receipts between the Agency and owner;

2. The buyer shall execute a deed restriction which preserves the project as affordable rental housing for an additional 15-year period, subject to the same Agency restrictions as are applicable during the 35-year period under the definition of housing investment sales in N.J.A.C. 5:80-32.1;

3. The Agency's annual share of the residual receipts shall be deposited into the Housing Investment Sales Account;

4. Buyers who elect to participate in this option must have made such election at the time of closing. Buyers may elect to participate subsequent to closing, provided they fund the capital improvement account with an amount equivalent to the amount that would have been required since closing and distribute 50 percent of the accumulated residual receipts to the Agency for deposit into the Housing Investment Sales Account.

(c) The distribution of amounts to the buyer pursuant to this section shall be subject to those conditions set forth at N.J.A.C. 5:80-3.4.

SUBCHAPTER 33. LOW-INCOME HOUSING TAX
CREDIT QUALIFIED ALLOCATION PLAN

5:80-33.1 Introduction

(a) Section 42 of the Internal Revenue Code of 1986 (Code), 26 U.S.C. § 42, establishes a low-income housing tax credit that may be applied against the Federal income tax of persons or associations who or which have invested in certain buildings providing housing for families of low-income. As the housing credit agency for the State of New Jersey, the New Jersey Housing and Mortgage Finance Agency (NJHMFA) allocates these credits to qualified taxpayers and thereafter monitors their compliance with Section 42 of the Code. The rules in this subchapter set forth the standards and procedures used by NJHMFA to perform its allocation and monitoring responsibilities and this subchapter represents the qualified allocation plan for New Jersey required by Section 42 of the Code.

(b) In each calendar year, the total dollar value of the credits that can be allocated pursuant to this subchapter, except for the credits issued in connection with buildings financed with the proceeds of certain tax-exempt bonds, is limited by the State housing credit ceiling provided at Section 42 of the Code. NJHMFA, therefore, has determined to award these limited credits on a competitive basis. Applicants seeking an allocation of these credits must apply pursuant to one of the cycles set forth at N.J.A.C. 5:80-33.4, 33.5, or 33.6. NJHMFA ranks the applications received in each cycle according to the respective point scales provided at N.J.A.C. 5:80-33.15, 33.16, and 33.17. The credits assigned to each cycle are then reserved for the highest-ranking applications that meet the eligibility requirements set forth at N.J.A.C. 5:80-33.12.

(c) Credits issued in connection with buildings financed with the proceeds of tax-exempt bonds subject to the volume cap restrictions provided at Section 42(h)(4) of the Code are not limited by the State housing credit ceiling and, therefore, are not allocated on a competitive basis. Applicants seeking such "volume cap tax credits" are directed to the provisions at N.J.A.C. 5:80-33.9.

(d) Every applicant shall comply with the requirements of this subchapter and ensure that any application presented to NJHMFA is clear, unambiguous, and complete in all respects at the time of submission.

(e) These rules shall be construed and administered in a manner consistent and in accordance with the Code and regulations promulgated thereunder.

(f) Compliance with the requirements of the Code is the sole responsibility of the owner of the building for which the credit is allowable. NJHMFA makes no representations to the owner or anyone else as to compliance with the Code, Federal regulations issued pursuant to the Code, or any other laws or regulations governing Low-Income Housing Tax Credits, or as to the financial viability of any project. All applicants should consult their accountant, tax attorney, or advisor as to the specific requirements of Section 42 of the Code governing the Low-Income Housing Tax Credit Program.

(g) This subchapter has been promulgated in a manner consistent with the smart growth initiatives required pursuant to Executive Order No. 4 (2002).

5:80-33.2 Definitions

The following words and terms, as used in this subchapter, shall have the following meanings, unless the context clearly indicates otherwise.

"Area median income" or "AMI" means the midpoint of a region's income distribution, that is, one-half of the families in a region earn more than the area median income and one-half of the families earn less than the area median income. The area median income is calculated by the U.S. Department of Housing and Urban Development (HUD) for every metropolitan region in the country.

“At risk of losing its affordability controls” means a project with a deed restriction that expires within five years of the date of the new tax credit allocation that is “likely” to convert to market rate (as supported by the market analysis at N.J.A.C. 5:80-33.12(c)1ii), a project with project-based assistance that expires within five years of the date of the new tax credit allocation, a project that may be condemned, or a project that is subject to foreclosure, unless NJHMFA determines such acquisition is part of an arrangement a purpose of which is to terminate such affordability controls. For multi-phase projects, forestalling of a foreclosure by funding of the initial phase shall not preclude latter phases of the same project from qualifying for the set-asides at N.J.A.C. 5:80-33.4(a)1 and 33.5(a)1, provided the latter phases satisfy the remaining elements of the definition of “preservation project” below.

“At risk of losing its level of affordability” means that operating expenses or capital repair needs are so high that, without an award of tax credits, only very high rent increases will keep the project in an acceptable condition and financially feasible. If the current owner or a related party of the current owner retains an ownership interest in the project post-rehabilitation, the owner must demonstrate it did not materially contribute to the decline of the property that created the high operating expenses or capital repair needs.

“Average income set-aside” means an election made by a taxpayer on IRS Form 8609 that requires the income designations of at least 40 percent of the units in a housing project to average 60 percent or less of area median income (AMI). For underwriting purposes, the average of all income designations of tax-credit-eligible tenants shall not exceed 57.5 percent of AMI. Designated income/rent levels for tax-credit-eligible units may only be set at 10-percent increments, ranging from 20 percent of AMI up to 80 percent of AMI, and may not be amended without NJHMFA approval. All Federal minimum set-aside elections are irrevocable.

“Brownfield site” means, pursuant to the Brownfield and Contaminated Site Remediation Act, N.J.S.A. 58:10B-1 et seq., “any former or current commercial or industrial site that is currently vacant or underutilized and on which there has been, or there is suspected to have been, a discharge of a contaminant.” As evidence, applicants shall submit a Remedial Action Work Plan or Response Action Outcome (RAO) approved by the New Jersey Department of Environmental Protection (DEP) or its designee (a Licensed Site Remediation Professional or LSRP) or a No Further Action (NFA) letter issued by the DEP within the past 10 years. The NFA shall be for an unrestricted use or, if it is for a limited restricted use, the applicant shall provide confirmation from an LSRP that the proposed development may still be constructed consistent with the limited use.

“Center” means an efficient and compact form of development having one or more mixed-use Cores as well as residential neighborhoods and green spaces. Center designations are based on the area, population, density, and employment of the Center being considered and features of the surrounding

areas. Centers can range in scale from very large, an urban center, to the smallest, a hamlet. Centers range in scale in the following order: urban, regional, town, village, and hamlet.

“Certified minority and/or women business enterprise” or “certified M/WBE” means a minority- and/or women-owned business or enterprise that is registered with, and certified by, the Division of Revenue and Enterprise Services, Uniform Certification Service in the State of New Jersey Department of the Treasury. Information on how to register as a certified M/WBE is available at <https://www.state.nj.us/treasury/revenue/ucs.shtml>.

“Code” means the Internal Revenue Code, 26 U.S.C. §§ 1 et seq.

“Common area” means elements of a property available for use by all tenants.

“Community benefits agreement” means a contract between the developer and the municipality, separate from any redevelopment agreement(s), to provide specific amenities to residents of a particular census tract or tracts. A community benefits agreement must be approved by the municipality’s governing body and include elements such as, but not limited to, investments in food desert remediation, green spaces, education, and healthcare for residents.

“Complete application” means an application submitted to NJHMFA that includes the application fee, completed application forms and certifications, and that meets all eligibility requirements as set forth at N.J.A.C. 5:80-33.12.

“Continuum of care” or “CoC” means one of the 16 local planning bodies in New Jersey that coordinate service providers and other interested parties to prevent and end homelessness, as authorized by subtitle C of title IV of the McKinney-Vento Homeless Assistance Act of 1987, 42 U.S.C. §§ 11431-11435.

“Core” means a pedestrian-oriented area of commercial and civic uses serving the surrounding municipality or Center, generally including housing and access to public transportation.

“Core operating expenses” means expenses for administration, salaries, maintenance and repairs, maintenance contracts, and insurance.

“DCA” means the New Jersey Department of Community Affairs, established in the executive branch of State government pursuant to N.J.S.A. 52:27D-1.

“Density bonus” means an economic benefit for low- and moderate-income housing developers resulting from a zoning change that increases permitted density. The determination of whether a project is the recipient of a density bonus shall be made by the municipality or, in the case of a court-ordered project, the Superior Court judge or special master with jurisdiction over the suit.

“Designated Center” means a Center that has been officially recognized as such by the State Planning Commission. In the Pinelands Area, Designated Center means a Regional Growth Area, Pinelands Village, or Pinelands Town designated by the Pinelands Commission.

“Designated Highlands Center” means a Center that has been officially recognized by the Highlands Council.

“Developer fee” or “development fee” means the fee that encompasses the developer’s overhead and profit. Certain fees are subsumed within the developer fee—such as acquisition fees, compensation to the general partner, financial consultants, employees of the developer, construction managers/monitors, clerk of the works, and syndicator-required consultants. Professional fees not paid out of the developer fee are the fees for the architect, engineer, lawyer, accountant, surveyor, appraiser, soil investigator, professional planner, historical consultant, and environmental consultant. (If there are costs listed under the professional planner, the executed contract shall be submitted. Only those costs NJHMFA determines are for planning purposes shall be shown as a separate line item.) All other consultant and professional fees shall be included in the developer fee and are not allowed to be shown as separate line items on the tax credit application; otherwise, those fees shown separately will be added to the developer fee line item.

The developer fee contained in the application shall be the maximum fee (dollar amount) recognized by NJHMFA at the time of cost certification so long as the project scope remains the same.

Any fee paid to the developer in excess of the developer fee, such as an acquisition fee, incentive developer fee, or other pseudonym, shall be treated as a funding source and may not be recognized as a use of funds.

To the extent there is a reasonable expectation of repayment (as evidenced by available cash flow and/or confirmation by the applicant’s syndicator/investor or tax attorney), the amount of developer fee allowed for eligible rehabilitation or new construction costs is limited to 15.00 percent of total development cost excluding acquisition (that is, land and building) cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication. However, a developer fee of up to 20.00 percent of total development cost excluding acquisition (that is, land and building) cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication is allowed for the following types of housing:

1. Scattered site single-family detached or duplex housing;
2. Projects of 25 units or less; or
3. Supportive Housing Cycle projects.

The non-deferred portion of the developer fee shall not exceed 8.00 percent (13.00 percent for the three types of housing referenced at 1, 2, and 3 above) of total development cost excluding acquisition cost, working capital, marketing expenses, escrows, operating deficit reserves, step-in-the-shoes costs, and costs associated with syndication.

A developer fee of up to 4.00 percent shall be permitted for building acquisition costs, but the non-deferred portion shall not exceed 2.00 percent. The cost of acquiring a building shall not be allowed in the calculation of the developer fee if the acquisition is between related parties. A related party, as used in this definition, means a relationship between parties when there is a spousal or family relationship, parent-subsidiary relationship, or where owners, officers, directors, partners, stockholders, or members of one business entity hold a 10.00 percent or more interest in the other business entity.

“Eligible basis limits” are limitations on total eligible basis (except for projects in the Supportive Housing Cycle or those projects that receive credits from volume cap). A project whose total eligible basis exceeds its applicable eligible basis limit may participate in the tax credit program; however, the maximum amount of credits allowed to the project will be limited to the amount of the eligible basis limit applicable to the project. The eligible basis limit is not a per se limit on eligible basis as defined in the Code but is a mechanism that facilitates NJHMFA’s exercise of its authority to limit tax credits to what is necessary to finance projects. See Code Section 42(m). The eligible basis limits are listed in the application and may change as market conditions dictate. For all projects receiving credits from the State housing credit ceiling, NJHMFA shall also limit the eligible basis used for calculating the tax credit in the following manner:

1. A maximum of three percent per annum construction loan interest on unamortized, soft financing shall be recognized in eligible basis; and
2. Duplicative professional costs shall not be recognized in eligible basis. For example, for HOPE VI/Replacement Housing projects in which both the public housing authority and the developer retain their own construction managers, architects, engineers, etc., only the fees for services retained by the developer shall be recognized in eligible basis.

“Equity range” means the range of tax credit pricing that NJHMFA shall utilize in its needs analysis. The equity range is listed in the application and may change as market conditions dictate.

(Excluded from the calculation are common halls, stairways, unfinished basements and attics, garages, balconies, and porches.) "LIHTC project" means a project participating in NJHMFA's Low-Income Housing Tax Credit Program.

"Low-density" means a building having one to four residential floors or stories.

"Minimum rehab project" means any project undertaking only a minimum amount of rehabilitation. Minimum rehab is defined as construction cost totaling less than \$30,000 per unit. The application shall include the following:

1. Documentation that the property is at risk of losing its affordability controls or level of affordability;

"Qualified nonprofit organization" means, pursuant to Section 42(h)(5)(B) of the Code, an entity that owns an interest in the project (directly or through a partnership) and materially participates (within the meaning of Section 469(h) of the Code) in the development and operation of the project throughout the compliance period and is not affiliated with or controlled by a for-profit organization.

When the project is placed in service, the owner shall be required to provide a written legal opinion attesting that neither the for-profit developer with a financial interest in the project nor any member of the investor limited partner is or has been a member of the qualified nonprofit organization's board of directors.

"Ready to grow area" means an area that has the capacity for growth and has received recognition from the State of this capacity, either through a planning process or through documentation that adequate water supply and wastewater infrastructure are available to serve the project. A project shall be considered to be in a ready to grow area if it is located within at least one of the areas designated at 1 and 2 below by the tax credit application deadline:

1. A smart growth area or, alternatively, an area suitable for growth as may be defined when the State Planning Commission revises and readopts the State Strategic Plan and adopts regulations to refine this definition as it pertains to Statewide planning areas; and
2. An area that has the water and wastewater capacity and infrastructure to serve the project and that also has at least one of the features at 2i through vi below:
 - i. Is a redevelopment project;

ii. Is located within a previously Designated Center on the State Plan Policy Map;

iii. Is located within a municipality whose master plan has received Plan Endorsement from the State Planning Commission and the project is consistent with the housing element within the endorsed master plan;

iv. Contains a site with an existing building footprint within which the project will be built;

v. Is located within a designated Highlands Redevelopment Area, a Designated Highlands Center, or a Highlands Development Credit Receiving Area; or

vi. Is located within an area identified for development and/or redevelopment within the Hackensack Meadowlands District as shown on the Hackensack Meadowlands District Official Zoning Map, as amended and supplemented by the NJSEA.

"Redevelopment project" means a project fully located within a "redevelopment area" or "area in need of redevelopment" or a "rehabilitation area" or "area in need of rehabilitation," as those four terms are defined in the Local Redevelopment and Housing Law at N.J.S.A. 40A:12A-3, or within the boundary of an approved "neighborhood revitalization plan," as defined in the Neighborhood Revitalization State Tax Credit Act at N.J.S.A. 52:27D-491. No later than the application deadline, the redevelopment plan must be adopted by the municipal governing body or the neighborhood revitalization plan must be approved by the Commissioner of DCA. The project must further the approved plan's goals and objectives.

"Rehabilitation" or "rehab" means the repair, renovation, alteration, or reconstruction of any building or structure.

"Related party" means a relationship between parties when there is a spousal or family relationship, parent-subsidiary relationship, or where owners, officers, directors, partners, stockholders, or members of one business entity hold an interest of 10 percent or more in the other business entity.

"Retention factor" means an increase to the base of the equity range used to calculate the value of the tax credits. NJHMFA will add a retention factor to non-syndicated tax credit projects, or projects where the general partner (and/or related entity) will retain at least a 2.00 percent ownership interest. For projects where the general partner's ownership interest is between 2.01 and 5.00 percent, \$.05 shall be added to the base of the equity range. If the general partner's ownership interest is 5.01 to 49.99 percent, \$.10 shall be added to the base of the equity range. “Senior project” means “housing for older persons” as defined at Section 807(b)(2) of the Fair Housing Act, 42 U.S.C. § 3607, as it may be amended. In order to be eligible for the Age-Friendly Senior Cycle, the project must meet one of the three categories of exempt “housing for older persons” as defined by the Fair Housing Act:

1. At least 80 percent of the occupied units in the building are occupied by at least one person 55 years or older and the property is clearly intended for older persons as evidenced by policies and procedures that demonstrate the intent that the property be housing for older persons (55 years and older);
2. All the residents are 62 or older; or
3. Housing that the Secretary of HUD has designated as housing for older persons.

The familial status provisions of the Fair Housing Act prohibit discrimination against households with children under 18. This protection extends to pregnant women, foster families, legal guardians, and those in the process of obtaining guardianship of or of adopting minor children. The only exception to this prohibition against discrimination based on familial status is for property that qualifies under a Fair Housing Act exemption as “housing for older persons.”

Refusing to rent to households with children is allowed under the exemption for housing for older persons as long as the age restrictions are met. Accordingly, in these properties, managers must verify the age of residents. Age verification documentation must be available on site; failure may lead to a loss of the exemption. For questions about whether a property qualifies for the exemption as housing for older persons, a fair housing attorney or other fair housing professional should be consulted.

“Services for Independent Living (SIL) Program” means a program established at NJHMFA to enhance the quality of life for residents living in NJHMFA-financed senior housing developments.

In the Pinelands Area, an area shall be considered a smart growth area if it is within a Regional Growth Area, a Pinelands Village, or a Pinelands Town.

The services must be affordable and appropriate to the target population to the satisfaction of NJHMFA, available and accessible to the project’s tenants, and the social service provider must have the capacity to perform such services. The social services plan must address the support service needs of the target population(s) and may include a range of services across a wide continuum of care and intensity appropriate to the target population(s). Appropriate and needed services must be supported by evidence-based practice, research, and/or direct practice experience. If a social service coordinator is being provided through a third party, then a signed agreement between the two parties is required, and the coordinator must be dedicated to the tax credit project for a reasonable amount of hours based on the number of supportive housing units in the project (generally 20 hours per week). For projects that have set aside five percent of the units for supportive housing units, a minimum of five hours per week is required (at least 10 hours per week is recommended);

2. A description of the targeted population(s), including criteria that will qualify proposed tenants for the supportive housing units and expected support services that are likely to be required;

“Start construction” means to issue a notice to proceed to a project’s contractor, mobilize equipment on the site, and physically commence construction/site work. NJHMFA reserves the right to conduct a site inspection to ensure the timely start of construction.

“Successfully developed and operated” means a tax credit project with no uncorrected HUD Form 8823s that has achieved 93-percent occupancy and has maintained a permanent debt service coverage ratio of at least 1.15 percent for six consecutive months during the project’s most recent full fiscal year preceding the application deadline.

A supportive housing population needs analysis shall address the following:

1. The scope of the current and 15-year projected need of the target population(s) for supportive housing;
2. Define the market area, including sources of referrals for supportive housing;
3. Current and estimated population needs assessment for the defined market area. Applicants can obtain this information from Federal, State, and local agencies and sources;

At a minimum, a supportive housing project must have a social service coordinator and a social services plan that addresses the needs of the identified special needs population. If a social service coordinator is being provided through a third party, then a signed agreement between the two parties is required and the coordinator must be dedicated to the tax credit project for at least 20 hours per week. Special needs populations include individuals and families who are in need of certain types of homes and/or community-based supportive services, usually on an ongoing basis, in order to remain capable of independent living in communities. Supportive services range across a wide continuum of care (such as meal preparation, assistance with housecleaning, etc.) to high level (such as substance abuse and mental health supports) to medically intense (such as skilled nursing) and will vary from person to person depending on their particular physical, psycho-social, and/or mental limitations, and may vary for one person over time. Each special needs tenant does not have to utilize all of the services provided by the

project; however, the services must be available. If tenants are not utilizing the services that are available, NJHMFA may call into question whether the project is serving a special needs population.

Examples of supportive services include, but are not limited to, the following:

1. Social service coordinator/case manager;
2. Counseling and crisis intervention;

The New Jersey Department of Transportation coordinates the Task Force composed of various State agencies that review municipal applications and make recommendations.

Transit Villages must be designated by the tax credit application deadline.

“Uncorrected noncompliance” means any one of the following that was reported to the owner by NJHMFA. With respect to the point category only, this refers to noncompliance that remains uncorrected as of the date of the tax credit application deadline or the correction date set forth in the formal notice of non-compliance, whichever occurs later:

Case Notes

A developer's receipt of any form of zoning relief or other accommodation from a municipality does not bar low income housing tax credits against federal income taxes under the regulation that prohibits such credits if the developer has received a density bonus subsidy to assist the low or moderate income units in a project; the definition of "density bonus subsidy" as a zoning change that increases permitted density refers to the permitted density of housing units. 5:80-33.4 Family Cycle

(a) Non-age-restricted developments may apply to this cycle. Not less than 50 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles will be available in the Family Cycle, and the maximum annual allocation of credits to any one development competing in this cycle is \$2,000,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space or up to

\$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demonstrate successful experience with the established methodologies required to produce an adaptive reuse project. If multiple tranches of this cycle are awarded, all set-asides for this cycle will be applicable to each tranche. Minimum rehab projects are not eligible to apply in this cycle. Unless market area demographics and/or financial feasibility demonstrate otherwise, all non-age-restricted projects (except preservation and historic rehabilitation projects) must adhere to the following minimum bedroom distributions: the combined number of efficiency and one-bedroom tax credit units shall be no greater than 20.00 percent of the tax credit units; at least 30.00 percent of the tax credit units shall be two-bedroom units; and at least 20.00 percent of the tax credit units shall be three-bedroom units. There are two set-asides in the Family Cycle:

1. Mixed-Income set-aside: The first reservation of credits from the Family Cycle shall be awarded to one project that contains up to 55 percent affordable units and is located outside of a Targeted Urban Municipality. Up to \$30,000 in credits per tax-credit-eligible unit are available and the maximum annual allocation of credits is \$2,000,000. The limits on total development costs do not apply to this set-aside. The project's market study as provided for at N.J.A.C. 5:80-33.12(c)1ii shall clearly demonstrate that the tax credit units in the project provide a minimum 20-percent market advantage compared to comparable market-rate units. The project shall achieve a minimum of 65 percent of the maximum score under the ranking criteria established at N.J.A.C. 5:80-33.15, including the maximum points stipulated at N.J.A.C. 5:80-33.15(a)1i, regarding extended affordability; 5:80-33.15(a)1ii, regarding site selection; 5:80-33.15(a)14ii, regarding proximity to public transportation; and 5:80-33.15(a)14iii, regarding high-performing schools. Should multiple projects be deemed eligible at the same Tax Credit Committee meeting, credits shall be awarded in accordance with the tiebreaker at N.J.A.C. 5:80-33.19(a)1. If, because of lack of demand, the mixed-income set-aside is not utilized, the credits therein shall be released into the Family Cycle.

2. Preservation set-aside: The second and third reservations of credits from the Family Cycle shall be given to the two highest-ranking eligible applications from preservation set-aside projects. The maximum annual allocation of credits to developments competing in this set-aside is \$1,400,000. If, because of lack of demand, the preservation set-aside is not utilized, the credits in the preservation set-aside shall be released into the Family Cycle.

(b) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(c) Reservations shall first be awarded to the highest-ranking eligible projects qualifying for the mixed-income and preservation set-asides. Thereafter, reservations shall be awarded to the highest-ranking eligible projects under the scoring and ranking criteria at N.J.A.C. 5:80-33.15. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single municipality, NJHMFA shall fund no more than two projects per year from the same municipality with a population of less than 100,000 and no more than three projects per year from the same municipality with a population of 100,000 or more based on the most recent American Community Survey Table DP05 (ACS 5-Year Demographic and Housing Estimates), U.S. Census Bureau (however, projects funded through the Supportive Housing Cycle will not be included in this count). To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. Funding of projects shall be prioritized in the following manner: the highest-ranking eligible project(s) in the Family Cycle, followed by the Age-Friendly Senior Cycle. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Family Cycle.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal "Coronavirus State Fiscal Recovery Fund" dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in Targeted Urban Municipalities (TUMs), seeking to maintain a lower constraint of not less than 50 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal "Coronavirus State Fiscal Recovery

Fund" dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 40 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 35 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

5:80-33.5 Age-Friendly Senior Cycle

(a) Senior projects may apply to this cycle. Not less than 20 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles will be available in the Age-Friendly Senior Cycle, and the maximum annual allocation of credits to any one development competing in this cycle is \$1,600,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space, or up to \$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demonstrate successful experience with the established methodologies required to produce an adaptive reuse project. If multiple tranches of this cycle are awarded, all set-asides for this cycle will be applicable to each tranche. Minimum rehab projects are not eligible to apply in this cycle. Unless market area demographics demonstrate otherwise, one-bedroom units should compose at least

85 percent of the project. There is one set-aside in the Age-Friendly Senior Cycle, the preservation set-aside. The first and second reservations of credits from the Age-Friendly Senior Cycle shall be given to the highest-ranking eligible applications from preservation set-aside projects. The maximum annual allocation of credits to developments competing in this set-aside is \$1,200,000. If, because of lack of demand, the preservation set-aside is not utilized, the credits shall be released into the Age-Friendly Senior Cycle.

(b) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(c) Reservations shall first be awarded to the highest-ranking eligible projects qualifying for the preservation set-aside. Thereafter, reservations shall be awarded to the highest-ranking eligible projects under the scoring and ranking criteria at N.J.A.C. 5:80-33.16. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single municipality, NJHMFA shall fund no more than two projects per year from the same municipality with a population of less than 100,000 and no more than three projects per year from the same municipality with a population of 100,000 or more based on the most recent American Community Survey Table DP05 (ACS 5-Year Demographic and Housing Estimates), U.S. Census Bureau (however, projects funded through the Supportive Housing Cycle will not be included in this count). To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. Funding of projects shall be prioritized in the following manner: the highest-ranking eligible project(s) in the Family Cycle, followed by the Age-Friendly Senior Cycle. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Age-Friendly Senior Cycle.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal “Coronavirus State Fiscal Recovery Fund” dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established pursuant to N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 50 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal Coronavirus State Fiscal Recovery Fund dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

5:80-33.6 Supportive Housing Cycle

(a) Supportive housing projects in which a minimum of 25.00 percent of the total project units are rented to individuals with special needs may apply to the Supportive Housing Cycle. An executed agreement between the proposed owner entity and the social service provider, and a social services plan consistent with the requirements of this subsection for the Supportive Housing Cycle shall be submitted in the application. There will be not less than 12.5 percent of the total credits awarded in the Family, Age-Friendly Senior, and Supportive Housing Cycles available in the Supportive Housing Cycle and the maximum annual allocation of credits to any one development competing in this cycle is \$1,600,000. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space or up to \$10,000 per unit and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. For adaptive reuse projects, NJHMFA will perform a site inspection to assess the amenability of conversion to multifamily housing. Additionally, the development, design, and construction teams must demon-

strate successful experience with the established methodologies required to produce an adaptive reuse project.

(b) Reservations shall be awarded to the highest-ranking eligible projects. To ensure equitable distribution if there are both excess demand and multiple ranking eligible applications from a single developer, NJHMFA shall fund no more than three projects per year from the same developer/general partner/managing member. NJHMFA will accept only one application per developer/general partner/managing member per municipality in the Supportive Housing Cycle.

(c) Projects that receive negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be eligible to compete in any set-aside.

(d) For the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal Coronavirus State Fiscal Recovery Fund dollars appropriated to the Affordable Housing Production Fund (AHPF) pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 60 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 50 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

(e) Following the termination of the time period in which NJHMFA accepts project applications to award the \$305,000,000 in Federal Coronavirus State Fiscal Recovery Fund dollars appropriated to the AHPF, or after December 31, 2025, whichever comes sooner, the following shall apply:

1. Approximately 40 percent of the credits (inclusive of all set-asides and all credits awarded under the Mixed-Income Reserve established at N.J.A.C. 5:80-33.8(a)3) shall be made available to projects in TUMs, seeking to maintain a lower constraint of not less than 35 percent.

2. The remaining credits shall be allocated to projects in the remainder of the State (non-TUM areas), provided NJHMFA receives a sufficient number of eligible applications from non-TUM areas to result in these approximate allocation percentages.

3. As the dollar amounts of certain awards may skew percentages, thus making it difficult or impossible to maintain strict allocation percentages, NJHMFA reserves the right in its sole discretion to allocate awards among projects in TUMs and non-TUM areas to best attain the objective set forth in this subsection.

5:80-33.8 Awards from the Reserve

(a) Projects that need credits because of technical errors or severe hardship can submit a reapplication for credits from the Reserve. The Reserve may also be used to fund cost overruns for unforeseen circumstances beyond the developer's control where NJHMFA determines that a project's financial feasibility is jeopardized. Any credits not dedicated to the Family, Age-Friendly Senior, and Supportive Housing Cycles shall be deposited into the Reserve. Awards of credits from the Reserve are subject to availability and NJHMFA's evaluation of the request.

1. Hardship requests for additional credits from the Reserve are limited to \$150,000 per project. Total development costs shall not exceed \$317,625 per unit for buildings of one to four residential stories, \$346,500 per unit for buildings with five or six residential stories, and \$375,375 per unit for buildings with over six residential stories, excluding capitalized permanent reserves, non-basis-eligible off-site improvements, up to \$10,000 per unit and \$400,000 maximum for an integrated community center or social service space, or up to \$10,000 per unit, and \$800,000 maximum for a stand-alone community or social service building (subject to third-party cost certification), required deferred developer fee, if any, and either up to \$15,000 per unit for adaptive reuse projects or up to \$7,500 per unit for projects achieving the Passive House standard. Hardship requests must be documented to the satisfaction of NJHMFA and must demonstrate the existence of an unforeseen emergency where the completion of the project is jeopardized without an award of additional low-income housing tax credits. No more than one hardship award shall be approved with respect to a given project. Hardship applications to the Reserve are accepted on an ongoing basis until September 30. To apply to the Reserve for a hardship reservation of additional credit, applicants must follow the procedures at N.J.A.C. 5:80-33.13(a)1.

2. Credits in the Family Cycle shall be set aside for up to two eligible family projects located within a Targeted

Urban Municipality with up to a 55-percent affordability component. Mixed-Income Reserve projects are eligible for a maximum annual allocation of credits for all projects of \$2,000,000. The project's market study at N.J.A.C. 5:80-33.12(c)1ii shall clearly demonstrate that the tax credit units provide a minimum 20 percent market advantage compared to comparable market-rate units. Projects shall achieve a minimum of 65 percent of the maximum score under the ranking criteria established pursuant to N.J.A.C. 5:80-33.15. Should multiple projects be deemed eligible at the same Tax Credit Committee meeting, credits shall be awarded in accordance with the tiebreaker at N.J.A.C. 5:80-33.19(a)1. Credits not awarded pursuant to this paragraph shall be deposited for use in the Family Cycle at N.J.A.C. 5:80-33.4.

3. Notwithstanding the provisions at (a)2 above, for the duration of the time period in which NJHMFA is accepting project applications to award the \$305,000,000 in Federal Coronavirus State Fiscal Recovery Fund dollars appropriated to the Affordable Housing Production Fund pursuant to P.L. 2022, c. 49, or until December 31, 2025, whichever comes sooner, the percentage of credits set aside for eligible family projects located within a TUM with up to a 55-percent affordability component shall be 60 percent.

4. The Tax Credit Committee, which is composed of those individuals designated at N.J.A.C. 5:80-33.22(a), may, at its sole discretion, award any one additional nine-percent application from either the Family, Age-Friendly Senior, or Supportive Housing Cycle that would otherwise not rank high enough for funding. The Tax Credit Committee shall publish a written explanation of the basis upon which any award is made. Awards from this reserve are entirely discretionary and the Tax Credit Committee may choose not to utilize this reserve in any given funding round. To be eligible for such an award, an application must satisfy the following criteria:

- i. Have been scored by NJHMFA as being within five points, including any applicable cure points, of the lowest-scoring awarded project in its respective cycle;
- ii. Meet the criteria set forth at N.J.A.C. 5:80-33.12;
- iii. Not be "substantially incomplete"; and
- iv. Satisfy at least one of the following:

- (1) Represent a regional or geographic location that has received limited affordable housing resources;
- (2) Leverage substantial financial resources from the Federal government or from other non-NJHMFA funding sources;
- (3) Affirmatively further the purposes and policies of the Fair Housing Act (Title VIII of the Civil Rights Act of 1968) or contribute to a municipal fair share housing development plan;

(4) Respond to an urgent housing need or an underserved population; or

(5) Meet other critical State housing policy directives, goals, or priorities.

5:80-33.9 Volume cap credits

(a) Projects financed by tax-exempt bonds that request tax credits pursuant to Section 42(h)(4) of the Code are required by Section 42(m)(1)(D) of the Code to satisfy the requirements for allocation of a housing credit dollar amount under the qualified allocation plan. Projects requesting tax credits entirely from volume cap do not have to compete and there are no cycle deadlines. However, complete applications shall

be submitted at least one month before the tax-exempt bonds are sold. The following information shall be included in order for the application to be deemed complete: all applicable sections of the application corresponding to eligibility requirements at N.J.A.C. 5:80-33.12; those sections of the application corresponding to the point categories for conversion to tenant ownership (if applicable), tax abatement (if applicable), and the negative point categories; a period of restriction meeting the criteria corresponding with the maximum points stipulated at N.J.A.C. 5:80-33.15(a)1i; and a sponsor certification and breakdown of costs and basis. For family projects, except for preservation and historic rehabilitation projects, which shall retain, at a minimum, their existing percentages of two-bedroom and three-bedroom units, the combined number of efficiency and one-bedroom tax credit units shall be no greater than 20.00 percent of the tax credit units; at least 30.00 percent of the tax credit units shall be two-bedroom units; and at least 20.00 percent of the tax credit units shall be three-bedroom units. A copy of the appraisal/market study required by the applicant's lender and/or syndicator may be submitted in lieu of the market study required at N.J.A.C. 5:80-33.12(c)1ii.

1. The governmental unit issuing the bonds is required by Section 42(m)(2)(D) of the Code to determine the credit amount needed for feasibility and viability of the project. If NJHMFA is the bond issuer, NJHMFA shall make this credit determination. If NJHMFA is not the bond issuer, the bond issuer shall provide a letter to NJHMFA assigning its responsibility under Section 42(m)(2)(D) to NJHMFA.

2. In order for a project to qualify for all of its tax credits from volume cap, Section 42(h)(4) of the Code requires that 50 percent or more of the aggregate basis of the building and the land on which it is located be financed with tax-exempt bonds. Qualifying tax-exempt bonds are obligations the interest on which is exempt from tax under Section 103 of the Code if such obligation is taken into account under Section 146 of the Code, and the principal payments on such financing are applied within a reasonable period to redeem obligations the proceeds of which were used to provide such financing.

3. Projects that request both volume cap credits and ceiling (competitive) credits shall comply with the application requirements for both.

4. Projects that would have received negative points pursuant to N.J.A.C. 5:80-33.15(a)15, 17, 18, 19, or 20 shall not be issued tax credits until such items are corrected.

5. Projects that receive volume cap credits shall pay an allocation/issuance fee as described at N.J.A.C. 5:80-33.25.

(b) A mixed-income project, mixed-use project, or affordable project linked to a market-rate or commercial component that is part of a municipal fair share housing development plan or a court-approved judgment of repose or compliance, including, but not limited to, developments that have received

a density bonus, may not receive volume cap credits unless the applicant can conclusively demonstrate that the market rate residential or commercial units are unable to internally subsidize the affordable units and the affordable units are developed contemporaneously with the commercial or market-rate residential units. This subsection shall not be evaded by failing to apply all or any portion of the subsidy to the low- or moderate-income units, by diverting all or any portion of the subsidy to other uses, or by using any other device in which all or any portion of the subsidy is not used to benefit low- or moderate-income housing.

1. In determining whether an applicant has conclusively demonstrated that the market-rate residential or commercial units are unable to internally subsidize the affordable units, NJHMFA shall make an initial presumption that the municipally approved inclusionary zoning, in and of itself, creates a realistic opportunity for the affordable units to be built and that such zoning is sufficient to support the internal subsidization of the affordable units required to be built under the fair share plan or the judgment of repose or compliance applicable to the municipality in which the project is situated.

2. The presumption set forth at (b)1 above may be overcome if the applicant demonstrates, to the satisfaction of NJHMFA, the existence of any one or more of the circumstances at (b)2i, ii, or iii below:

i. Tax credit equity is necessary to subsidize any affordable units to be built in excess of the municipal obligation;

ii. Economic conditions have changed since approval of the municipally approved inclusionary zoning to such an extent that the zoning, taking into account any density bonus awarded, no longer supports sufficient internal subsidization to sustain construction of the requisite affordable units; or

iii. The municipally approved zoning erroneously determined that the internal subsidy would be sufficient to sustain building the affordable units.

3. It is the applicant's responsibility to provide sufficient documentation to support the existence of any of the circumstances at (b)2i, ii, or iii above. Failure to respond to NJHMFA requests for additional information supporting the circumstances at (b)2i, ii, or iii above will result in the presumption of the requirement at (b)1 above being *de facto* affirmed. Any analysis submitted by the applicant shall expressly consider the possibility of a reduced award of low-income housing tax credits (LIHTC) and alternate sources of funding (such as additional deferred developer fees), if necessary to ensure project feasibility, taking into account the internal subsidy provided by the market-rate units.

4. The sponsors of all inclusionary developments seeking tax-credit financing shall submit the information in this paragraph to enable NJHMFA to determine the need, if

any, for tax credits. NJHMFA shall determine the amount of tax credits, if any, to be awarded to a project as part of the needs analysis required pursuant to 26 U.S.C. § 42(m)(2).

i. Basic development information, including, but not limited to, the following:

(1) A site plan for both the affordable and market-rate components; and

(2) A timetable for the affordable and market-rate components, which shall include the timing of any phased development and the availability of units for rent or sale;

ii. A description and the documentation of any financial ties and/or subsidies, including, but not limited to, the sale or transfer of land, shared infrastructure improvements, and financing, between the affordable and market-rate components;

iii. A description and the documentation of any business arrangements regarding additional components of the market-rate development;

iv. Information on all market-rate components linked to the affordable component;

v. A description and the amount of all subsidy requests, including, but not limited to, the following:

(1) Any density bonus, payment in lieu of taxes (PILOT) agreement, affordable housing trust fund contribution, State or Federal grant, and low-income housing tax credit application; and

(2) Copies of any Form 10 submission(s) for the affordable component;

vi. Terms and conditions of the purchase of land and the current market value of land proposed to be utilized in the development, including, but not limited to, the following:

(1) Documentation of any prior land purchase and/or current land purchase agreement, including date(s) of sale, price, acreage, parcel boundaries, and any terms or conditions of sale; and

(2) An estimate of the current market value of the land, with justification as to how the estimate was derived (for example, appraisal, recent sale, sale of comparable parcels of land, alternative uses, etc.);

vii. Documentation of municipal approvals, including, but not limited to, the following:

(1) Fair Share Plan and/or judgment of repose or compliance applicable to the municipality in which the project is situated;

(2) Local planning board approvals for the affordable units and any associated market-rate or commercial units; and

(3) Land use approvals for the affordable units and any associated market-rate or commercial units;

viii. Information on market conditions in support of anticipated revenue levels, including, as applicable, comparable properties, market-level pricing information, and market studies;

ix. A pro forma for both the market-rate and the affordable components of the development, including, but not limited to, the information in (b)4x(1) through (4) below for both. All calculations are to be provided electronically, with live Excel sheets:

(1) Development costs;

(2) Development financing, including equity and/or loans, with amounts and anticipated interest rates;

(3) Operating/sales costs; and

(4) Anticipated revenue from rentals or sales, including ancillary sources and/or unit upgrades;

x. A feasibility analysis conducted by an independent third-party skilled in market and financial analysis, certified to NJHMFA, and including, but not limited to, the information at (b)4x(1) through (3) below. All calculations are to be provided electronically, with live Excel sheets:

(1) The calculated internal rate of return (IRR) for both the market-rate project and the combined project, with and without the requested LIHTC;

(2) A narrative explanation, signed by the applicant, of the reason(s) for the insufficiency of the combined project returns absent the requested LIHTC. The narrative shall explain the basis for the insufficiency and shall be tied to the financial analysis; and

(3) Any other financial analyses used to support the narrative explanation.

(4) The feasibility analysis must reflect and be consistent with the pro formas referenced at (b)4ix above.

xi. NJHMFA reserves the right to request any additional information from the applicant as deemed necessary to conduct the needs analysis.

(c) Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project when title was foreclosed thereon by entry of judgment or deed in lieu of foreclosure shall not be eligible for tax credits for a period of seven years from the date of entry of the judgment of foreclosure or the date of the deed in

lieu of foreclosure, whichever shall have occurred first. Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project that the Tax Credit Committee (Committee) determined exhibits a pattern of uncorrected noncompliance shall not be eligible for tax credits for a period of three years from the date all issues of noncompliance are deemed by the Committee to have been corrected.

5:80-33.11 Cycle deadlines

(a) Application cycles shall be announced by NJHMFA through notices sent to the mailing list maintained by the Tax Credit Division no later than 45 days prior to the deadline. Applications shall be accepted beginning one month prior to the deadline date. Applications shall be submitted to NJHMFA by 12:00 noon of the application deadline date in order to be considered for review. Late and substantially incomplete applications shall not be admitted into a cycle. Late applications shall be returned to the applicant.

(b) It is the burden of the applicant to comply with the requirements of these rules and to ensure that the application presented to NJHMFA is clear, unambiguous, and complete in all respects at the time of submission.

(c) Applicants shall be given 48 hours to cure defects as follows, except for applications that NJHMFA deems to be substantially incomplete:

1. If the applicant has failed to include a required document, the applicant may supply the document; provided, however, that the document existed on the application deadline date and, if the document is a legal agreement or instrument, the document was legally effective on the application deadline date.

2. If statements or items in the application are contradictory or mutually inconsistent, the applicant may present information resolving the contradiction or inconsistency; provided, however, that the information accurately reflects the state of affairs on the application deadline date.

3. The applicant may provide any required signature that has been omitted.

(d) Except for applications that NJHMFA deems to be substantially incomplete, NJHMFA shall notify the applicant of any curable defects it discovers by telephone and, simultaneously, in writing, by email. The applicant's corrective submission shall not be considered unless it is received by NJHMFA no later than 48 hours (excluding weekends and legal holidays) from the applicant's receipt of the email. No application will receive more than one notice for a curable defect. A project that has previously applied for competitive credits (a reapplication) may receive notification of a curable defect regardless of whether such project has received notification in the past.

(e) If an applicant cures one or more defects in the manner set forth at (c)1 or 3 above, NJHMFA will deduct one point for each defect cured from the project's score in determining its ranking in the application cycle.

(f) If an applicant fails to respond to NJHMFA's notification of curable defects within the 48-hour cure period, or if an applicant's response is non-responsive to the question asked, a negative inference shall be drawn. Failure to respond to an item in a cure letter will result in the denial of points if the question is with respect to a point category; negative points if with respect to the point categories at N.J.A.C. 5:80-33.15(a)15 through 20; or ineligibility if with respect to an eligibility requirement.

(g) After the application deadline, telephone calls or other oral or written communications on behalf of a tax credit applicant (for example, from a project's development team, elected representatives, etc.) other than information submitted pursuant to (d) and (e) above shall not be accepted or considered before reservation awards have been announced.

5:80-33.12 Application to a cycle/eligibility requirements

(a) A mixed-income project, mixed-use project, or affordable project linked to a market-rate or commercial component that is part of a municipal fair share housing development plan or a court-approved judgment of repose or compliance, including, but not limited to, developments that have received a density bonus, may not compete for tax credits (ceiling tax credits), unless the applicant can conclusively demonstrate that the market-rate residential or commercial units are unable

to internally subsidize the affordable units and the affordable units are developed contemporaneously with the commercial or market-rate residential units. This subsection shall not be evaded by failing to apply all or any portion of the subsidy to the low- or moderate-income units, by diverting all or any portion of the subsidy to other uses, or by using any other device by which all or any portion of the subsidy is not used to benefit low- or moderate-income housing. For example, if a site was originally zoned at four units per acre and a rezoning resulted in six units per acre with a 20-percent set-aside for low- and/or moderate-income units, then the site would be the recipient of a density bonus. If the developer built at six market units per acre, subdivided a portion of the acreage, and donated the subdivided portion to a for-profit or nonprofit developer, then the new owner may not compete for ceiling tax credits if the market-rate residential units were able to subsidize the affordable units. Alternatively, if on the same site the number of low- and moderate-income units is increased without a corresponding increase in density, then the additional affordable units would be eligible to compete for ceiling tax credits. In determining whether an applicant has conclusively demonstrated that the market-rate residential or commercial units are unable to internally subsidize the affordable units, NJHMFA shall apply the standards set forth at N.J.A.C. 5:80-33.9(b)1 through 4.

(b) In performing its review of all applicable eligibility requirements, NJHMFA staff may contact the applicant to ask questions if there are unclear aspects of the application. Such contact should not be construed by the applicant as an approval or rejection, but simply as an attempt to clarify the application.

(c) Applications shall meet all of the eligibility requirements listed in this section by the application deadline in order to be admitted into a cycle. NJHMFA reserves the right to contact the applicant if the need arises.

1. Applications shall include the information set forth at (c)li, either (c)lii or (c)liii, and (c)liv below in order to demonstrate the need and demand for the proposed project in a market area. If NJHMFA determines an insufficient market need or demand exists, the project shall be deemed ineligible.

i. The proposed development, including all amenities and services, shall be described in a narrative format by the applicant. The narrative shall include an explanation of how the services shall be paid for, as well as the need and demand for the project and its impact upon the neighborhood. Commercial space, if any, shall be disclosed. Photographs of the site and existing structures shall be provided from all significant perspectives and show all significant nearby land uses, including, but not limited to, those land uses listed at N.J.A.C. 5:80-33.15(a)11. Preliminary drawings of the finished project, including the site plan, floor plan, and elevations drawn to scale, shall be submitted with the narrative.

ii. A market study, certified to both the applicant and NJHMFA in the analyst's Certification, shall be submitted for all projects. Two copies of the report shall be submitted. The market study shall be no more than six months old. Projects applying for additional credits from the Reserve that have already received a previous allocation of tax credits shall not be required to submit a new market study. The analyst shall state in the certification that all market study requirements have been fully addressed. If any relevant information cannot be obtained, the analyst shall explain why the information cannot be obtained. The study shall also identify any assumptions, estimates, projections, and models used in the analysis. The assumptions used in the market study (for example, project rents, unit mix, amenities, etc.) must precisely reflect the information provided in the tax credit application. The data and analysis shall clearly indicate enough demand in the market to support the proposed development. Any additional information appropriate to the market area and the project shall be submitted to demonstrate the demand for the proposed housing project. The report shall include, at a minimum:

(1) A brief executive summary that includes the appropriate vacancy rate, capture rate, absorption period, and the market advantage compared to comparable market-rate properties given the rents projected by the applicant, as well as a detailed table of contents that clearly identifies the location of the items listed below;

(2) A description of the proposed site, including pictures of the site and existing structures, pictures of the immediate neighborhood, visibility/access/exposure, proximity to retail and employment, detailed neighborhood and market area maps showing all significant nearby land uses, block and lot numbers of each parcel, site acreage, available public services and public transportation, and existing infrastructure. A description of the proposed improvements including unit mix, a commentary on the preliminary drawings including unit size and design, proposed project and unit amenities, and any applicable tenant charges, tenant-paid utilities, and project-paid utilities shall be provided. Detailed monthly utility allowance figures shall be presented separately for each utility type (for example, electric, gas, etc.) and for each unit type within the project;

(3) Geographic definition and analysis of the market area, including a comprehensive and reasonable rationale for the suggested market area with supporting evidence. For example, the market area may be defined as the area in which similar properties compete with the subject property for tenants, or the area immediately surrounding the project from which 60 to 70 percent of the residents are expected to be drawn, taking into account political and natural boundaries, socioeconomic characteristics, and the ar-

eas from which nearby rental developments draw new tenants. The market area shall be evaluated on the basis of employment and income levels and trends, the presence of local revitalization projects, the number of substandard units in the market, and the number of cost-burdened households in the market. Interviews shall be conducted with area apartment managers to establish mobility patterns in the area. Particular attention should be given to tax credit properties. As available, the results of the interviews shall be reported, showing the percentage of residents by neighborhood/community. For cases in which the subject property is an existing rental development or later phase of an existing development, detailed tenure by prior residence must be shown. Additional explanation shall be provided for any market area with boundaries in excess of three miles (urban site) or five miles (rural site) of the site;

(4) An economic analysis that provides the reader context to better understand the household and rent trends in the market. Topics to be addressed shall include:

(A) Presentation of data and analysis pertaining to the trend in resident employment and unemployment;

(B) Presentation of data and analysis pertaining to trends over the past five years in total at-place employment (that is, jobs) in the county in which the subject site is located;

(C) Presentation of data and analysis pertaining to at-place employment by industry sector for the primary market area (PMA) or smallest available geographic area that includes the PMA and comparison to appropriate larger geographic area (that is, city, county, metropolitan statistical area, or labor market area);

(D) A list of major employers in the PMA or other appropriate small geographic area and announced changes in workforce (that is, expansions, contractions, and relocations), as well as newly announced employers and their anticipated effect on the local economy; and

(E) A map of major employers and employment centers in relation to the subject property;

(5) A demographic analysis of the owner and renter households in the market area at (c)1ii(3) above that are income eligible and can afford to pay the rent (assuming potential households may spend up to 40 percent of their income on housing expenses). When appropriate, the eligible households shall also be analyzed by household size, race, ethnicity, and age. Market studies submitted for projects applying to the Age-Friendly Senior Cycle shall include an evaluation of the market for the eligible population over 70 years

old. Demographics from the last decennial census shall be updated to reflect current market conditions and shall be the basis for projected demographics. This research data shall be provided in the appendix and shall be from an organization such as Nielsen or a governmental source such as the American Community Survey, metropolitan planning organizations, or local planning agencies. Supportive Housing projects shall also provide demographics on the special needs population in the project in order to substantiate need and demand at projected rent levels;

(6) Rent, vacancy, and amenity surveys by unit size of market rate, affordable, and subsidized properties. The affordable property survey shall include all LIHTC properties in the market area and those projects that are currently under construction or have received preliminary site plan approval. A rent adjustment analysis of the most comparable properties to the subject shall be presented to derive a market rent for each unit type. Data shall include, at a minimum, a grid analysis by unit size for rents, amenities, unit features, unit square footage, age, number of bathrooms, tenant-paid utilities, rent per square foot, location, physical condition, and curb appeal. Rents shall be adjusted, especially for utility and amenity charges, so that appropriate comparisons can be made. The proposed rent shall have at least a 10-percent rent advantage in relation to the estimate of market rent. Additional information concerning unit mix, vacancy and turnover rates, operating expenses, rent trends, rent concessions, rent control, waiting lists, absorption per month, design, contact, and contact phone number shall be provided in a grid or narrative format, when available. The market study shall contain a minimum of three rent comparables for each unit size. All comparable properties should be within the delineated market area when possible. In cases where a comparable project has to be chosen from outside the market area (for example, where there is not enough similar rental product in the market area), appropriate adjustments should be made for location differences. At least one picture of each comparable and a detailed street map that shows the location of each comparable shall be provided. In addition, if the building that is the subject of the tax credit application is currently occupied, rent rolls and current tenant incomes shall be provided and analyzed;

(7) The capture rate, absorption period, and the impact the proposed rental housing may have on existing inventory. The capture rate is the number of units in the project divided by the net demand for the project, where the net demand is the number of households that are income eligible and can afford to pay the rent minus the number of comparable affordable units in the market area. For purposes of the market study, the maximum annual household income for the tax credit units shall be equal to 50, 60, or 80 percent

of the area median income (depending on whether the applicant chooses the 20 percent at 50 percent, 40 percent at 60 percent, or average income Federal set-aside) of a household. The maximum income limit shall be based on an average household size of 1.5 persons per bedroom for the largest tax credit unit. For single room occupancy projects, the maximum income limit shall be based on the assumption of one person per unit. Maximum income limits for all proposed senior projects shall be limited to a two-person household. The minimum annual household income for the tax credit units shall be equal to the lowest tax credit gross rent multiplied by 30 (which assumes that potential households may spend up to 40 percent of their income on housing expenses on a monthly basis). The absorption period is a forecast of the number of months that will elapse from the completion of construction to stabilization (93 percent occupancy) of the project as a whole, taking into consideration a reasonable vacancy rate. Sample calculations of capture rate and absorption period shall be shown in the report, and NJHMFA shall be able to reconstruct the estimates using the data and methods in the market study. When additional analysis is appropriate, methods shall consider demographic trends, age of householders, the size of renter households, the unit mix of the project, the amount of home ownership in the target population, the cost of home ownership in the market area, approved projects not yet placed in service, and any other significant factors. The impact of the subject project on existing housing in the market area shall also be addressed;

(8) If applicable, the appropriate rent per square foot and vacancy factor based on market conditions for any commercial space in the project;

(9) A conclusion forecast regarding the potential viability of the proposed project which states the strengths and weaknesses of the project, compatibility of surrounding land uses, appropriateness of project design and amenities, and the reasonableness of projected rents. In addition, the analyst shall state whether sufficient demand from targeted households exists for the development as proposed. Suggestions to make the project more marketable shall be provided if appropriate. All conclusions shall be based on data analyzed in the body of the report; and

(10) A statement of the competency of the analyst conducting the study. The market analyst shall certify that:

(A) They are an independent, third-party professional with no financial interest in the project other than in the practice of their profession (for example, their fee for preparing the report is not contingent upon project completion and/or an award of tax credits);

(B) They have the requisite knowledge to conduct the study;

(C) They have personally inspected the subject property and the comparable properties analyzed in the report; and

(D) They have conducted the study in accordance with the Model Content Standards for Market Studies for Rental Housing of the National Council of Housing Market Analysts (NCHMA), 1400 16th Street NW, Suite 420, Washington, DC 20036, whose Model Content Standards are available at <https://www.housingonline.com/councils/national-council-housing-market-analysts/model-content-standards/>, incorporated herein by reference, as amended and supplemented.

(11) The provisions at N.J.A.C. 5:80-33.11(d) and (e) shall not apply to market studies submitted pursuant to this subsection. Instead, during the market study review process, a reviewer contracted by NJHMFA shall notify the independent, third-party professional who completed the market study by telephone and, simultaneously, in writing, by email about significant missing or unclear components of the market study. A copy of such correspondence shall also be simultaneously sent to NJHMFA and the tax credit applicant. Failure of the independent, third-party professional who completed the market study to provide a sufficient response within five business days about significant missing or unclear components of a market study shall result in an application being declared ineligible.

iii. For projects of 25 units or less and projects receiving Project Based Section 8 rental assistance for 100 percent of the units, the form of market analysis described below may be submitted in lieu of the market study requirements listed at (c)1ii(1) through (7) above:

(1) The third-party analyst shall provide a description of the proposed site and proposed improvements, a geographic definition and analysis of the market area, age and income demographics within the defined market area, and rent, vacancy, and amenity surveys by unit size of market-rate, affordable, and subsidized properties. In addition, a rent adjustment analysis shall be provided of the properties most comparable to the subject property. For suggestions, see (c)1ii above; and

(2) The requirements at (c)1ii(8) through (11) above shall be complied with.

iv. Updates of market studies more than six months old shall reflect a recent site visit by the market analyst, updated information on the comparable properties, and an analysis of any significant changes to the subject development. Only one update to the market study is permitted. Applicants shall submit both the original market

study and any applicable update in the application submission.

2. Applications shall include the information set forth at (c)2i and ii below in order to demonstrate site control:

i. The applicant shall be either the owner or developer of the project and shall demonstrate that it has control of the property through any one or a combination of the following: fee simple title by way of deed; long-term ground lease or option to enter into a ground lease (for a minimum term of the compliance and extended use periods); option agreement to purchase or lease, including evidence that options are renewable until at least the start of construction; executed contract of sale or other enforceable agreement for acquisition of the property; and/or an executed disposition and development agreement with a public agency that specifies the site(s) to be acquired and, if the property is to be or may be acquired by eminent domain, identifies the condemnor, as such term is defined at N.J.S.A. 20:3-2, or its successor. The acquisition price and basis shall be limited to the lesser of the purchase price or the "as is" appraised value of the building and/or land.

ii. The applicant assumes the full burden of disclosing with certainty in its application how it will obtain and maintain site control. The application shall set forth with specificity by what means each parcel of the project's real property is to be acquired if such acquisition has not yet been perfected; applications shall not indicate alternate means of acquisition for any particular parcel. If multiple documents are necessary to evidence site control, there shall be no lapse in the chain of site control documentation, such that the applicant's right of site control over the property from the property owner is evidenced. For all forms of site control, a copy of the current owner's recorded deed (or equivalent) shall be submitted as supporting documentation. In the case of a municipality or other entity acquiring property through eminent domain, at a minimum, the applicant shall submit as part of its application a copy of all written offers, as described at N.J.S.A. 20:3-6, or its successor, executed by the condemnor to the condemnee(s) with regard to all real property comprising the project that is to be acquired by this means, which offers must be in effect and valid at the time of submission to NJHMFA. If additional documents have been executed and/or filed with regard to eminent domain at the time of application deadline, the applicant shall append a copy of those documents with its application and shall continue to supplement the application with such documents as required at N.J.A.C. 5:80-33.31; additionally, the declaration of taking shall be recorded within three months from the date of the Tax Credit Committee meeting at which awards/decisions are announced.

3. Applicants shall submit a copy of the preliminary or final site plan resolution, as well as all other approvals. For

rehabilitation projects with sites that are not required by the municipality to obtain site plan approval, a letter from the planning board (or appropriate municipal official) stating that the site(s) are not subject to site plan approval shall be provided. It is the applicant's responsibility to ensure that the project complies with all applicable local land use and zoning ordinances and that nothing at the local or county level will interfere with the project obtaining all necessary permits.

4. Applicants shall disclose the existence of any known environmental conditions/constraints, including, but not limited to, wetlands, stream encroachment, and steep slope grading, that may impact development on the project site. In addition, applicants shall certify that all necessary environmental approvals have been obtained or, at a minimum, applied for from the Department of Environmental Protection. If remediation is necessary, the remediation plan shall be accounted for in total development costs. If a Phase I environmental study conducted in accordance with the American Society for Testing and Materials (ASTM) E1527-21 (or most recent standards adopted by the State), Standard and Poor's Enhanced Protocol (which includes testing for lead, asbestos, and radon) has been completed for the project, the findings shall be submitted. A Phase I is not required; however, if a project is awarded credits and a Phase I was not submitted with the application, the applicant shall not be allowed to apply for hardship credits for unforeseen environmental issues.

5. As required pursuant to Section 42(m)(2)(B)(i) of the Code, all financing information shall be disclosed in the application, including information about letters of interest and other undertakings that the applicant does not identify as funding sources in the application. The applicant shall provide all syndication documents in existence at the time of application, including, but not limited to, the prospectus (offering memorandum), limited partnership agreement, joint venture agreement, partnership administration services agreement, development agreement, any amendments to the aforementioned documents, and any relevant agreement between and among the relevant parties setting forth the terms of the financial arrangements, commitment letters, if any (firm or otherwise), and mortgage documents. All documents must include all exhibits and schedules. In addition, Section 42(m)(2)(C)(ii) of the Code requires the taxpayer to "certify to the housing credit agency the full extent of all Federal, State, and local subsidies which apply (or which the taxpayer expects to apply) with respect to the building."

6. All funding sources planned for the project shall be committed to the project at the time of application, excluding NJHMFA financing sought as part of the application. For NJHMFA financing only, a preliminary approval letter will be acceptable at the time of application, which letter shall verify that the project development budget included as part of the application for financing has been reviewed and the underwriting parameters conform with current

NJHMFA Multifamily Underwriting Guidelines and Financing Policy, available at <https://nj.gov/dca/hmfaf/developers/multifamily>. Commitments shall be firm and contain only conditions that are under the control of the applicant (that is, commitments cannot be conditioned on the availability of funds). The amount and all terms of the funding commitment shall be listed in the documentation provided at (c)6i through viii below. The amount and terms shall be used by NJHMFA in its underwriting analysis. Commitment letters shall be countersigned/accepted, in writing, by the applicant. Expired commitments, letters of interest/intent, and term sheets do not qualify as commitments. To evidence commitments for funding sources, the following is required:

i. Banks and other lending institutions: Commitment letters for construction and permanent financing must indicate the interest rate (or the basis on which the interest rate will be set), term of the loan (at least 15 years for permanent financing, or, if less than 15 years, the loan must be fully amortizing), and all conditions. If the interest rate is floating after permanent loan closing, a maximum interest rate shall be stated in the commitment letter, and shall be the rate at which NJHMFA conducts its underwriting analysis. The commitment shall have been approved by the lender's final approval authority (for example, from a bank's loan review committee or if a lending consortium, from the consortium itself). The maximum mortgage supportable shall have been obtained.

ii. State Affordable Housing Trust Fund (AHTF), State Community Development Block Grant (CDBG), or HOME funds: Projects applying for AHTF funds and tax credits shall comply with the applicable rules of these programs. DCA shall inform NJHMFA of those projects that have submitted a complete application for State AHTF, State CDBG, or State HOME funds by the tax credit application deadline. DCA will inform NJHMFA of the projects it intends to fund and the subsidy amounts if those projects are sufficiently competitive to receive tax credits. DCA will announce the AHTF, State CDBG, and HOME commitments at the same time NJHMFA awards the reservations of tax credits.

iii. Grants: All private, State, or local grants shall be deducted from basis unless the grantee is taking the grant into income and paying income tax on it or the grantee is making a loan to the final ownership entity. All Federal grants must be subtracted from basis.

iv. Municipal, county, or PHA grants or loans: Funding approvals for municipal or county grants or loans (for example, CDBG, HOME) vary from county to county and from municipality to municipality. NJHMFA is sensitive to the regulatory constraints and administrative processes of local governmental funding sources and recognizes that evidence of firm commitments may vary from one government entity to the next. Generally,

it is the municipal council and county board of freeholders that have final approval authority; therefore, a copy of the county or municipal resolution/ordinance approving the funds for the project is required to be submitted with the application. However, for governmental entities where that is not the standard approval process, NJHMFA shall accept comparable commitments. For example, for projects receiving HOME funds from participating jurisdictions (PJs), NJHMFA shall accept one of four forms of commitments in light of the many ways that local governmental entities combine their local approval process with Federal HOME regulations. First, applicants may simply submit an approved municipal or county resolution described in the beginning of this subsection. Second, an applicant may submit a copy of the HUD form 7015.15 "Request for Release of Funds and Certification" along with a copy of the PJ's cover letter transmitting it to HUD. Third, the applicant may submit a copy of their PJ's Comprehensive Housing Affordability Strategy (CHAS) with the project and the funding amount specifically cited in the CHAS along with a copy of the PJ's resolution approving the CHAS. Fourth, for those PJs that have authorized their staff to make final funding decisions, a commitment letter signed by the authorized signatory (that is, the person having final approval authority) shall be sufficient, so long as documentation delegating final approval authority to the signatory is also submitted.

v. Owner equity/loans and deferred developer fee: All applicants representing that they shall be contributing equity beyond that generated by the tax credit shall disclose the amount, the source, and all terms. Applicants "coming out-of-pocket" to fill a funding gap shall provide supporting documentation (that is, bank statements) and a letter from an independent C.P.A. certifying that the applicant has the amount of cash that is needed to fill the funding gap. Except for owner equity/loans listed in conjunction with (c)6viii and x below, any owner equity/loans in excess of \$1,000,000 shall be considered a permanent source that cannot subsequently be replaced by another funding source. Cash already expended on the project by the applicant can be utilized as a source of funds if the expenditures are verified by an independent C.P.A. and the cash is not an advance of other project funding sources. If the developer fee is deferred, applicants shall specify the amount, and when and how it will be paid. (NJHMFA establishes maximum developer fees.) Projects that utilize more than 50.00 percent of the total developer fee as a funding source at the application stage shall be declared infeasible, unless such use of the developer fee is on an interim basis (that is, if an anticipated funding source to replace the deferred developer fee is identified in the application, and the commitment of those funds is received no later than the issuance of the carryover allocation/binding agreement). Failure to secure the funding source and subsequently reduce the deferred portion of

the developer fee to 50.00 percent of the total amount by carryover shall result in a cancellation of the tax credit reservation. Contractor fees cannot be pledged. Applicant equity or deferred developer fee may be subsequently replaced by State HOME or AHTF resources only if the application for State HOME or AHTF resources has been submitted by the tax credit application deadline.

vi. Investor commitments: Applicants who do not have an agreement with a syndicator/investor at the time of application or who have only received an investor's term sheet may still apply for tax credits; however, NJHMFA shall underwrite the project at the lowest level of the NJHMFA equity range. Applicants that have an investment agreement with their investor shall have their project underwritten at a higher price, upon request, provided the equity pricing falls within the NJHMFA equity range. The applicant shall include in the application a commitment letter (not a term sheet) from an investor evidencing the net pricing (cents per credit dollar) and total anticipated net proceeds. Applicants of projects where the general partner(s) (or equivalent) will be retaining a two-or-more-percent ownership interest will have a retention factor added to the NJHMFA base of the equity range or the project's net pricing.

vii. All-equity projects: Such projects include those where the applicant is financing the project and is taking the credits itself and those where the project is permanently financed solely on tax credit proceeds (that is, no mortgage, grants, etc.). Applicants of projects in the former category shall comply with (c)6v above and shall have a retention factor added to the base of the NJHMFA equity range. Applicants of projects in the latter category shall submit a fully executed investor commitment evidencing the pricing per credit dollar and total anticipated net proceeds shown in the application. If there is sufficient cash flow to amortize debt, the applicant shall obtain a mortgage commitment for such debt.

viii. Federal Home Loan Bank (FHLB): Applicants applying for tax credits and the FHLB Affordable Housing Program shall not be required to submit a commitment letter from FHLB by the application deadline. If a project fails to receive FHLB funding, the project may be declared infeasible unless there is an alternate source of financing, such as a deferred developer fee, identified in the tax credit application and commitment of the alternate funding is received by issuance of the carryover allocation/binding agreement.

ix. Municipal Affordable Housing Trust Funds: A copy of the current spending plan listing the project that has been approved by the municipality and submitted to DCA or the courts by the application deadline shall be submitted in the application.

x. New Jersey Economic Development Authority (NJEDA) funding: For projects applying for funds from

NJEDA and for four-percent LIHTCs, the applicant shall ensure that NJEDA has informed NJHMFA of any of the applicant's projects that have submitted a complete application for funding, the projects NJEDA intends to fund, and the subsidy amounts. If a project does not receive NJEDA funding, the project may be declared infeasible unless there is an alternate source of financing identified in the tax credit application and commitment of the alternate funding source is received by issuance of the 42(m) letter. For projects applying for funds from NJEDA and for nine-percent LIHTCs, a commitment letter from NJEDA shall be submitted in the tax credit application.

7. In accordance with the Code, NJHMFA shall examine the reasonableness of the operational costs of the project. Applicants shall demonstrate that their project is financially feasible and viable as a qualified low-income housing project throughout the tax credit compliance period.

i. Projects shall be underwritten to demonstrate project feasibility at a household median income percentage that is 2.5 percent below the income designation selected. For example, if the 50-percent AMI income designation is selected, those units shall be underwritten with rents affordable to tenants at or below 47.5 percent of the area median income adjusted for family size. Supportive housing units not receiving project-based rental assistance shall be underwritten with rents affordable to tenants whose incomes are at or below 20 percent of the area median income adjusted for family size.

ii. Applicants shall submit a 15-year cash flow pro forma signed by the first mortgagee (or syndicator/investor if the project has no hard debt) which exclusively reflects the following language verbatim: "We acknowledge that this pro forma substantially matches the assumptions used in our underwriting of the mortgage (equity investment)."

(1) The pro forma must precisely reflect the rent structure in the tax credit application, including all lenders' assumptions such as principal and interest payments, non-rental income, operating expenses, required reserves, annual fees, etc., as well as other characteristics of the application that impact financial feasibility (for example, cost of social services). That is, a project's applications for any and all other financing must mirror the development cost, operating assumptions, rent structure, etc., shown in the tax credit application.

(2) Year one of the pro forma shall show stabilized operations. If the pro forma reflects negative cash flows in any year, the application shall demonstrate the funding and utilization of an Operating Deficit Escrow Account (ODEA). Assumptions regarding interest on the ODEA shall be reasonable.

(3) The pro forma may reflect rental assistance only if such assistance is project-based and is evidenced by the submission requirements described at (c)13 below. The subsidy may be illustrated only for the initial contractual term; that is, future renewals of project-based subsidy contracts cannot be assumed. Upon the expiration of project-based rental assistance, supportive housing projects shall be underwritten at rents no more than 20 percent of area median income adjusted for family size. For non-supportive housing projects, the project shall be underwritten at rents that are appropriate for market conditions (and are thus supported by the market study required at (c)1ii above); however, in no event shall rents exceed 50 percent of area median income adjusted for family size.

(4) Year one of the pro forma should reflect core operating expenses between \$3,000 and \$4,000 per unit. For those projects with core operating expenses less than \$3,000 per unit or more than \$4,000 per unit, the application shall include an explanation supported by audited financial statements as to why the per unit operating expenses fall outside this recommended range, except that no family project shall have core operating expenses below \$3,000 per unit and no senior project shall have core operating expenses above \$4,000 per unit. Other operating expenses will be evaluated for reasonableness given the characteristics of the project.

(5) Executed leases for a minimum term of five years shall be required for projects that rely upon commercial income to demonstrate financial feasibility. Should the term of the executed lease end prior to the end of the compliance period, NJHMFA shall use a vacancy rate of 50 percent for the years not covered by the lease.

iii. Applicants shall submit at least two forms of data supporting the operating expenses stated in the pro forma (for example, database information, comparable project information, Institute of Real Estate Management (IREM) statistics), or an NJHMFA Form 10 signed by the NJHMFA Asset Management Division. NJHMFA reserves the right to require submission of the audited financial statements for comparable projects owned by the applicant.

iv. NJHMFA reserves the right to require a residual value analysis (conducted by the partnership's accountant) of any project with significant soft debt, at any time during the application and/or allocation process.

v. Projects with market-rate units shall distribute the low- and moderate-income units among the different-sized units to reflect the same percentage distribution as the number of different-sized units bears to the total number of units. A greater percentage of the low- and moderate-income units may, however, be allocated to

the larger units. Additionally, low- and moderate-income units shall be distributed throughout the project such that the tenants of such units have equal access to, and enjoyment of, all common facilities of the project. (See N.J.A.C. 5:80-8.3.)

8. Successful participation in the New Jersey Clean Energy Program's (NJCEP) NJ ENERGY STAR Certified Homes Program Version 3.1, NJ Zero Energy Ready Homes, NJ Pay for Performance-New Construction, ENERGY STAR Multifamily New Construction Version 1.1, or alternative per the Guide to QAP Green Requirements (Green Guide), and in the NJHMFA Energy Benchmarking Initiative shall be required for all applications. Both the Green Guide and the NJHMFA Energy Benchmarking Initiative are available at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>.

i. All applicants shall comply with the requirements of the Green Guide. Applications shall include a copy of a signed contract between the applicant and a Home Energy Rating System (HERS) rater and a signed letter of intent provided by NJHMFA, which states that the applicant has read the Green Guide and will comply with all requirements thereof. At the time a project is placed in service, owners shall submit to NJHMFA the Certificates issued by the NJCEP (or equivalent) for each dwelling unit/building, as applicable, in the project.

ii. In order to satisfy the Energy Benchmarking Initiative requirements at (c)8 above, the application shall include a copy of the completed and signed letter of intent from the developer to NJHMFA. Prior to issuance of the IRS Form 8609, the developer/owner shall submit the forms at (c)8ii(1), (2), and (3) below, which can be found at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>:

(1) A completed NJHMFA New Jersey Green Homes Office Building Owner Utility Release Form for all common area meters (gas; oil; electric; cogeneration);

(2) A completed NJHMFA New Jersey Green Homes Office Energy Benchmarking Survey Form, which includes building data consisting of the name, age, address, number of floors, inclusion of elevators, square footage, number of buildings, whether the building(s) are master- or individually-metered, a description of any previously completed energy-efficiency work, and utility account information; and

(3) Completed NJHMFA New Jersey Green Homes Office Tenant Utility Release Forms and/or evidence that requests for such forms were made from at least 40 percent of tenants occupying the project at the time of the IRS Form 8609 issuance for new construction or at least 25 percent of each unit type for rehabilitation projects. The applicant shall also be required to include the tenant utility release form as a

part of the lease agreement. For new construction projects, the applicant shall ensure that at least 40 percent of the tenants have active utility release forms (or shall provide documentation of the efforts to obtain such forms) and common area utility data shall be reported for the first three years of occupancy. For rehabilitation projects, the applicant shall provide utility data for one year prior to commencement of renovation work and for two years post-construction for all common areas and at least 25 percent of each unit type. Common area and tenant utility data shall be uploaded into the ENERGY STAR Portfolio Manager at www.energystar.gov/benchmark pursuant to the procedures outlined in the NJHMFA Energy Benchmarking Technical Manual, available at <https://nj.gov/dca/hmfa/developers/lihtc/greenpoints/>. In order to satisfy the resilience requirements of the Green Guide, the application shall include a Site and Risk Assessment Review Report. Prior to issuance of the IRS Form 8609, the developer/owner shall submit an Emergency Management Plan addressing all site-specific risk hazards per the requirements in the Green Guide.

9. Successful completion of an NJHMFA-approved tax credit certification program prior to the project being placed in service. The staff person responsible for verification of tenant income must be the person to successfully pass the certification examination and meet a continuing education requirement of at least six hours annually by an approved provider for the term of the compliance and extended use periods. For the list of approved tax credit certification programs, please contact NJHMFA's Division of Multifamily/Supportive Housing and Lending at NJHMFAtaxcredits@njhmfa.gov.

10. Applicants requesting acquisition credits shall include an attorney's opinion regarding each building's eligibility for acquisition credits. The acquisition value shall be the lesser of the appraised value or the purchase price or lease fee of the realty and any buildings and improvements thereon in the most recent arm's length transaction, if such a transaction occurred within the past 10 years, as determined by a title history. The title report shall identify each party associated with the transaction. The appraised value of the real estate shall be determinative if it is less than the amount of the most recent arm's-length transaction or if there was no arm's-length transaction within the past 10 years. Applicants shall submit an appraisal not older than six months, which may be subject to third-party review. If acquisition credits are denied, the application shall still be considered for rehabilitation credits so long as the project remains feasible without the acquisition credits. NJHMFA reserves the right to require a capital needs assessment for any project seeking acquisition credits and/or an independent appraisal that conforms to the Uniform Standards of Professional Appraisal Practice (USPAP).

11. For all projects that are claiming a prior owner's expenditures in basis, a C.P.A. shall itemize the step-in-the-

shoes costs and certify that the amount of the step-in-the-shoes costs shown in the application has indeed been spent and is accurately reflected in eligible basis. Prior owner's developer fees shall not be recognized.

12. All projects funded by the United States Department of Agriculture (USDA) Rural Development shall provide a letter from the State Director approving the loan and stating that the funds have been obligated. Because USDA Rural Development does not fund a developer fee, the allocated credit amount may be limited to an amount sufficient to pay only the developer fee. NJHMFA establishes the maximum developer fee.

13. All applicants receiving rental subsidy from a government or private source shall submit with the tax credit application evidence of receipt of such assistance. Evidence of Project Based Section 8 Rental Assistance shall include, at a minimum, a letter from the Public Housing Authority (PHA) firmly approving the project for Project Based Section 8 Rental Assistance subject to the completion of the subsidy layering review or a Commitment to enter into a Housing Assistance Payments Contract (CHAP) under the HUD Rental Assistance Demonstration (RAD). For projects involved in the AFL-CIO Pension Fund Program, a preliminary commitment from the AFL-CIO shall suffice. For other types of (non-Section 8) rental assistance, evidence shall include a fully executed rental assistance contract that specifies the source and term of the subsidy. Only projects receiving project based rental assistance may underwrite the project using the fair market rents (FMRs) as defined by the project's approved HAP contract. Upon the expiration of project based rental assistance, Supportive Housing projects shall be underwritten at rents no more than 20 percent of area median income adjusted for family size. For non-Supportive Housing projects, the project shall be underwritten at rents that are appropriate for market conditions (and are thus supported by the market study required at (c)1ii above); however, in no event shall rents exceed 50 percent of area median income adjusted for family size. If State Rental Assistance Program (SRAP) rental subsidy is available, projects applying for SRAP and tax credits shall comply with the applicable rules of these programs. DCA will inform NJHMFA of those projects that have submitted a complete application for SRAP by the tax credit application deadline. DCA will inform NJHMFA of the projects it intends to fund and the subsidy amounts if those projects are sufficiently competitive to receive tax credits. DCA will announce the SRAP commitments at the same time NJHMFA awards the reservations of tax credits.

14. Supportive housing projects or projects applying to any cycle that contain supportive housing units shall submit the following items in addition to those items at N.J.A.C. 5:80-33.15(a)5:

- i. A supportive housing population needs analysis;
- ii. A supportive housing marketing plan. The plan must identify the organizations that will be used for re-

referrals and provide evidence, such as a letter of support, attesting that such organizations have experience serving the target population and can be a source for referrals. For example, if the target population is homeless individuals or homeless families, a resolution indicating that referrals will be provided or a letter of support from the local/county Continuum of Care is recommended;

iii. Evidence of the supportive housing development, management, and/or supportive services experience of the owner entity, property management entity, and/or social service provider who will be providing the property management and supportive services to the residents;

iv. Sources of funding and, if applicable, a social services plan that includes a detailed description of the scope of services to be provided to the individuals with special needs. If the social service provider is partnering with other community services, that relationship must be substantiated with executed letters of agreement detailing the services to be provided and the term thereof;

v. An executed supportive services agreement between the supportive services provider and the owner entity; and

vi. Evidence of the receipt of rental assistance or operating subsidy commitment(s) for special needs populations below 30 percent of area median income and/or evidence that the supportive housing units are affordable to the target population.

15. All owners and developers shall affirmatively market their projects. For projects of 25 units or more, applicants shall submit an Affirmative Fair Housing Marketing Plan, which, in short, documents how the project will be marketed to those people who are least likely to apply. For instance, if the proposed development is located in an area predominantly populated by white persons, outreach should be directed to non-white persons. Conversely, if the population is predominantly Black persons, outreach should be directed to non-Black persons. Pursuant to N.J.S.A. 52:27D-321.3 et seq., affirmative fair housing marketing plans shall include registering projects on the New Jersey Housing Resource Center (HRC) and posting vacancies, waitlist opportunities, and lottery drawings when accepting applications for such openings. The listings on the HRC shall comply with N.J.S.A. 52:27D-321.6.a for initial marketings and with N.J.S.A. 52:27D-321.6.b and 6.c for all subsequent applications. Additionally, as part of the affirmative marketing requirement, the owner/developer shall notify the local CoC of any units reserved pursuant to N.J.A.C. 5:80-33.15(a)22 for individuals and families that are homeless. iii. An analysis conducted by an independent auditor of anticipated project cash flow and residual value demonstrating a reasonable prospect of repayment of all loans funded by the proceeds of the HOPE VI/Replacement Housing/Choice Neighborhoods Implementation Grant funds and all debt. This analysis shall incorporate the same assumptions utilized in the 15-year cash flow pro forma submitted pursuant to (c)7ii above; and

iv. The applicant shall demonstrate that any HOPE VI/Replacement Housing/Choice Neighborhoods Implementation Grant funds used in the application to establish eligible basis at any time during the credit period are received pursuant to contractual financing provisions that, when viewed in the context of reasonably anticipated project cash flow and residual value, constitute lawful basis pursuant to the Code and applicable law.

17. Non-preservation projects located in census tracts wherein 30 percent or more of the existing housing units are low-income housing tax credit units shall not be eligible for funding unless the following criteria are met:

i. The project must be a redevelopment project;

ii. The project does not add more low-income units to the census tract, unless the developer enters into a legally binding community benefits agreement with the municipality to invest resources into the impacted census tract;

iii. The project plan includes relocation options to higher opportunity areas and mobility counseling assistance for existing residents; and

iv. The application includes a municipal resolution that references this paragraph (N.J.A.C. 5:80-33.12(c)17) and supports the allocation of housing tax credits for the development.

18. Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project when title was foreclosed thereon by entry of judgment or deed in lieu of foreclosure shall not be eligible for tax credits for a period of seven

years from the date of entry of the judgment of foreclosure or deed in lieu of foreclosure, whichever shall have occurred first. Applicants that have a general partner, voting member, property manager, developer, principal, or a related party of any of the foregoing who owned or managed any interest in an LIHTC project that the Tax Credit Committee (Committee) determined exhibits a pattern of uncorrected noncompliance shall not be eligible for tax credits for a period of three years from the date all issues of non-compliance are deemed corrected by the Committee.

19. High-speed internet must be provided in all common areas at no charge to tenants and high-speed internet hookup capability must be installed in all units.

20. By submitting an application, the applicant waives the right to request to terminate the extended use period through the qualified contract (QC) process pursuant to Sections 42(h)(6)(E), (F), and (I) of the Code. This waiver will be included in the extended use agreement described at N.J.A.C. 5:80-33.29.

21. NJHMFA is committed to the long-term affordability of developments for the benefit of tenants and full compliance by applicants and principals with the provisions of the Code, the extended use agreement, and other program requirements. NJHMFA similarly has an interest in preserving the right of first refusal (ROFR) by a qualified nonprofit organization at the close of the compliance period, as authorized at Section 42(i)(7) of the Code. NJHMFA reserves the right to require any or all of the following from applicants, as applicable:

i. Provisions to be included in the applicant's organizational documents limiting transfers of partnership or member interests or other actions detrimental to the continued provision of affordable housing;

ii. Terms in the extended use agreement requiring notice and approval by NJHMFA of transfers of partnership or member interests;

iii. A designated form of ROFR document as produced by NJHMFA;

iv. An ROFR agreement, including specific language that acknowledges the right of the qualified nonprofit organization to exercise the ROFR, provides that consent to execution of the ROFR may not be unreasonably withheld by the investor, and provides that the ROFR is not conditioned upon receipt by the owner of a bona fide offer from any party, to be reviewed by NJHMFA prior to issuance of IRS Form 8609;

v. A letter of intent from a tax credit investor that clearly grants to a qualified nonprofit organization a right of first refusal to purchase the project for not less than the minimum purchase price as set forth at Section 42(i)(7)(B) of the Code following the expiration of the tax credit compliance period;

vi. Written acknowledgement from any or all potential investors or syndicators that they have never sought to undermine the exercise of a right of first refusal or option to purchase in prior transactions, that they understand that return on investment is primarily in the form of tax benefits and not dependent on the project's appreciation in value, and that the ROFR as authorized at Section 42 of the Code is distinct from a right of first refusal pursuant to state statutory, court-interpreted, or common law;

vii. Negative points for applications involving sponsors, investors, syndicators, or lenders that, in NJHMFA's determination, have demonstrated a history of conduct detrimental to long-term compliance with extended use agreements, whether in New Jersey or another jurisdiction, and the provision of affordable tax credit units;

viii. Provisions to implement any amendments to the Code or any future Federal or State legislation, rules, or administrative guidance; and

ix. The decision whether to institute, and the terms of any such requirements shall be made by NJHMFA as reasonably determined to be necessary or appropriate to achieve the goals stated at this subsection and in the best interests of the QAP.

Case Notes

A developer's receipt of any form of zoning relief or other accommodation from a municipality does not bar low income housing tax credits against federal income taxes under the regulation that prohibits such credits if the developer has received a density bonus subsidy to assist the low or moderate income units in a project; the definition of "density bonus subsidy" as a zoning change that increases permitted density re-

fers to the permitted density of housing units. In re Tax Credit of Pennrose, 346 N.J.Super. 479, 788 A.2d 787.

5:80-33.13 Application for additional credits

(a) Applicants may apply for additional credits only through a hardship request from the Reserve.

1. Applicants submitting hardship requests of up to \$150,000 shall apply for an award from the Reserve. See N.J.A.C. 5:80-33.8 for a description of the Reserve.

2. Applicants shall submit all of the following before NJHMFA will consider any hardship request:

i. The re-application fee;

ii. A Sponsor Certification for Re-Application (including all updates to the original application);

iii. A rent qualification chart, income and expense statements, and 15-year cash flow pro forma, all reflecting current projections. The pro forma shall be signed by the first mortgagee (or syndicator/investor if the project has no hard debt) exclusively reflecting the following language verbatim: "We acknowledge that this pro forma substantially matches the assumptions used in our underwriting of the mortgage (equity investment)";

iv. An explanation why additional credits are being sought plus supporting documentation. Projects that did not submit a Phase I environmental assessment (conducted in accordance with ASTM E1527-21, Standard and Poor's Enhanced Protocol) with their original applications for tax credits are not eligible for additional credits for environmental overruns;

v. Evidence that at least 50 percent of the developer fee is deferred, and that the applicant has attempted to increase funding from every other source (except State AHTF from DCA) before applying to the Reserve for additional credits. The developer fee cannot exceed that stated in the original application; and

vi. A letter agreement with the syndicator/investor that addresses the pricing to be paid for the original and additional credits. (If the applicant is still incurring costs and is using a projection of costs and basis in their application for additional credits, the investor shall verify the projection.) The agreement shall also identify the intended end user/purchaser of the tax credits.

(b) Should additional credits be awarded to a project, an allocation/issuance fee shall be paid as provided at N.J.A.C. 5:80-33.25.

(c) The sponsor of a project that receives its initial tax credit award prior to the 2024 funding cycle and also receives hardship credits from the Reserve, as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, for each award of hardship credits received shall be eligible for one fewer award for a new project from all tax

credit cycles in the round following the day on which the Tax Credit Committee approves the request. The sponsor of a project that receives its initial tax credit award in the 2024 funding cycle or later and also receives hardship credits from the Reserve as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, shall be precluded from applying for tax credits for a new project for all tax credit cycles in the round following the day on which the Tax Credit Committee approves the request.

5:80-33.14 Scoring and ranking

(a) Due to the limited amount of credits and the high volume of applications to NJHMFA, only a fraction of the projects that apply typically receive credits. In addition to meeting the eligibility criteria described at N.J.A.C. 5:80-33.12, applications that fail to satisfy a minimum of 65 percent of the maximum score pursuant to the ranking criteria established at N.J.A.C. 5:80-33.15, 33.16, and 33.17 shall be declared ineligible to obtain a reservation of tax credits. NJHMFA will rank projects according to the score sheet submitted in the project's application. Should an applicant fail to include a completed self-score sheet, the application shall be ranked utilizing a preliminary score as determined by NJHMFA. NJHMFA shall perform a cursory review of the application and shall assume the maximum score for each of the criteria at N.J.A.C. 5:80-33.13, 33.15, 33.16, 33.17, and this section provided the requisite documentation has been submitted. Based on this ranking, NJHMFA will then examine the applications of only those projects that rank sufficiently high to receive credits. Once it is determined that an application meets all eligibility requirements, it is admitted into the cycle and underwritten.

(b) Applications shall receive points based on the point system for the particular cycle in which they compete. In the event of a tie score, projects shall be ranked according to the tiebreaker system. Then, reservations shall be awarded to the applications with the highest scores and, in the case of equally high scores, to the applications that successfully meet the tiebreaker criteria, with reservations first going to projects in the set-asides.

(c) All units in the project must qualify for a point category in order for the application to receive the points, unless expressly stated otherwise in the point categories described at N.J.A.C. 5:80-33.15, 33.16, and 33.17.

(d) Applicants who are successful in receiving tax credits are strongly advised to closely oversee during construction the implementation of all categories for which the application received points. Implementation shall be verified through certifications and on-site inspection by NJHMFA (or its authorized designee).

1. Applicants may select one of the following options (10 to 20 points):

i. Projects not located within a Targeted Urban Municipality (TUM) that extend their compliance period for an additional 15 years shall be awarded 20 points. The minimum term of the low-income occupancy commitment is 30 years: a 15-year compliance period plus a 15-year extended use period. An owner electing to extend the compliance period for 15 years will be restricting the property for 45 years—a 30-year compliance period and a 15-year extended use period. This restriction will be enforceable by NJHMFA and future tenants through a deed of easement and restrictive covenant, which shall be recorded by NJHMFA pursuant to State law at the latter of the carryover allocation described at N.J.A.C. 5:80-33.24(a)1 or acquisition of the property; or

ii. Projects located in a TUM that extend their compliance period for an additional 15 years shall be awarded 15 points; or

iii. For single-family and duplex housing that will convert to tenant ownership, 10 points shall be awarded. Such projects must convert to home ownership at the end of the compliance period. Syndication documents must reflect the conversion. The deed of easement and restrictive covenant shall reflect a right of first refusal to be granted by the owner to the tenants.

2. An application shall receive two points if the project utilizes public housing waiting lists.

3. Low-density buildings where at least 25 percent of the tax-credit units are large-family units shall be eligible

for five points. Points are based on the percentage of large-family units with respect to the total number of tax-credit units, not on square footage.

4. Applicants may receive up to five points for municipal support.

i. Projects that receive a fixed-rate tax abatement for a 15-year term with a rate of 6.28 percent or less (inclusive of all fees) on the residential component shall receive five points. Projects that receive a fixed-rate tax abatement for a 15-year term with a rate on the residential component of more than 6.28 percent shall receive three points. If the specifics of the tax abatement (for example, percentage of rent roll, term) are not recited in the resolution/ordinance, the financial agreement to the tax abatement shall be included with the application. Proof of an applicant's tax-exempt nonprofit status is not sufficient to qualify for points for tax abatement. In order to receive points pursuant to this category, the resolution/ordinance approving the abatement shall be submitted and must cite the proper statutory authority. For projects receiving tax abatement pursuant to the New Jersey Long Term Tax Exemption Law, N.J.S.A. 40A:20-1 et seq., the first stage of the exemption period shall be for no less than 15 years. Only projects utilizing financing from NJHMFA may be granted abatement pursuant to N.J.S.A. 55:14K-37(b). For information regarding NJHMFA financing, please contact the NJHMFA Division of Multifamily/Supportive Housing and Lending at NJHMFAtaxcredits@njhmfa.gov.

ii. Projects that do not receive a tax abatement at (a)4i above shall capitalize an escrow in an amount equal to two years' worth of taxes and have a 1.20 debt coverage ratio with a minimum of \$3,000 per unit core operating expenses.

5. As the availability of social services greatly improves the quality of life for residents, NJHMFA awards up to six points for the provision of up to three social services for the compliance period. Two points will be awarded per service offered. A description of each service is required. Examples of services include, but are not limited to: social service coordinator; financial literary services; food insecurity/nutrition services; health promotion programs and screenings; job training and job search assistance; and computer literacy/lab programs. The services shall be affordable, appropriate, available, and accessible to the project's tenants. Services provided free of charge to all residents/seniors of a county/municipality based solely on residency status shall not qualify for points in this category. Applicants shall support their claim to provide social services by providing the following:

i. Evidence of funding sources or documentation of how or by whom the services shall be paid;

ii. Evidence of experience of the service provider for both provision of social service and fulfillment of prior private or governmental contracts; and

iii. Evidence of firm agreements (executed contracts) with service providers for the services.

6. Five points are awarded to projects that have a certified M/WBE with at least a 20-percent interest in the general partner/managing member or pledge to expend a sum equaling at least 20 percent of construction cost on contractors, subcontractors, and material suppliers that are certified M/WBEs.

7. Projects located within a ready to grow area shall be awarded two points.

The costs of the amenities must be shown in the capital and/or operating budgets, as appropriate. Amenities must be appropriate to the proposed tenant population. The list provided below is not all-inclusive. Substitution of amenities is only permitted with prior approval from NJHMFA. It is incumbent upon the applicant to demonstrate how each substitute amenity provides a comparable benefit to the tenants as those amenities listed below.

The costs of the amenities must be shown in the capital and/or operating budgets, as appropriate. Amenities must be appropriate to the proposed tenant population. Applicants may select any combination of the following amenities in order to receive the maximum four points. The list provided below is not all-inclusive. 22. Projects that select the 20 percent at 50 percent Federal set aside as defined under Section 42(g)(1)(A) of the Code or elect to restrict 10 percent of the tax credit units to households earning 30 percent or less of area median income adjusted for family size shall receive eight points. If the 20 percent at 50 percent election is selected, all tax credit units shall be restricted to 50 percent of the area median income adjusted for family size. For example, if the project has an applicable fraction of 100 percent, 100 percent of the units shall be restricted to 50 percent of the area median income adjusted for family size. 5:80-33.17 Point system for the Supportive Housing Cycle

(a) The point system for the Supportive Housing Cycle includes all point categories of the Family Cycle except for the point categories at N.J.A.C. 5:80-33.15(a)3, concerning large-family units, N.J.A.C. 5:80-33.15(a)5, concerning social services, and N.J.A.C. 5:80-33.15(a)22, concerning supportive housing units. Additionally, the point categories at N.J.A.C. 5:80-33.15(a)14ii and iii are replaced, respectively, with the following, for a maximum of seven points available pursuant to N.J.A.C. 5:80-33.15(a)14 for applications to the Supportive Housing Cycle.

1. Two points shall be awarded to projects that offer on-site transportation at least once per week. Evidence of existing service and/or an executed contract stipulating fees and frequency of service shall be submitted in the application.

2. For non-age-restricted projects, a project that is fully located within a school district wherein 40 percent or more of the students are either meeting expectations (Level 4) or exceeding expectations (Level 5) on the Grade 4 New Jersey Student Learning Assessments (NJSLA) in both Math and English Language Arts (ELA) shall receive one point. NJHMFA shall rely on the most recent data available from the New Jersey Department of Education (DOE) as of the application deadline, as well as the data for the preceding calendar year. For example, the data released for 2021 and 2022 by the DOE will be accepted for applications submitted in 2023. If the NJSLA is no longer in use, NJHMFA will substitute whatever assessment is designated as a replacement by the DOE.

3. For age-restricted projects, a project that is fully located within a municipality wherein 25 percent or more of the residents in the municipality are 55 years of age or older shall receive one point. NJHMFA shall rely upon the American Community Survey 5-Year Estimates, Table DP05 (ACS Demographic and Housing Estimates), U.S. Census Bureau. NJHMFA shall rely upon the data effective in the calendar year of the application deadline, as well as in the preceding year. For example, the data released in calendar years 2021 and 2022 by the U.S. Census Bureau will be accepted for applications submitted in 2023.

(b) The Supportive Housing Cycle also includes the following point categories:

1. Applicants shall be awarded up to five points to the extent the social services plan required at N.J.A.C. 5:80-33.12(c)14iv incorporates a description of the supportive service needs of the target population(s), which may include a range of services across a wide continuum of care and intensity appropriate to the target population(s). The description must acknowledge that each special needs tenant does not have to utilize the services appropriate to the target population(s). The social services plan must address the specific appropriate and needed services to assist tenants to maintain their housing and stable community living at no cost to the tenant. Appropriate and needed services must be supported by supportive service agreements and evidence-based practice, research, and/or direct practice experience. Supportive housing projects must have, at a minimum, a social service coordinator. The supportive services plan must address the following:

i. The social service provider(s) must demonstrate three or more years of experience in providing social services to the target population(s) or to a related special needs population;

ii. A description of the proposed services that will benefit the targeted population, including location of services (that is, on-site or in the community), documentation to support how these services will be funded, and how measures to evaluate service outcomes will be addressed (such as quality of life and consumer satisfaction);

iii. A description of how the service provider will facilitate tenant/landlord relationships, including detailed eligibility and ineligibility criteria for tenant selection and screening (that is, what disqualifies a prospective tenant), as well as a plan for problem resolution to minimize evictions for supportive housing tenants;

iv. Provision of at least one of the following services:

(1) Twenty-four-hour, seven-day a week on-call crisis response capability;

(2) Financial management training from a qualified provider and ongoing budget support; and

(3) Linkage and ongoing follow-up services to health care, including dental care, and physical health care and primary health care prevention services; and

v. Mandatory staff training, to be conducted at least annually, on matters specific to the special needs population(s) served for all on-site personnel, not just those employed by the social service provider(s). This training requirement includes staff, such as property managers, maintenance workers, and custodians, and is independ-

ent of any training or certifications required for service-provider staff by their employers.

2. Up to two points will be awarded as follows: one point will be awarded to applicants that will provide on-site healthy lifestyles education and programming, consisting of educational workshops and health promotion programs to encourage better physical and emotional health for tenants of the supportive housing units; and one point will be awarded to applicants that will provide job training and job search assistance and support to tenants of the supportive housing units. Applicants shall provide evidence of funding commitments and signed agreements with qualified service providers specifically identifying a detailed scope of services to be provided and term for the provision of these services. The identified education and/or employment service provider must have experience providing services to the target population.

3. Applicants that plan to develop all of the units as lease-based permanent supportive housing (no time limit for tenancy and/or program participation) shall be awarded two points.

4. Applications that evidence rental assistance funding commitments from the HUD McKinney-Vento Programs or other government source(s) of project-based or sponsor-based rental assistance for all the special needs units shall be awarded two points.

5. Applications submitted by a qualified nonprofit organization with 100.00 percent of the general partner interest in the final ownership entity shall be awarded two points. Applications submitted by a qualified nonprofit organization with at least 50.00, but less than 100.00, percent of the general partner interest in the final ownership entity shall be awarded one point.

6. Projects that encourage integrated community living opportunities, including mixed-income projects, mixed-special needs projects, and scattered site projects, shall be awarded two points.

7. Five points shall be awarded to projects that meet all of the following minimum living standards:

- i. Dwelling units in which each bedroom measures not less than 100 square feet;
- ii. Unrelated residents have their own bedroom;
- iii. No more than four unrelated adults share a bathroom; and
- iv. Residents have access to a full kitchen for meal preparation.

5:80-33.19 Tiebreaker system

(a) The following tiebreaker system shall be used to break ties between projects with the same score:

1. If competing projects have a tie score, a tax credit reservation shall be awarded based on the following:

i. For projects located outside of a TUM, a tax credit reservation shall be awarded to the project located in the municipality that has either never hosted a project that received a nine-percent LIHTC award or has gone the longest time since most recently hosting a project that received a nine-percent LIHTC award. NJHMFA shall publish annually a list of New Jersey municipalities with the years of their most recent nine-percent LIHTC awards. To facilitate planning, projects awarded nine-percent LIHTCs during the year prior to the application cycle deadline shall not be included for purposes of calculating the most recent year of award. If the project is part of a court-approved municipal fair share housing development plan, prior awarded projects that are part of the same fair share housing development plan shall not be included for purposes of calculating the most recent year of award, provided that the current project was

identified in the fair share housing development plan submitted with the previously awarded application(s) and provided further that the fair share housing development plan listing the project and evidence of court approval are submitted in the current application; and

ii. For projects located within a TUM, a tax credit reservation shall be awarded to the project located in the municipality with the lowest MRI ranking (that is, with the greatest level of distress). For example, a municipality ranked number 4 would be awarded over a municipality ranked number 33.

2. If there is still a tie after the first tiebreaker set forth at (a)1 above, a tax credit reservation shall be awarded based on the following:

i. In the Age-Friendly Senior Cycle, a tax credit reservation shall be awarded to the project with the least amount of tax credits per tax-credit unit. Superintendent units shall not be included for purposes of calculating this tiebreaker.

ii. In all other cycles and the Mixed-Income Reserve, a tax credit reservation shall be awarded to the project with the least amount of tax credits per tax-credit bedroom. Superintendent units shall not be included for purposes of calculating this tiebreaker.

3. If there is still a tie after the second tiebreaker, the tax credit reservation shall be awarded to the project with a lower total development cost per bedroom. Superintendent unit(s) shall not be included for purposes of calculating this tiebreaker.

5:80-33.21 Application needs analysis

(a) Section 42(m)(2)(a) of the Code provides: "The housing credit dollar amount allocated to a project shall not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period." This determination, known as the "needs analysis," shall be performed by NJHMFA with respect to those applications fulfilling the eligibility requirements at N.J.A.C. 5:80-33.12. In the needs analysis, NJHMFA shall compare the project's total development costs to the funding sources the applicant has identified to meet those costs. As part of its obligation pursuant to Section 42(m)(2) of the Code, NJHMFA shall determine the reasonableness of the develop-

mental and operational costs of the project and may make adjustments to costs as necessary to ensure the viability of the project throughout the credit period and compliance with the QAP. Such adjustments shall not trigger a point deduction pursuant to N.J.A.C. 5:80-33.15(a)24. If the total funding sources not including tax credit equity are less than the total development costs, then a funding gap exists and the applicant has demonstrated a need for credits, provided, however, that the following conditions are satisfied:

1. The project's development and operational costs are reasonable as required under Section 42(m)(2)(B)(iv) of the Code;
2. Funding sources identified by the applicant meet the requirements at N.J.A.C. 5:80-33.12(c)6;
3. The project is financially feasible in terms of the existence of sufficient sources to pay for total development costs; and
4. The project shall remain viable throughout the credit period.

(b) Financing arrangements shall be evaluated to ensure that projects are not structured to artificially increase basis. Such arrangements include drawing down entire bridge or secondary loans at construction closing instead of using such financing on an as-needed basis. NJHMFA reserves the right to assume a mortgage higher than the mortgage commitment submitted by the applicant if it is determined that the mortgage amount stated in the commitment is underestimated. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. NJHMFA reserves the right to require an appraisal at the applicant's expense. If the applicant acquires the property for more than appraised value, the overage shall be added to the sources of funds so as not to create artificial need.

(c) NJHMFA shall perform needs analyses at three separate times: application, allocation, and at the time the project is placed in service. (See N.J.A.C. 5:80-33.23 and 33.27.) Pursuant to section 31 of the Protecting Americans from Tax Hikes Act of 2015, the applicable credit percentage shall be nine percent for the 70 percent present value credit. The credit amount reserved is limited to the lesser of:

1. The credit amount based on the needs analysis; or
2. The credit amount generated from the project's qualified basis, as (potentially) capped by the eligible basis limits. Unless a project has an alternate funding source such as a developer fee able to be deferred, a project whose eligible basis is reduced by the eligible basis limits (thereby reducing the credit amount) may be declared infeasible due to a funding gap caused by the resulting shortfall in syndication proceeds.

(d) Buildings placed in service after July 30, 2008 that receive the 70 percent value credit shall be eligible for up to a

30 percent boost in eligible basis to the extent that the developer can demonstrate that the boost is necessary to achieve financial feasibility.

5:80-33.23 Allocation needs analysis

In accordance with Section 42(m)(2) of the Code, NJHMFA evaluates the need for the tax credit at the time of application, the time of allocation, and after the building is placed in service. The credit amount allocated is limited to

the lesser of the credit amount based on the needs analysis or the credit amount generated from the project's qualified basis (as potentially capped by the eligible basis limits). The determination of whether the credit amount reserved is needed for the financial feasibility and continued viability of the project shall include an examination as to whether there have been increases or decreases in project costs, other funding sources, or rental subsidies that would result in a higher allocation than needed. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. Any substantive changes to the project's financing plan or costs shall be explained in detail and may cause the project to be reconsidered by NJHMFA.

5:80-33.24 Reservations, allocations, and binding commitments

(a) Once the reservation is final as described at N.J.A.C. 5:80-33.22(b), projects must meet allocation criteria established by the Code and these rules in order to qualify for an allocation of tax credits. (The IRS does not recognize the reservation processes of housing credit agencies.) The deadline for meeting the allocation criteria described at (a)1 and 2 below is November 30 or the next business day if the 30th is a weekend or holiday. The deadline for meeting the 10-percent test required pursuant to 26 U.S.C. § 42(h)(1)(E)(ii) is six months from the date the carryover allocation agreement is executed by NJHMFA. The NJHMFA form evidencing satisfaction of this test must be completed and certified by an independent certified public accountant. Accrued developer fees in carryover basis shall not exceed the lesser of the fee earned to date or 20 percent of the total developer fee. On a case-by-case basis, NJHMFA may extend its filing deadline if the owner can show good cause; however, in order to defray the added expense and regulatory burden of processing allocation requests that arrive after the deadline, an extension fee of \$1,000 shall be payable to NJHMFA for each week or part thereof that the owner is late in submitting a complete pack-

age. NJHMFA reserves the right to rescind a reservation if a deadline is not met.

1. Owners requesting a carryover allocation shall submit their certification for carryover, which must demonstrate that all sources shown on the owner's carryover schedule are accurate and that the costs shown in eligible basis are allowable under the Code. Title ownership is not required for carryover allocations, but site control must be maintained. Projects receiving carryover allocations have until the end of the second year after the execution of the carryover allocation agreement to place the project in service.

2. Owners requesting an allocation for a building in the same year the building is placed in service may receive a carryover allocation or a placed-in-service allocation depending upon the building's placed-in-service date. A building must be issued an allocation no later than December 31 of the year it is placed in service.

i. If the building is placed in service on or prior to August 1, the allocating document shall be the IRS Form 8609 and the owner shall submit all requirements listed at N.J.A.C. 5:80-33.26 by the filing deadline established at (a) above.

ii. If the building is placed in service after August 1, and if the timing of the final project cost certification, permanent closing, and the like do not allow for the timely issuance of an IRS Form 8609 by December 31, a carryover allocation shall be issued to the project provided that the owner submits to NJHMFA an updated 10-percent letter from the partnership's accountant reflecting the new reasonably expected basis in the building.

(b) NJHMFA may, in its discretion, enter into a binding commitment to allocate credits from future years' tax credit authority to fund projects that successfully compete in additional tranches of the Cycles at N.J.A.C. 5:80-33.4, 33.5, and 33.6, subject to any set-asides thereunder, as the Tax Credit Committee may decide to conduct in its discretion, or projects in a competitive cycle affected by an error as determined by the Tax Credit Committee. In no event shall the project receive credits and/or a binding commitment exceeding the maximum eligible tax credit amount.

Projects requesting an allocation of tax credits shall pay a fee equaling two percent of the allocation amount over the 10-year credit period for NJHMFA-financed projects and three percent of the issuance amount over the 10-year credit period for non-NJHMFA-financed projects. One-half of the fee shall be paid at the time the allocation criteria described at N.J.A.C. 5:80-33.24(a) is submitted to NJHMFA. For projects requesting an issuance of tax credits from volume cap, the issuance fee shall equal two percent of the issuance amount over the 10-year credit period for NJHMFA-financed projects

and three percent of the issuance amount over the 10-year credit period for non-NJHMFA-financed projects. One-half of the fee shall be paid at the time the credit determination described at N.J.A.C. 5:80-33.9(a)1 is made. For both types of projects, the balance (adjusted higher if volume cap tax credit issuance increases) shall be paid prior to issuance of the IRS Form 8609. Allocation/issuance fees are non-refundable.

5:80-33.26 Obtaining IRS Form 8609: deadlines and extension fees

(a) The IRS Form 8609 is the form used by owners to claim the low-income housing tax credit. A form is issued for each building in the project that contains tax credit units. Prior to issuance of the IRS Form 8609, NJHMFA must receive all required information from the owner, including the allocation/issuance fee described at N.J.A.C. 5:80-33.25. For projects receiving credits from the nonprofit set-aside, this shall include an attorney's opinion letter stating that no for-profit developer or member of the investor limited partner held a seat on the nonprofit's board of directors. NJHMFA (or its authorized designee) may also conduct an on-site inspection of the project to confirm that all representations made in the project's tax credit application have been met. Upon completion of the NJHMFA evaluation (which includes the placed in service needs analysis) and attendance by the project owner or representative at an NJHMFA-sponsored compliance monitoring seminar, NJHMFA shall complete Part I of the IRS Form 8609 and forward a copy, as filed with the IRS, to the project owner. Owners should be sure to make copies of the signed IRS Form 8609, as a copy must be filed each year with Federal tax returns.

(b) The entire IRS Form 8609 request package, including the allocation/issuance fee described at N.J.A.C. 5:80-33.25

and the audit report, in a form acceptable to NJHMFA, must be submitted to NJHMFA within 90 days after permanent loan closing. On a case-by-case basis, NJHMFA may extend its filing deadline if the owner can show good cause; however, in order to defray the added expense and regulatory burden of processing IRS Form 8609 requests that arrive after the deadline, an extension fee of \$1,000 shall be payable to NJHMFA for each week or part thereof that the owner is late in submitting a complete package. NJHMFA reserves the right to recapture an allocation if a deadline is unmet.

(c) Failure of a project to fulfill all representations made in its application may result in a delay and/or non-issuance of the IRS Form 8609. At its sole discretion, NJHMFA may impose penalties for failure to comply with eligibility or point requirements, such penalties to include, but not be limited to, the imposition of financial penalties, a reduction in the allocated credit amount, or the unilateral cancellation of an allocation. Generally, a financial penalty or reduction in the amount of credits will be imposed in an amount commensurate with the violation. For example, if a project fails to meet the minimum expenditures pursuant to N.J.A.C. 5:80-33.15(a)6, credits may be reduced by or a financial penalty imposed in the delinquent amount, which amount may be affected by remedial measures, if any, taken in order to comply with the representation(s). However, NJHMFA reserves the right to unilaterally cancel an allocation for severe and/or persistent violations.

(d) IRS Form 8609 shall not be issued to projects that have a general partner, voting member, developer, or related party that owns a managing or controlling interest in a New Jersey LIHTC project with an uncorrected noncompliance until such noncompliance is corrected.

5:80-33.27 Placed in service needs analysis

(a) Pursuant to Section 42(m)(2) of the Code, NJHMFA shall conduct the last of its required needs analysis evaluations at the time the project is placed in service. The analysis shall be based on the project cost certification of an independent C.P.A. and the permanent financing sources (see N.J.A.C. 5:80-33.28). If the amount of the tax credit request is not needed for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the credit period, the amount of the tax credit shall be reduced to the needed amount.

(b) The determination of whether the amount requested is needed for financial feasibility and continued viability of the project shall include an examination as to whether there have been increases or decreases in project costs, other funding sources, or rental subsidies that would result in a higher allocation than needed. If NJHMFA has a reasonable basis for concluding the equity factor submitted by the applicant is inconsistent with market conditions, NJHMFA reserves the right to adjust the equity factor in its underwriting. The Code requires that NJHMFA reduce the credit amount based upon need; however, this does not mean that NJHMFA will jeopardize the long-term financial feasibility and viability of the project by arbitrarily taking back credits. For example, if the equity market improved so that projects were able to get better pricing from investors, NJHMFA would not necessarily reduce the credit on those projects that use the "excess" cred-

its to cover cost overruns or provide betterments in the projects such as upgrading the security system, landscaping, provision of appliances, such as washers, and the like. NJHMFA shall not allow these additional funds to be used to increase the developer fee over that shown on the application.

(c) For each needs analysis, a Sponsor Certification shall be submitted. Any substantive changes to the project's financing plan or costs shall be explained in detail and may cause the project to be reconsidered by NJHMFA.

5:80-33.28 Project cost certification and contractor fee limits

(a) An independent C.P.A. shall audit the development costs of the project in accordance with generally accepted auditing standards. A separate audit of the general contractor's costs, which includes a sampling of subcontractor invoices, shall also be submitted in order to verify consistency with the developer's cost certification. To make sure that the necessary paperwork is submitted to NJHMFA in a timely manner, owners shall ensure that the cost certification process begins immediately upon construction completion. NJHMFA reserves the right to require a compilation of the construction costs of the project as approved by an independent C.P.A.

(b) Contractor fee limits are as set forth at (b)1, 2, and 3 below.

1. NJHMFA shall approve only up to a maximum of two percent of the total hard costs for general contractor overhead expenses and up to a maximum of six percent of

the total hard costs for general contractor profit fees. Bonding and permitting fees are not permitted in calculations of overhead and profit.

2. Costs for general requirements and/or general conditions are indirect costs incurred during the construction of a project, exclusive of material and labor costs. These costs are administrative and facilitatory project costs, generally spread out over the course of construction. NJHMFA shall approve only up to a maximum of six percent of the total hard costs for general requirements and/or general conditions.

3. Limitations for general contractor overhead expenses, general contractor profit fees, and general requirements/general conditions costs are set forth in the Technical Services Design and Document Guidance Standards, available at <https://nj.gov/dca/hmfa/developers/techservices>. These limitations apply to applications submitted for both NJHMFA and LIHTC funding.

(c) For projects seeking IRS Form 8609 allocations and for projects with carryover allocations, where completion is scheduled to occur close to the end of the year, interim audits should be taking place throughout construction so that when the certificate of occupancy is issued, the final cost certification is virtually complete. For projects still incurring eligible costs, NJHMFA may consider the owner's projection of costs and basis incurred through the end of the first year of the credit period. The projection shall be based on executed contracts with contractors/vendors for amenities such as security system, playground, and landscaping.

(d) In addition to the audit report, the owner shall submit a Sponsor Certification for Placed in Service showing all sources, uses, and eligible basis items, as well as the pricing from the limited partner investor.

The agreement shall be recorded in order to claim the tax credits when filing Federal tax returns. Owners must complete NJHMFA's deed of easement and restrictive covenant at the latter of the carryover allocation described at N.J.A.C. 5:80-33.24(a)1 or acquisition of the property. 5:80-33.32 Compliance monitoring

(a) The owners of all projects with an allocation of low-income housing tax credits must contact NJHMFA's compliance monitoring section before the project is placed in service and prior to rent up. In addition, the owner must submit to NJHMFA a copy of the completed IRS Form 8609 (Part I completed by NJHMFA and Part II completed by the owner) within 30 days of completion of Part II of the IRS Form 8609 and the filing thereof with the Internal Revenue Service. This form contains information necessary for NJHMFA to monitor

the project for compliance. Failure to submit a copy of the completed IRS Form 8609 within the specified time frame may constitute noncompliance and may be reported by NJHMFA to the IRS.

(b) The owner of a tax credit project shall agree to submit to NJHMFA copies of any correspondence, notice, or other document the owner receives from the Internal Revenue Service regarding compliance or noncompliance issues, audits, or other forms of communication regarding their low-income tax credit project(s).

(c) Owners shall submit to NJHMFA on an annual basis a copy of the project's most recent audited financial statements, including a detailed income and expense schedule and vacancy rate calculation by January 31.

(d) Owners/agents are required to keep records for each qualified low-income building in the project that show for each year of the compliance period the following information:

1. The total number of residential rental units in the building, including the number of bedrooms and the size in square feet of each residential rental unit;
2. The percentage of residential rental units in the building that are low-income units;
3. The rent charged on each residential rental unit in the building, including any utility allowances;
4. The number of occupants and the number of full-time students in each low-income household;
5. The low-income unit vacancies in the building and information that shows when and to whom the next available units (whether market rate or low-income) were rented;
6. The annual income certification of each low-income household;
7. Documentation to support each low-income tenant's income (that is, income verification from third parties such as employers or agencies paying unemployment compensation). Tenant income is calculated in a manner consistent with the determination of annual income pursuant to Section 8 of the United States Housing Act of 1937, not in accordance with the determination of gross income for Federal income tax liability. In the case of a tenant receiving housing assistance payments pursuant to Section 8, the documentation requirement is satisfied if the public housing authority provides a statement to the building owner declaring that the tenant's income does not exceed the applicable income limit pursuant to Section 42(g) of the Code. For 100-percent tax-credit properties, an initial certification shall be required at move-in, followed by a recertification on the one-year anniversary of move-in. Recertification shall no longer be required in subsequent years, provided the property continues to operate as 100-percent affordable. While a resident shall still be required to complete the Tenant Income Certification and other forms on an annual basis, third-party verification of income shall no longer be required;

8. The eligible basis and qualified basis of the building at the end of the first year of the credit period; and

9. The character and use of the non-residential portion of the building included in the building's eligible basis under Section 42(d) of the Code (that is, tenant facilities that are available on a comparable basis to all tenants and for which no separate fee is charged for use of the facilities, or facilities reasonably required by the project).

(e) Owners/agents are required to retain records for each qualified low-income housing project as follows:

1. Owners/agents are required to retain the records described above for at least six years after the due date (with extensions) for filing the Federal income tax return for that year.

2. The records for the first year of the credit period, however, shall be retained for the entire compliance period plus six years beyond the due date (with extensions) for filing the Federal income tax return for the last year of the compliance period of the building. Therefore, records for the first year of the compliance period shall be retained for a minimum of 21 years. If credits were allocated based on a compliance period that was greater than 15 years, all first-year records shall be retained for six years beyond the compliance period. (For example: If credits were allocated in 1996 based on a compliance period of 25 years, all first-year records must be retained for 31 years or 25 years plus six years.) Records for each year thereafter shall be retained for six years after filing the Federal income tax return for that particular year.

(f) The owner/agent of a low-income housing project shall certify, under penalty of perjury, that it has complied with the low-income housing tax credit restrictions of the Code, the Qualified Allocation Plan, and the project's tax credit application by providing an Owner's Certificate of Continuing Program Compliance to NJHMFA. The Owner's Certificate of Continuing Program Compliance shall be sent annually to NJHMFA for each year of the compliance period for the preceding 12-month period and contain the following:

1. That the project met the requirements of the 20-50 test under Code Section 42(g)(1)(A), the 40-60 test under Section 42(g)(1)(B), or the Average Income test established under the Consolidated Appropriations Act of 2018, whichever Federal minimum set-aside test was applicable to the project, and, if applicable to the project, the 40-50 HOME test under Section 42(i)(2)(E)(i) and the 15-40 test under Sections 42(g)(4) and 142(d)(4)(B) for "deep rent skewed" projects;

2. That there was no change in the applicable fraction of any building in the project (as defined by Section 42(c)(1)(B) of the Code) or that there was a change and a description of the change;

3. That the owner received an annual income certification from each low-income tenant and documentation to

support that certification, or, in the case of a tenant receiving Section 8 Housing Assistance Payments, the statement from a public housing authority declaring that the tenant's income does not exceed the applicable limit under Section 42(g) of the Code;

4. That each low-income unit in the project was rent-restricted pursuant to Section 42(g)(2) of the Code;

5. That all units in the project were for use by the general public and used on a non-transient basis (except for transitional housing for the homeless provided under Section 42(i)(3)(B)(iii) of the Code);

6. That each building in the project was suitable for occupancy, taking into account local health, safety, and building codes (or other habitability standards), and the State and local government unit responsible for making building code inspections did not issue a report of a violation for any building or low-income unit in the project;

7. That there was no change in the eligible basis (as defined in Section 42(d) of the Code) of any building in the project or, if there was a change, the nature of the change (that is, a common area has become commercial space, or a fee is now charged for a tenant facility formerly provided without charge);

8. That all tenant facilities included in the eligible basis under Section 42(d) of the Code of any building in the project, such as swimming pools, other recreational facilities, and parking areas, were provided on a comparable basis without charge to all tenants in the building;

9. That if a low-income unit in the project became vacant during the year, reasonable attempts were or are being made to rent that unit or the next available unit of comparable or smaller size to tenants having a qualifying income before any units in the project were or will be rented to tenants not having a qualifying income;

10. That if the income of tenants of a low-income unit, which was previously verified, increased above 140 percent of the applicable limit allowed at Section 42(g)(2)(D)(ii) of the Code, the next available unit of comparable or smaller size in the project was or will be rented to tenants having a qualifying income;

11. That an extended low-income housing commitment as described at Section 42(h)(6) of the Code was in effect for buildings subject to Section 7108-(c)(1) of the Revenue Reconciliation Act of 1989, including the requirement pursuant to Section 42(h)(6)(B)(iv) that the owner cannot refuse to lease a unit in the project to an applicant because the applicant holds a voucher or certificate of eligibility pursuant to Section 8 of the United States Housing Act of 1937, 42 U.S.C. §1437f. In addition, that the owner did not refuse to lease a unit to an applicant based solely on their status as a holder of a Section 8 voucher and the project otherwise meets the provisions, including any special pro-

visions, as outlined in the extended low-income housing commitment;

12. That no finding of discrimination pursuant to the Fair Housing Act, 42 U.S.C. §§ 3601 through 3619, occurred for the project. A finding of discrimination includes an adverse final decision by the Secretary of Housing and Urban Development, 24 CFR 180.680, an adverse final decision by a substantially equivalent State or local fair housing agency, 42 U.S.C. § 3616a(a)(1), or an adverse judgment from a Federal court;

13. That if the owner received its credit allocation from the Nonprofit Set Aside (Section 42(h)(5) of the Code), the nonprofit entity materially participated in the operation of the development within the meaning of Section 469(h) of the Code;

14. That there was no change in the ownership or management of the project or, if there was a change, a description of the change;

15. That the rent charged to each existing tenant (excluding any rental assistance) did not increase by more than 5.00 percent annually, including any increase due to changes in utility allowance calculations;

16. That the property management office had office hours of at least 20 hours a week;

17. That the owner notified each applicant and tenant using Form HUD-5380 (Notice of Occupancy Rights under the Violence Against Women Act) and Form HUD-5382 attached thereto of their rights and protections pursuant to the Violence Against Women Act of 1994, 34 U.S.C. § 12291, as amended by, among other acts, the Violence Against Women Act Reauthorization Act of 2022, Pub. L. No. 117-103, 136 Stat. 840, and pursuant to HUD Final Rule Violence Against Women Reauthorization Act of 2013: Implementation in HUD Housing Programs, 81 Fed. Reg. 80724 (Nov. 16, 2016);

18. That the owner registered and posted the property on the New Jersey Housing Resource Center (HRC) and has actively updated property information pursuant to N.J.S.A. 52:27D-321.3. The HRC is located at <https://nj.gov/njhrc>; and

19. That the owner registered in HMIS and submitted data for all units reserved pursuant to N.J.A.C. 5:80-33.15(a)22 for individuals and families that are experiencing homelessness. For training in HMIS data entry or to learn more about HMIS, visit the Division of HMIS website at <https://nj.gov/dca/hmfafa/about/hmis/index.shtml>.

(g) As required by the Housing and Economic Recovery Act of 2008, P.L. No. 110-289, owners are required to submit, on an annual basis, data pertaining to the residents of

LIHTC-funded units. Such data must contain, but is not limited to, income, rental assistance, disability status, monthly rental payment, race, ethnicity, family composition, and age.

the second calendar year following the year the last building in the project is placed in service. NJHMFA also reserves the right to perform an on-site inspection of any low-income housing project through the end of the extended use period and to have access to all books and records that would document compliance.

(b) On an annual basis, owners of at least 33.33 percent of all tax credit projects shall submit to NJHMFA for compliance review the following information for a minimum of 20 percent of all low-income units (units shall be identified by NJHMFA):

1. A copy of the annual income certification for the household;
2. The documentation the owner has received to support the certification; and
3. The rent record.

(c) NJHMFA (or its authorized designee) shall also, on an annual basis, select 33.33 percent of all tax credit developments and perform physical inspections of the low-income units corresponding to (b) above to determine suitability for occupancy, taking into account State and local health, safety, and building codes. NJHMFA (or its authorized designee) shall also perform physical inspections of every building and every vacant unit in the development. If NJHMFA (or its authorized designee) determines a violation(s) exist(s) that could render a building unsuitable for occupancy, such violation may be considered an issue of non-compliance, which must be reported to the Internal Revenue Service. The owner shall be given a reasonable period of time within which to correct the violation(s). At the end of the correction period, NJHMFA shall notify the IRS whether the owner has or has not corrected the violation(s). Such violation(s) may also be reported for appropriate action to the Division of Codes and Standards, Bureau of Housing Inspection in DCA.

5:80-33.37 Exchange of credits

(a) A sponsor may return previously allocated credits to the Reserve in exchange for an allocation of current year credits or, at the discretion of NJHMFA, a binding commitment to allocate credits from future years' tax credit authority if the exchange is made after September 30, in an amount not to exceed the amount of the returned credits, if the sponsor establishes to the satisfaction of the Tax Credit Committee that the sponsor, despite its timely and diligent efforts, is in jeopardy of failing to meet the placed-in-service deadline for the building with respect to which the prior credits were allocated as a result of either:

1. Litigation that the sponsor could not reasonably have anticipated at the time of application submission; provided, however, that the sponsor has used its best efforts to obtain expeditious review; or
2. Catastrophic events that the sponsor could not reasonably have anticipated or controlled.

(b) To qualify for the exchange permitted in this section, the sponsor must provide the Tax Credit Committee with evidence of:

1. The due diligence performed by the sponsor in attempting to meet the placed-in-service deadline;
2. The specific circumstances causing the delay that jeopardizes the sponsor's compliance with the placed-in-service deadline;
3. The attempted remedial measures taken by the sponsor in order to mitigate the delay; and
4. Any other information that may be requested by NJHMFA staff on behalf of the Tax Credit Committee.

(c) To be eligible for the exchange permitted under this section, the sponsor must establish to the satisfaction of the Tax Credit Committee that:

1. The project with respect to which the prior credits were allocated will meet the Energy Star requirements set forth in the QAP in effect at the time the exchange is requested, if applicable to the type of building; and
2. The project would receive at least 65 percent of the maximum score under the QAP in effect at the time the exchange is requested, based on the point system applicable to the type of project for which the exchange of credits is sought. Negative points related to the full return of tax credits to NJHMFA under the QAP in effect at the time the exchange is requested shall not be imposed based upon an exchange pursuant to this section.

(d) A sponsor who receives an exchange of credits as provided in this section, as well as any affiliate entity effectively under the sponsor's control and any entity that is a related party with respect to the sponsor, shall be precluded from applying for tax credits for a new project for all tax credit cycles in the round following the day on which the Tax Credit Committee approves the exchange. When the sponsor, affiliate entity, and any related party may again apply for tax credits for a new project, negative points related to the full return of tax credits to NJHMFA under the QAP in effect at the time the exchange is requested shall not be imposed based on an exchange pursuant to this section.

(e) No more than one exchange of credits may be approved with respect to a given project, but a sponsor may, in a single application, ask to exchange more than one year's allocation of credits.

(f) To request an exchange of credits, a sponsor must submit to the Tax Credit Committee, by no later than November 1 of the year in which the project is required to place in service based on the original allocation, a letter setting forth the reasons justifying the exchange and including the following:

1. A Sponsor Certification for Reapplication;
2. The reapplication fee set forth at the QAP's fee provision in effect at the time the exchange is requested;

3. Evidence of the project's continued eligibility under the requirements of the QAP as in effect at the time of the original allocation; and

4. Evidence of the project's continued financial feasibility as required at 26 U.S.C. § 42.

(g) Projects that request an exchange of a binding commitment of credits shall be subject to the timing, application, and eligibility/justification limitations and requirements of this section.
